Respected Mayor Dyer,

We join the Americans in their grief over the Orlando massacre. It has to be treated as an attack on human race in a ghastly inhuman manner. The questions come as to how to contain the influencers for such crimes?. As per news reports, the culprit had been questioned by FBI earlier. The period, post this questioning and his act,

reflects that the fear of local authorities was forced to be wiped through intensive counselling either by internal elements or by external forces. Many channels might have been be used. But are these channels controllable in a democratic society ? More so when culprits are local citizens ,as in the instant case and earlier in case of Paris attacks . The concerned agencies may already be probing in-depth on this issue. Solutions will have to be found quickly. The world continues to look, Sir, for new measures for the tackling of changing patterns of terror, like the Orlando massacre. May the departed souls rest in peace and God gives courage to their families to bear the loss. With the best possible medical care available, I am sure that those injured shall recover soon.

Subject: Poem (for Orlando)

I hope you find some time in your day to read this, considering the fact I write and send a poem about every incident similar to this, to the mayor of the state in which the tragedy left scars in!

Everytime a tragedy happens I always wanna write about it. And it's not cause I want to, it's cause I FEEL the NEED to even if it doesn't reach the victims themselves. It makes me feel better as an individual and citizen of this country when I express my emotions through my poetry because words = power and the man above knows how I deeply feel about every event that takes action.

" Sad Story, here's a message "

The odds fall evenly in the hands of empowerment
And that's sad because a content individual gets walked on and injected with discouragement
An event takes a toll on every human whose wholehearted
Gay supporter or not there were still lives that were departed (Pray for Orlando 🙏 ·)

Or taken should I say since they were massacred that Sunday
Something that occurred so fast like two race cars in the runway
Unaware of any danger that was arrowed towards their driveway
Their lives were put on park cause the car thief believed they lived life the wrong way

When an event such as, takes action we come together
But why wait for the unity to occur after a deadly weather?
Everybody has their choice but you cannot judge because you aren't better
All this ranting about peace but going against your own kind isn't making things better

We live in a country where our dreams aren't always satisfied
Our rights are overpowered so authorities aren't dissatisfied
Every system in this country picks and chooses what is and what isn't rectified
Gun laws are getting weaker as America grows more terrified

Racism supposedly left, but if that's the case I can live without water
I'll dispose an igloo in the sunlight, filled with hope that it won't be bothered

Since when is the past of America completely unawakened?
When every event that takes place slams us all against the pavement
A murderer gets life but they give a few months to a rapist?
Psychologically murdering a female without ever being sanctioned

See this world is hypocritical now I know why the grounds are shaking
Earthquakes are the headaches from the world projecting hatred
Moving backwards slowly, squinted eyes spotting the paintings
Every law is a disguise to cover up what's still remaining

We're retracing our footsteps landing the land of the free back in history
Yelling "Make America great again" when greatness was always kept a mystery
A country with equality, Rights, Liberty, democracy and opportunity
Yet it's the whites in control living lavish while everyone else lives miserably

My prayers sent to Orlando, here's a message with no sin
Same sex color or origin we still shed the same amount of skin
We all sin, and win from within, we are EQUAL no matter the situation you're in
We need less judgement and more support to make "America great again"

Here's a message to the world just in case this makes it out
Whether the weather is sunny rainy or snowy or you're in floods or in a drought
Always look at your surroundings and look up and embrace the clouds
We are all human, it's time to step and get our voices out

Here's a message to the gay community, don't ever stop being yourselves
We live under the same skies if you're in need there's always help
Don't let a tragedy like this take a toll on your thinking
As long as you're happy that's all that matters, who cares what anyone else is thinking

Here's a message to those of you who are crucially judgmental
If situations don't involve you, why not handle it being gentle?
Or even better yet, why can't you just mind your business?
A life should never be taken just cause you don't think they don't take life serious.

Every one of my prayers and condolences are paid to the families of the victims of the deadly
Pulse shooting that occurred June 12, 2016 in Orlando, FL, and I wish a speedy recovery to the
survivors of this incident🙏🙏🙏🙏 ORLANDO STRONG!

Much love and support from Lawrence, MA

Sincerely, Jason Rodriguez

Last night I met your lovely wife Karen through her law partners invitation to a Brooklyn Public Library event. I have worked my entire career in local government as a city department director, so we had a lovely chat on the importance of what you do and how challenging it can sometimes be. Local issues are very important to our public and I can remember long evenings at council meetings, well past midnight when an issue resonated with the public. All this to say that I so admire you and your teams efforts during these very sad times and that good local leaders are the heart of a what makes our country great, in good times and during tragic times.

In the wake of the deadliest terrorist attack in the country since the Sept. 11, 2001 attacks, the head of the Federal Bureau of Investigation said his agents will review their past interactions with the man who killed 49 people early Sunday morning in a popular Orlando gay nightclub.

In speaking with the media Monday, FBI Director James Comey said the agency first contacted Omar Mir Seddique Mateen, 29, in May 2013. At the time, he worked as a contracted security guard for a Florida courthouse and allegedly made claims he was a member of Hezbollah and had family connections to al Qaeda. Dear Ms. Tanner,

Thank you for your kind words of support and for the absolutely beautiful depiction of Orlando. It is inspiring. Please thank your granddaughter!

Yesterday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

I have recently and inadvertently come into contact with an individual who purports to be located in the UAE I have gotten a total of 4 telephone calls from him and a boatload of whatsapp text from an associate of his of which I've saved all of the caller I.D notations and text. This man carries a thick Indian accent. He has admitted to financing the Manchester United football stadium bombing in the U.K.”

“In a telephone call on May 18th at 2:10 pm he offered a large amount of USD to do some major damage here in central Florida. He wants it done on the 4th of July and tells that he has 3 operatives already paid if I am not interested. I dragged him on and said I needed time to sleep on it. He did say if I backed out or failed I could look over my shoulder for death every day for the rest of my life.”

“As this is a holiday weekend and I took a few steps to substantiate this morons credibility I don't feel it's coming this weekend but the 4th of July is close. He told me he hasn't given up on the football games and has operatives paid to make a mess in that stadium soon.”

“I was impressed with your background and I don't put an ounce of trust in any government agency in any investigation whatsoever. I'm hoping to work with you somehow in making the report of my findings to the right agency and approaching both the Man U. club and the central Florida corporation to come to an agreement of some type of my turning everything in and my guaranteed testimony when it comes to that.”

I believed I was not needing to beg immunity but would give it all and sign to testify to be left alone.

As soon as the FBI hits this bank account in Dubai I'm dead. But it's got to be done and I believed this guy a moron until I couldn't trip him up.

“David, Bill Bruneau here,

He told me most times secret accounts are set up in Dubai and the money just transferred into those accounts for the terrorist payment. The phone call from the lab hardline was where Dr. Rice who was ultimately referred to as the "Sheikh" offered me 25 million USD to take out Disney. He told me if I accept to tell his man, who I am texting and if I back out or fail I can look over my shoulder for life waiting to die.

The "Sheikh told me he has 3 WDW employees already paid to do the job if I decide not to and they know of the consequences of their failure. The act is to be completed soon but not within the week my text told me. The story has a few other twists that bring belief; "beyond a reasonable doubt". I felt probable cause at the text of how the money is brought in paper worldwide. The Disney offer was the nail that made me decide that it's got to be looked into by someone above me.

What takes all the wind out of their sails if the stadium incident is truly a failed training exercise then it all goes in the toilet and kills their credibility. If it's true my testimony and hard copy evidence is what will be needed and should give me immunity. My issue was finding the truth in the stadium bombing.

My reaching out to you was the reason to get direction. I've worked with everyone who be involved and don't trust them to do anything right (no offense). The numbers in the subject line is the hard line I was called from

I would appreciate your feeling on it.

There is so much to say
There is nothing to say
Words seem weightless now
Appearing as a smokey vapor
That swirls about and disappears

What is there to say now
That has not been said before
And before that and before that
The tears we now cry together
Tears shed today blend merging

With heartbroken tears cried
Last week last month last year
Mourning the tragic body count today
Our tears yet cried in anticipation
Of the tragic body count tomorrow

Knowing too well that this tragedy
Knowing too well the killing of innocents
Will happen again and again and again
This is our shame
We let this happen

As a nation we cry over our loss
While refusing to remove the weapons
That flood our nation as a senseless right
There is so much to say
There is nothing to say

Still we must cry today
For those who were taken away
Without meaning taken
We cry too for us who here remain

This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

We are focused on identifying the victims and notifying their families. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: 407.246.4357. Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at 407.228.1448.

We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

Subject: Assistance during this tragedy

Mayor Dyer,

First, I would like to offer my deepest sympathy for the tragedy that has fallen upon Orlando. Like many in the world feeling helpless during these times and looking for a way to possibly help relieve some of the weight this must be putting on all those involved, I would like to make an offer.

We have been providing software to governments for 18 years and I am not selling anything but offering to provide this proactive technology to your community to help disseminate information as it becomes available in an organized proactive manor both for your website an on mobile. We have provided this to other communities in the past experiencing an event and needing to easily share updates and status to the community as well as loved ones far away.

I can work with your public information team to quickly stand this up and give you another communication vehicle. Should this be of interest, please have someone from your team reach out. We will do the lifting and hopefully give your team some much needed help. Again, this is not something I am trying to sell but instead just assist.

Our prayers are with your community,

Subject: your tragedy

Dear Mayor Dyer,

Orlando is the home of my birth, and I lived in Winter Park for my first fourteen years. I returned to Central Florida later for another twelve years.

I am heartbroken for the victims of the Pulse tragedy and their families as well as for the precious survivors who will continue to relive this nightmare. I grieve my for my home city as a whole.

Yesterday I e-mailed my Texas senators, congressman, and leaders of both parties to FINALLY ban assault weapons. I am a gun owner, and I know I don't need this type of weapon for my protection. Please consider an Orlando petition to do the same.

God bless my Orlando.

Sincerely yours,

Phyllis Bichard Hayes

Dear Mayors,

Though the words thank you seem woefully inadequate, I want to express my gratitude to the community that makes up the U.S. Conference of Mayors for the outpouring of support I have received from you for the people of Orlando. From all over the country your personal words of kindness and support, offers of assistance, lighting of City buildings, vigils and the many other public gestures have served to hearten, sustain and strengthen us. Thank you.

This past Sunday was the most horrific day in the history of the City of Orlando. And yet, I have never been more proud of our community because of the way they have come together, united with a singular focus of supporting the families and friends of the victims.

The heroic acts of our Orlando Police Department as well as other law enforcement, and the actions of our citizens no doubt saved lives throughout that night. The medical personnel in our City were tireless as they worked to save the lives of those transported to their hospital. They are heroes.

I cannot overstate the gratitude I have for the dedication of our City employees. Through long hours, they have helped in every way possible to lead our City through this weekend's events.

We will be a better City because of this. We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Subject: So it has happened again

Having trouble viewing this email? [Click here](#)

Good morning Mayor Dyer,

So, it has happened again. Another tragedy. Another act of hate. Another eulogization of innocent lives needlessly extinguished. More strong words. More debates on social media over who to blame, what to do and how to recover. More name calling and finger pointing, and...it's getting old. Really old.

How do I explain this to my kids? How did you explain it to yours? How do I go back to work and ignore this sick feeling in my stomach? How do I tell my friends in the LGBT community that I am sorry, so incredibly sorry? How do I express my feelings to my peace-loving Muslim friends - businessmen and fathers and Orlandoans, just like myself? How do I tell them that I know that the perpetrator of this crime does not represent Islam, and that I am so sorry that they cannot walk through the mall without getting "those" looks?

For 30 years, the Holocaust Memorial Resource and Education Center of Florida has worked tirelessly to teach people what happens when we fail to treat each other with respect. For three decades, we have hosted event after event, opening up dialogue and celebrating our differences. Since 1986, we have committed ourselves to using the lessons of the Holocaust to rid the world of anti-Semitism, prejudice, bigotry, racism and hate of all kinds.

And yet it has happened again. A hate-fueled massacre. The lives of 49 beautiful individuals cut short because ... well, I don't know why.

And again, I ask, what do I tell my children? How do I make them feel safe? How do I ensure that they are proud of who they are, proud of what makes them different? And how do I convince them that it is their responsibility to stand up for their friends, to love everyone no matter who they love, who they pray to and where they come from?

It has happened again, and I don't understand it. It has happened again, and I have more questions and very few answers. It has happened again, and I feel powerless, except that's not exactly true. I still have the power of my voice. And I still have the power of my actions. So those are the powers I will use. I will speak out and condemn the actions of the perpetrator of this crime. I will speak out in support of the LGBT community. I will give my peace-loving Muslim friends a hug. A big hug. In public.

And, I will continue to expand the efforts of the Holocaust Center and our partnerships with every other organization in our community that is committed to peace and love and a greater understanding and acceptance between people who are more similar than they are different.

It has happened again, and the best thing we can do is to work harder and commit ourselves more fully to using the lessons of the Holocaust to end hatred of all kind and hate-fueled violence in all places.

Peace,

Subject: The Light that shines in darkness

Mr. Mayor,

My heart and prayers go out to all those who have suffered loss in your city resulting from the mass shooting of Sunday morning, June 12.

This morning, you were shown on CBSN (not live).
I heard you to say, “The light shines in the darkness and the darkness has not overcome it.”
You said you were quoting the Bible and, in fact, this is John 1:5.

Unfortunately, you went on to say that the people of Orlando are this light.

Your Honor, the people of Orland are not this light.
John 1:1-5 is clearly speaking about Jesus Christ as this light.

While I do not take personal affront at this, I do feel compelled to inform you of this important distinction.
In other places in Scripture, Christians are considered light (e.g.: “the light of the world” Matthew 5:14)
Had you referred to this Matthew passage you might equate the people of Orlando with the light of the world (Christians), as I am sure there are many Christians in your city.

You, however, (I will assume unknowing) equated the people of Orlando with Jesus Christ.
While Christ’s love and presence is certainly there in Orlando and its people, this does not make them Jesus Christ and they are not the light referred to in John 1:1-5.

I hope you will consider this constructive criticism and will find an opportunity to correct this error as publically as you made it.

Should you decide to do so, I would appreciate you letting me know how you have done so.
While one cannot un-pluck a chicken, you can perhaps do something to acknowledge that (according to the Bible) Jesus, and not the people of Orlando, is the light that shines in the darkness which the darkness cannot overcome.

Peace,

Russell Camp

As the night wound down at a popular Orlando nightclub, a cowardly act of hatred took the lives of friends and families. They were brothers and sisters, sons and daughters, loving partners, but most of all they were a group of people whose human right to safety was taken away.

Latino Leadership's Board of Directors, volunteers, and staff extend their deepest condolences to the families and friends that have been impacted by this harrowing act of hate. It is in wake of this tragedy that we hope to bring to light the importance of unity and acceptance within the community.

We pride ourselves in being an integral part of the Latino grassroots network in the Greater Orlando area. Orlando is home to a large and growing Latino and LGBTQ community. A Latin night was hosted where both of these communities came together, as a night of celebration.

Many of the victims are members of our community. As an undivided community we are united in strength and solidarity, keeping in mind the needs of those affected. The issues that will continue to arise in the aftermath of this tragedy will be culturally sensitive, thus we are ready to help our families in the process of healing. We must come together collectively, as a family, to address issues of acceptance within our own community.

Subject: One Fund Orlando

Good Morning,

After the Boston bombing, the mayor's office along with the governor at the time established One Fund Boston, to help the more than 200 injured and the families of the 4 who died. The fund raised around \$75 million which went to cover hospital cost, rehab and so much more. Kenneth Feinberg, administered the fund free of charge. He is also the individual who administered the funds after 9/11.

Something to consider as many of these young people will not have the insurance necessary to pay bills that will go on for some time. Also the families of the deceased will need financial assistance to bury their family member.

God Bless Orlando

SIRS,

My love and prayers and sympathy to the CITY OF ORLANDO, most especially to your FIRST RESPONDERS ! MY DEAR GOD THE HORROR THEY WITNESSED !

Many efforts are being made for the injured in the horrific events of last Saturday night indicative of the kind nature of people and indeed that kindness and responsiveness is reassuring to see.

My concern here is for the FIRST RESPONDERS ! I want to honor them !

My heart and mind grieves for them, for what they witnessed and for what they will have to live with for the rest of their lives. I could never put into words the respect and gratitude I feel for FIRST RESPONDERS, FIRE, POLICE, EMTs, EMERGENCY MEDICAL DEPARTMENTS. The COLUMBINE MASSACRE brought home to me the implication of what they witness, then 911. Thinking deeply about what those brave FIRST RESPONDERS witness_____ my heart broke for them. We need to recognize and honor them in greater fashion than we do !!!!

Soon after that I created and for several years maintained a large roadside garden to honor them (at the time, I lived across from a FIRE STATION in Chapel Hill). Indeed, three of my own children are FIRST RESPONDERS in various cities !

Here in Seattle we have the very impressive MEDIC ONE ! I confess I do not know and could not determine if this is a part of FIRE DEPARTMENTS nation-wide . Does Orlando have a MEDIC ONE unit?

I would like to do something to honor the FIRST RESPONDERS who ministered to the horrific events of last Saturday / Sunday in Orlando ____ I do not mean just sending flowers ! Although my contribution will be a modest one, I want it to be directed to them.

MEDIC ONE is an organization I BELIEVE AND KNOW. Even a small contribution to MEDIC ONE would be meaningful and worthwhile! Is there one in Orlando? If not, may I ask your advice on an alternative .

Thank you and God Bless the CITY of ORLANDO !

Subject: Memory Bears for Families

Mayor Buddy Dyer,

My name is Heather Poole and I would like to start this email with a big thank you. Thank you for your support during this time, and thank you for taking the time to open this email. Today I will begin making 49 memory bears for the families of the victims of this weekend's events. I want to give them something to hold on to in the wake of having so much taken away from them. It is a small token, but I am hopeful it will represent the support Orlando is sending them.

I do not know how to get these bears to the next of kin, so I am hoping you can help. I obviously don't want addresses or personal information; I'm sure these families are being hounded by enough people. But I am asking for your assistance in getting the bears to the families. Any help would be appreciated.

Again, thank you so much for your time and support.

Many pipeline integrity issues start (and are conversely, averted) at the construction stage. Pipeline design and construction are at the heart of a safe, efficient pipeline network.

The U.S. Department of Transportation (DOT) establishes minimum safety standards for the design, installation, and construction of pipeline facilities. In recent years, the DOT's Pipeline and Hazardous Safety Administration (PHMSA) has stepped up efforts to interpret its construction and design oversight authority and to take an active role in monitoring pipeline projects for compliance before pipe is laid in the ground.

In this **New Construction Inspection and Regulations for Pipelines** web series, our instructors take you through new

The men and women of O.F.D, O.P.D, Orange County Fire Rescue and other public safety agencies that responded to this incident did so in a manner that I could not be prouder of. We will rise above this, will continue to take care of each other, and take care of the citizen's and visitors of Orlando that we have sworn to protect! Please keep us in your prayers.

Nanny State of the Week

Dear John,

It's said that there are four seasons in Alabama:
"beach, football, Mardi Gras and crawfish."

Guess which one the nanny state wants to shut
down?

No, it's not Mardi Gras, but rather the most innocent-sounding one of all:
crawfish.

Free outdoor crawfish boils are common along the Gulf Coast, where they are social events and frequently double as charity fundraisers. According to government bureaucrats, however, boiling crawfish outdoors presents some sort of public hazard. Health inspectors in Mobile County are cracking down on bars for holding these events outdoors rather than boiling their crawfish in the kitchen, as regulations apparently require.

Bars have been holding outdoor crawfish boils for decades, and there don't seem to be any records of people getting sick or being otherwise endangered by these tasty crustaceans.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

This is a stunning lack of leadership. If outright racism isn't enough to disqualify somebody from serving in the White House, I don't know what is.

Just this week, Trump even doubled down on his plan for a "total and complete shutdown of Muslims entering the United States," now saying he would expand the ban to include entire "areas of the world."

Dear Mayor Dyer,

It is with regret that Sunday morning's horrific tragedy serves as the occasion for this introduction. As Mayor-President of Lafayette, Louisiana, I reach out to offer my deep and sincere condolences to the City of Orlando.

Like you, I am the Mayor of a vibrant and culturally rich community. And like you, I am the Mayor of a community that was shaken to the core when two innocent women lost their lives, nine more were shot and countless others were left with scars that may never heal from a movie theatre shooting on July 23 of last year. Like Orlando, Lafayette chose to not be defined by the tragedy itself, but instead by how we responded to it.

A tragedy of this magnitude can tear a community apart and I commend you and your administration for strong leadership during this unimaginable time. The Orlando Police Department's leadership also deserves high praise for their acts of heroism, which undoubtedly saved dozens of lives. You must be proud of the citizens of Orlando, representing the true heart of your community, who are committed to stand united, not divided.

As the coming days reveal even more pain for your community, we will keep you in our thoughts and prayers. We have meaningful experience with this type of tragedy and we stand ready to provide the support needed. As your community grieves and begins the healing process, please know that you have an ally in Lafayette, Louisiana.

I hope you will let me know if my administration or the Lafayette Police Department can offer our resources, support, or services.

Very sincerely yours,

Dear Mayor Dyer,

The Restoration Industry Association (RIA) joins the country in its mourning for the senseless tragedy to befall your great city. We, like all Americans, were saddened by the horrific events of Saturday evening. As restoration professionals, we understand the scope of the cleanup project that faces the city and we would like to volunteer our resources to assist in the cleanup effort.

We offer you and your staff the attached RIA Forensic Restoration Guidelines to help assist with the clean-up and restoration of the bio-hazards found within the crime scene. These Guidelines have not yet been published but we thought they could help you and your staff as you begin to undertake the effort of cleaning the crime scene.

The Guidelines were developed by industry leading experts and have been peer reviewed by a wide array of restoration professionals focused on biohazard remediation. One of the guideline co-authors, Jeff Jones, has over 43 years of field experience in forensic restoration. He is the current chairman of RIA's Forensic Council, a former SWAT team leader, veteran and the youngest person to attend the FBI academy. Jeff is willing to serve, on behalf of RIA, as a volunteer resource for your office if you would like assistance remediating the scene.

The Restoration Industry Association stands ready to assist in any way we can.

Subject: Celebrated Musician Amir Vahab to Perform at AIC Metropolitan Club Event!

Dear Friend,

We are pleased to announce that celebrated musician Amir Vahab will perform his style of sufi and folk music at AIC's Metropolitan Club event on June 20th!

Mr. Vahab will join *Simpsons* writer and 'Iranophile' Mike Reiss, civil rights leader and former US Ambassador to the UN Andrew J. Young and other distinguished individuals for this major event.

Seats are limited. [Register now](#) before the event sells out.

The New York Times calls him the "ambassador for a silenced music." Honored as a peacemaker and virtuoso, [Amir Vahab](#) is one of New York's most celebrated and distinguished composer/vocalists of sufi and folk music. The virtuosos of Amir weave fiery instrumentals and songs of the historic lands of the Middle East and Central Asia; his work transcends political boundaries while maintaining traditional sensibilities in a way few artists can manage.

Amir Vahab's music is rooted in tradition, but has been influenced by contemporary sounds. Like Amir himself, his music symbolizes diversity-in-unity.

His performances have been recognized worldwide and have inspired many music students. Amir Vahab is currently teaching and lecturing private and group classes in universities, libraries, museums and cultural centers and organizes music therapy and sound healing workshops. Subject: In need of a trainer in politics

Good evening, Mayor Buddy Dyer, my name is Christopher Durant. I am one of the participants in Dueling Dragons of Orlando, and I participate as a junior counselor at Rosemont Community Center. You might or might not know me, but I have seen you plenty of times. I send this e-mail to inform you that I, in my future, desire and wish to be a politician. In order to be one, I must shadow and come under the authority of ones I know. I believe you're the closest thing I have as a role model to be a politician. What I want to do this summer is see what you do on a every day basis. I also want to know how it feels to be Mayor. My number one goal, Mayor Dyer, is to become President of the United States. In order to do that, I must see what a mayor does first, then a governor, then higher and higher positions. I'm intelligent and educated and wish to be more educated through your guidance. I love how you've led our city into excellence and prosperity and I wish it will not stop here. My summer has just begun so I have all the time. I'm really focusing on trying to be more political this summer through a political person like yourself. I only can do that by being obedient and having a role model for what I desire to be. This is what I wish to accomplish this summer, Mayor Dyer: to be trained and shadowed over to become a politician. If you didn't know, I am going to 10th grade, and I am 15 yrs old.

STATE REPRESENTATIVE

John "Buddy",

I, like many Americans, am still wrestling with the tragedy that struck our nation in a nightclub in Orlando early Sunday morning. While many are using the words "terrorism" and talking about "mental illness", what we really need to talk about is hate.

Hate is the root of so many of the senseless acts of violence our nation sees day in and day out, and we as Americans have been complicit in it for too long. It's nothing new. Our nation has institutionalized hate of those from all walks of life; African-Americans, Irish-Americans, Asian-Americans, Hispanics, Muslims, Jews. Now, despite the Supreme Court finally bringing marriage equality to our nation, our State Governments seek to institutionalize hate in the form of "bathroom bills" and discriminatory hiring and housing.

I, for one, am sick of it. I stood on the floor of the General Assembly yesterday and read aloud the names of those whose lives were tragically cut short on Sunday morning. I read their names both in tribute to their memory, and also to serve as a reminder that the actions of our Government have consequences. I did so to remind them that once hate is given status in our system, it spills into tragedy and bloodshed.

So I ask each and every one of you to stand up to any and all people who wish to continue to institutionalize hate. **Call your legislators and remind them that ours is a nation founded on love and acceptance, not bigotry and degradation.**

In Solidarity,
Brian

314-541-2746

Good Tuesday morning, June 14:

The events of this weekend, in Orlando, teach us all many lessons; some of which may help us to recognize, prepare and react to even higher degrees of public safety and rescue!

Thank God for the First Responders and their willingness to step into the fire.

Public Safety First Partners wants to build solutions for and with your community and the PD for the benefit of all, with a focus on the upcoming needs for greater Police procedure Safety, Public Safety and the upcoming school year.

Let us engage the program and create new revenue to enhance the pay and benefits of the First Responders and help settle the worries of those who serve and protect and their families.

Let us help get more boots on the ground, enhance community policing, add equipment for safety and enforcement and yes, let us help to meet the needs of the sworn, the residents, businesses and tour attractions by enhancing community policing activities.

The bottom line is you can not have too many good guys at the ready when the bad thing happens. And the only way to assure this can happen is with great public safety programs which are clear, transparent and known.

Therefore, the community will stand with you when working the safety program, because they will know: "These folks, captured by a licensed and certified Officer, are VOLUNTEERS not victims"!

Thank you for your consideration and I look forward to helping enhance the public safety of your community ASAP!

Have a Truly Blessed Day!

Subject: We are all Americans

We are all shocked and saddened by the horrific events in Orlando this weekend. My heart breaks for the young lives lost, and the community, families, and friends that have been irrevocably victimized by this disgusting and senseless violence, the deadliest mass shooting in U.S. history.

The attack was an act of hate and terrorism, one that targeted LGBTQ people. It also was an attack on our values as a nation and our fight for a more inclusive society.

The disturbing truth is that deaths due to gun violence happen far too often in our country.

As a prosecutor, I've seen the results of gun violence first-hand. I've seen the photos of victims. I've met with the families, talked to the friends, and witnessed how these acts not only cut victims' lives tragically short, but rip apart the lives of those left behind.

Now is the time to do what we can to make our nation safer: reduce gun violence in America.

For far too long, the NRA has been allowed to use their resources to block Congress from action. One of my top priorities in the Senate will be to pass meaningful gun violence prevention legislation. I will fight to ban anyone in the terrorist screening database from purchasing guns; push for mandatory background checks; and stand with Senator Dianne Feinstein to reinstate the national assault weapons ban.

Finally, we cannot place the blame for one man's heinous actions on the shoulders of the entire Muslim community. Just as we saw in Paris and San Bernardino, divisive rhetoric and discrimination against entire communities don't just betray the values of our democracy, they fuel radicalization and make us less safe.

Today, we grieve together for the lives lost. In this time of tragedy, our

shared values of equality and community can help us heal.

Subject: Orlando Police Response

Mr. Ramesh,

Thank you for taking the time to contact the Orlando Police Department with your concerns about the recent tragic event at Pulse Night Club. I can assure you that our officers were not hesitant in their response and took immediate and effective action to stop the suspect's violent actions. In fact, the suspect was engaged by one of our officers who was working in an extra duty capacity at the club. Additionally, initial responding officers entered the club, further engaged the suspect with gunfire, forcing the suspect into a bathroom located deep within the club.

At that point, the suspect ceased all firing and was isolated and contained within a bathroom. All gunfire had ceased and the situation was stabilized. This gave responding officers valuable time to rescue dozens of injured victims from the club. In addition, crisis negotiators made contact with the suspect, which resulted in key intelligence that further violence was imminent.

At that time, the decision was made to make entry to prevent further loss of life. The SWAT Team made immediate entry into an adjacent bathroom where approximately 15 hostages were rescued. Entry was then made into the bathroom where the suspect was holding several other hostages. While making entry, the suspect open fired upon the SWAT Team and was subsequently killed.

Again, thank you for your concerns, and please know that all first responding officers and the SWAT Team acted in an immediate, courageous and professional manner that ultimately saved dozens of innocent lives.

Hi, I'm not sure if I'm reaching out to the right person, but I have this idea. The tragic events of this past week have really affected me personally, and I thought of a way that I think may honor the victims, their families and the community in a beautiful way. I don't know how to go about this, so maybe you can give me some insight, also if even this is an idea that people would want to see happen.

I don't know if you've seen a company called "bios urns" they turn the ashes of loved ones into trees you can plant. So the lives lost in this attack, can be turned into new life. In a park dedicated to love, and acceptance, and in honor of the event. I feel as though opening a park in dedication to these things will show anyone who harbors hate, that love always wins.

I don't know, I feel as though if I lost my life and looked down and saw myself now growing as a tree, shading people who are enjoying love and life in peace and in a free space, that I would be really happy. I am in contact with the company now, if this is an idea that the people in Orlando would want to see happen.

Thank you so much for your time.

Thank you for your kind words of support. Yesterday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

EAST ORLANDO POST

Gay Conservatives React To Orlando Tragedy

Orlando, FL - Publisher and entrepreneur Jacob Engels will hold availability at 4:15pm at 1742 S. Orange Avenue to discuss the implications of the recent act of terror at Pulse Nightclub on the presidential election, what it means to gay conservatives, and how to move forward.

Mr. Engels will speak on behalf of thousands of Gay Conservatives who call Central Florida and Orlando their home.

"We must place the blame and responsibility of this heinous attack on Omar Mateen and anyone who

aided or abetted his efforts.

Hillary Clinton is not a friend of the LGBT community, and she must answer several questions about financial ties to oppressive foreign regimes and Islamic states that perpetrate acts of violence against gay men and women each and every day."

*****FOR IMMEDIATE RELEASE*****

ORLANDO UNITED COALITION SPEARHEADED BY THE HISPANIC CHAMBER OF COMMERCE OF METRO ORLANDO IN SUPPORT OF OUR HISPANIC AND LGBTQ COMMUNITY IN MOURNING

Orlando, FL - June 14, 2016 - Early yesterday morning, the Hispanic business community based organizations (CBO's), and community leaders met at the Hispanic Chamber of Commerce of Metro Orlando (HCCMO) headquarters to mourn the loss of lives after the heinous attack to our City Beautiful. This meeting was convened by the HCCMO following the City of Orlando's lead, becoming a conduit to spread information, offer support, and join the community during this difficult time.

More than 30 organizations joined in prayer led by Michael Radka. Diana Bolivar, HCCMO President, followed with welcome remarks and expressed her deep grief, also thanking the City's first responders, our elected officials and all those people who heeded the need and put our community first. The President stated that "We're a community in mourning, we're a community in shock, and we're a community in disbelief. But we are a loving and faithful community. Every single person sitting here today has a broken heart. Our business community is here to assist and ask what we can do for our City, not what our City can do for us," just as JFK's famous quote.

Carlos Carbonell, Founder & CEO of Echo Interaction Group and an active LGBTQ and Hispanic community leader was among the organizations that joined the initiative. Carbonell stated "We have to come together not only as an LGBT community and Hispanic community but as an Orlando community. Part of our job as community and business leaders from all these areas, is to show cohesion and collaboration. More importantly, we should provide any assistance needed for our Mayor and all the City services which have been activated and continue to provide immeasurable support. Starting with the established www.oneorlando.org and while we organize, we should always be keeping an eye out for their communication and leadership on what our collective next steps should be. I am proud of the leadership the Hispanic Chamber and Diana have shown by making sure that our community is strong and united."

The HCCMO is serving as the official bilingual liaison for the City of Orlando, assisting with overflow of communication and disseminating information to our community. The HCCMO is also supporting the city's needs and asking our community for assistance as we receive guidance from the City. Also, HCCMO was asked by the city to gather a list of volunteer translators. "We have been receiving several emails per minute and have thousands of names," said Maria Garcia, HCCMO Vice President. "We ask that you please visit our [Chamber Facebook page](#) for any information which you might need from us."

At this time the HCCMO has met the volunteer request for translators and a list have been submitted to the City of Orlando, which will contact them accordingly to the immediate needs. The HCCMO will continue to post information and updates as provided by the city and we'll continue to work with the families affected by this tragedy.

COMUNICADO DE PRENSA

*****PARA PUBLICACIÓN INMEDIATA*****

CÁMARA DE COMERCIO HISPANA DE METRO ORLANDO ENCABEZA LA COALICIÓN ORLANDO UNIDOS EN APOYO AL DUELO DE NUESTRA COMUNIDAD HISPANA Y LGBTQ

Orlando, FL - 14 de junio, 2016 - La comunidad empresarial hispana, organizaciones con base comunitaria (CBO por sus siglas en inglés) y líderes comunitarios se reunieron temprano en la mañana de ayer en la sede de la Cámara de Comercio Hispana de Metro Orlando (HCCMO por sus siglas en inglés) para llorar la pérdida de vidas a raíz del atroz ataque a nuestra Ciudad de Orlando. Esta reunión fue convocada por el HCCMO siguiendo el liderazgo de la Ciudad de Orlando, convirtiéndose en un conducto oficial para difundir información, ofrecer apoyo y unir la comunidad durante este tiempo difícil.

Sobre 30 organizaciones se unieron en oración dirigida por Michael Radka. Diana Bolívar, Presidente de HCCMO, continuó con unas palabras de bienvenida y expresó su profundo dolor, también agradeciendo a los socorristas de la ciudad, nuestros funcionarios electos y todas aquellas personas que prestaron atención a la necesidad y dieron prioridad a nuestra comunidad. Bolívar afirmó que "Somos una comunidad de luto, somos una comunidad en estado de shock y somos una comunidad en estado de incredulidad. No obstante, somos una comunidad de amor y fidelidad. Cada persona que se encuentra aquí hoy tiene el corazón roto. Nuestra comunidad de negocios está aquí para ayudar y para preguntar qué podemos hacer por nuestra ciudad, no lo que nuestra ciudad puede hacer por nosotros ", haciendo mención de la famosa cita de John F. Kennedy.

Carlos Carbonell, fundador y CEO de Echo Interaction Group y líder activo de la comunidad Hispana y LGBTQ, se unió a la iniciativa. Carbonell afirmó "Tenemos que unirnos, no sólo como una comunidad LGBT y la comunidad hispana, sino como una comunidad de Orlando.

Parte de nuestro trabajo como líderes comunitarios y de negocios de todas estas áreas, es demostrar la cohesión y colaboración. Aún más importante, debemos prestar toda la asistencia necesaria a nuestro Alcalde y todos los servicios de la ciudad que han sido activados y seguir proporcionando apoyo incondicional. Utilizando la página establecida, www.oneorlando.org y mientras el esfuerzo toma forma, continuar atentos a la comunicación de nuestro liderazgo con respecto a cuáles serán los próximos pasos colectivos. Estoy orgulloso del liderazgo que la Cámara de Comercio Hispana de Metro Orlando y Diana han demostrado asegurándose de que nuestra comunidad esté fuerte y unida."

El HCCMO está sirviendo como el enlace bilingüe oficial de la Ciudad de Orlando, ayudando con el volumen de llamadas, correos electrónicos y en la difusión de información a nuestra comunidad. El HCCMO también está apoyando las necesidades de la ciudad solicitando y canalizando las solicitudes de asistencia a nuestras organizaciones comunitarias según surge la necesidad. Además, el HCCMO ha estado recopilando un listado de traductores voluntarios. "Estamos recibiendo a razón de varios correos electrónicos por minuto y ya tenemos miles de nombres", dijo María García, vicepresidente de HCCMO. "Les pedimos que por favor, visiten la página de [Facebook de la Cámara](#) para cualquier información que pueda necesitar de nosotros."

En este momento el HCCMO ha respondido a la solicitud de voluntarios para los traductores y una lista se ha presentado a la Ciudad de Orlando, quien se comunicará con ellos de acuerdo a las necesidades inmediatas. El HCCMO continuará publicando información y actualizaciones a lo dispuesto por la ciudad y continuaremos trabajando con las familias afectadas por esta tragedia.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

Dear Ms. Mastrome,

Thank you for your kind words of support. Sunday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

These principles dialogue with the Sustainable Development Goals (SDGs), of UN, in particular the ODS 16 - Peace, justice and effective institutions.

We reject all forms used to express hateful attitudes against any human being. Increasingly we need to strengthen the culture of peace, the affirmation of diversity and tolerance as essential elements of the democratic society.

Hello Mayor,

I left a message with your secretary. I am PTSD survivor of an incident similar to the one that devastated our city. I was in the hospital for 90 consecutive days, was in a coma, relearned to walk and eat again, and managed to surpass the statistics of a person involved in a warlike situation. I know that sharing my journey will be of service to them. I would like to form a PTSD support group just for the survivors and their families, so that I can share with them what worked for me, the agencies, holistic practices, and answer whatever questions they may have.

Buddy,

Greetings. I was the guy that developed Electric Daisy Carnival here in Orlando. I am trying to get in touch with someone from the One Orlando site. We have a bunch of big name international electronic artists that are interested in putting together a charity event. Ron Legler is a dear friend, and I was actually the lighting designer that originally created Pulse with him.

I have already budgeted the show and I am awaiting artist management approvals. This thing has to happen fast since these guys play so many shows a year. I need a charity to get involved and which better than the official Orlando charity. Hundreds of volunteers from many different major companies here in Orlando have stepped up and pledged to donate their support to make this event happen. We expect to max out the fairgrounds amphitheater at 10,000 people. My target budget is to raise around \$350,000 for the cause.

Can you help me get in touch with someone that can work directly with us as this event becomes reality?

Mayor Buddy Dyer,

Thank you for sharing about the OneOrlando Fund, and also for the outstanding work of the Orlando Police, first responders in handling this crisis. This was the call and crisis that we all knew could come some day because of Orlando's World Wide recognition as tourist destination, and we hoped would never come.

Radical Islam wants to impose their world view on all peoples and install fear. Whether you are gay, straight, white, black, or whatever, we don't all need to agree on what each of us believe, but we do need to stand together as Americans, Floridians, and Orlando Residents, for the US Constitution, and Freedom.

Thank you for Leadership in this time of great sorrow, and again a heartfelt "Thank You" to the Orlando Police, Medical Professional, and others that came to the rescue,

Art Carter
Orlando, FL.

Dear Governor Scott,

I hope your administrative staff had brought to your attention a discrimination case that involves a Floridian-Muslim citizen, your **Department of Economic Opportunity (DEO)** and its "partner" [CareerSource Central Florida \(CSCF\)](#).

I have made numerous attempts hoping that your staff would inform you of my particular case of discrimination!

My case involves the **DEO** and **CSCF** both of which are part of the **Florida State Government!**

A Federal Discrimination Case against a **Muslim** in Florida will not go unnoticed no matter the elected-officials', their appointees', and/or their partners' conflict of interests.

Moreover, Federal and Florida State Laws, especially **Sunshine public records law**, must be complied with for the interest of justice and due process of the law

Both the **DEO** and **CSCF** must comply with the Florida's public records law and fulfill the public requests I had made in the past and which both the **DEO** and **CSCF** continue to refuse to do to this day, Tuesday, June 14, 2016!

Firstly may I express on behalf of myself, and my family, our deepest sympathies to all those affected by the actions of a madman. My family and I have been coming to Orlando since 1998, and feel very attached to the city, so the events have affected us all. I cannot understand why people are cancelling trips to Orlando, as a family we travelled to Orlando a few days after 9/11, determined not to be defeated by that terrible event. We plan to come next year after my daughters wedding my husband in particular is a huge Orlando fan. Be assured that all of Great Britain is behind you and you are in our thoughts, we look forward to visiting your amazing city next year

Our very best wishes

Good evening Mr Dyer. The world is saddened by the recent events in your city to say the least. I am a Probation Officer committed to changing behaviours and attitudes of the offending population. My heart goes out to your people and the friends and families of the victims. Please accept my poem and consider sharing it with your community. It is sent with thoughts of love, hope and unity. Thank you for considering my request.

For Orlando's Mother's -

You didn't have a voice.
Then, you opened your heart to the musical pulse of the American dance scene.
A place where you could be queen or Priscilla, maybe unseen.
It seemed safe in the club
hanging out with your rainbow friends.
Disguised or loud, ignored or heard, open or hidden, loving a man was never forbidden in his mothers eyes that now see temporary dark clouds.
But she, his mother remains proud. She has lost her son, the beautiful one with his star spangled heart earrings and muscles defined.
No phone call or text.
No door chime at dawn.
Bring him back, she repeatedly cries. Back to me, wrap him in silk colours, please let him be free with his rainbow community of unity and love, and love, and colours shining so bright.
He's now free from the fear and disdain. The ignorant few will always remain. And she desperately hopes that one day they will love unconditionally just like her son. A man with, strength, intelligence, emotion and care. A respectful citizen, she will remember and she will pray: please let's live peacefully together one day.

Dear Ms. Hickinbottom,

Thank you for your kind words of support. Sunday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

And, I was brought to tears by your speech at the Dr. Phillips Center. There is great regional solidarity and sometimes we don't recognize that until tragedy hits. As the Country is One with Orlando, so is Osceola. With our demographics it is no surprise many victims are residents of Osceola County and a great number of families are affected. The Kissimmee Osceola County Chamber of Commerce has a Hispanic Business Council, and a Foundation, that could be utilized. There may be other groups, like Osceola County's Human Services, non-profits and advocacy groups who could provide representation on the regional healing committees you appoint in the aftermath. Community Vision has a reputation as the community convener and I make myself available to be a connection here in Osceola County. If you need to organize a meeting of any kind, set up in a convenient place to offer services, (transportation is a big issue here), etc. please reach out to me and my organization. This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

We are focused on identifying the victims and notifying their families. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: [407.246.4357](tel:407.246.4357). Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at [407.228.1448](tel:407.228.1448).

We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

I'm part of a fundraising organization called Booster - that uses custom tshirts and donations to raise funds without cost to families and groups. I thought it would be a great way to raise funds for the victims families but also have people come together in honor of all the victims and show that we all stand together.

You can take a how communities have come together when they were struck with tragedies

Subject: UCF Foundation Board- Meeting Recap

Good afternoon,

I want to take a moment to thank you for your dedication to UCF. Last week held a full schedule of meetings and events and I was thrilled to see so many of you in attendance.

In regard to last Friday's Foundation Board meeting, I would be remiss without taking a moment to acknowledge our three board members who will be ending their term on June 30. It has been a honor to have Larry Chastang, '80 , Paul Mirabella, '75 , and Mike Sarpu, '95 as members of the Foundation Board. On behalf on the entire UCF Advancement team, many thanks to you, gentlemen, for your distinguished service.

I would also like to congratulate and welcome Michael Okaty, '96 , Alan Florez, '98 , Dr. Tracey Henley, and Dr. Douglas Gearity to the UCF Foundation Board of Directors. Their official terms will begin on July 1, at which time Nelson Marchiloli will also step into the role as Chair. On the topic of Nelson, my deep appreciation goes out to him as he takes on this new endeavor. Serving as Chair is the highest level of volunteer service on the UCF Foundation Board of Directors, and it requires a commitment of time and energy. I have no doubt that Nelson, in only the way he can, will take on this new role with vigor and a passionate commitment that will drive us to success as we continue into the *IGNITE* Campaign.

Lastly, one more thank you is in order to Phyllis. As I have said on multiple occasions, taking on the role of CEO would not have been nearly as successful without Phyllis offering her guidance and wisdom. Her service has and continues to be a model for exquisite volunteer leadership. From the bottom of my heart, thank you Dr. Klock.

Thanks Mayor Dyer,

I was hoping you would do this. Our family has been connected with Orlando for almost 20 years. My oldest son had a security job with a downtown Orlando club during his senior year at UCF. My younger son lived in Orlando until this year and my wife and I are part time residents in Baldwin Park. You, Chief Mina and the OPD have performed magnificently in this recent tragedy. You and the Orlando community are in our thoughts and prayers.

Buddy,

Greetings. I was the guy that developed Electric Daisy Carnival here in Orlando. I am trying to get in touch with someone from the One Orlando site. We have a bunch of big name international electronic artists that are interested in putting together a charity event. Ron Legler is a dear friend, and I was actually the lighting designer that originally created Pulse with him.

I have already budgeted the show and I am awaiting artist management approvals. This thing has to happen fast since these guys play so many shows a year. I need a charity to get involved and which better than the official Orlando charity. Hundreds of volunteers from many different major companies here in Orlando have stepped up and pledged to donate their support to make this event happen. We expect to max out the fairgrounds amphitheater at 10,000 people. My target budget is to raise around \$350,000 for the cause.

Can you help me get in touch with someone that can work directly with us as this event becomes reality?

Thank you with a heavy heart,

You requested some language you could use for remarks tonight at the 1st Baptist church. Here is something I came up with, taken from previous POTUS remarks. Feel free to use this or just speak about your conversation with the President and the fact that he'll be coming to Orlando to stand united with a city that will emerge stronger. I've also cc'd Orlando native and key WH advisor, Nate Jenkins, you guys probably know.

"I want to thank leaders from around the world and around our nation for their thoughts, prayers, and messages of solidarity. I spoke to President Obama on Sunday morning, and have been in close touch with the White House over the last 3 days. On Thursday he will be coming to Orlando to visit with families who have lost loved ones, and to stand united with our community. As the President said, *"We need to demonstrate that we are defined more – as a country – by the way the victims lived their lives, than by the hate of the man who took them from us."* The President is right, and I'm proud that he'll be here to help show the world that Orlando will emerge stronger from this tragedy."

Hello, this is a wonderful idea, but this money should go as directly as possible to the victims and their families to pay for funerals and the catastrophic medical expenses many will face. If not directly, then the funeral homes and hospitals servicing the victims and/or their families should be able to bill the fund for such expenses. The families should not go bankrupt paying for medical bills caused by a madman or a terrorist.

Part of the news reporting should include the total medical cost of a mass shooting like this, including costs for those who will need months of rehab or will be maimed for life.

Thanks for listening.

> We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. Subject: Gigabit Broadband Meeting at Mayors Conference

Mayor Dyer:

By way of introduction, I'm Mike Wilson, Vice President of Professional Services at CostQuest Associates. CostQuest developed the model behind San Francisco's recent broadband planning efforts (*see a summary of the initial report here: <http://www.sfbos.org/Modules/ShowDocument.aspx?documentid=55324>*). At next week's **U.S. Conference of Mayors in Indianapolis** there will be a **Transportation and Communications Standing Committee Meeting** where broadband availability will be discussed (among other topics). CostQuest's President, Jim Stegeman, will give a short summary of our work in San Francisco and elsewhere. We will also be available during the conference to give one-on-one overviews of our work and give cities a first-glance at our assessment of the viability of gigabit-speed broadband across their communities. We have developed some data specific for Orlando and would be happy to spend some time going over what we've found.

As Orlando looks to increase availability of broadband to all its citizens and potentially bring Gigabit-speed internet to all homes and businesses, there are many legal, regulatory, economic, and social issues to consider. Our model can help assess the different ownership and public-private partnership scenarios, as-well-as help to manage digital divide issues, demand and deployment.

Please let me know if you're interested in having a quick overview of what we've developed for Orlando. We're available to meet at the below times. Please email or call me and let me know if you'd like to schedule a few minutes to talk.

Saturday, June 25th from 3:30 – 5:30pm

Sunday, June 26th from 2:30 – 5:00pm

Alternatively, you're welcome to come talk to us after the Transportation and Communications meeting or schedule something for another time by calling me at 425-772-2261 or emailing me using my below email address.

I look forward to seeing you in Indianapolis.

But as you said I am even more proud of our community because of the way they came together, united to support the families and friends of the victims.

I agree that the Orlando Police Department and other law enforcement, as well as our citizens saved lives throughout the night. The medical personnel that saved so many lives are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

Subject: PRESS RELEASE Re: The Orlando Shooting Tragedy - Why Did This Happen and What
Can Be Done To Prevent Future Attacks?

FOR IMMEDIATE RELEASE

Coercive Persuasion by ISIS Led Orlando Shooter to Kill Innocent People

Hollywood, Florida, 14th of June 2016 —

Presently we are facing the most profound terrorist threat arguably in the history of our great nation. The development of terrorist cults, like ISIS, and their sophisticated recruitment tactics has brought the issue of of mind control and undue influence to a new level of attention and urgency.

The Orlando shooting was the worst terrorist attack on U.S. soil since 9/11, which killed 49 innocent people and wounded at least 53 others. According to an article published by CNN, Omar Mateen's parents, who are from Afghanistan, said "he'd expressed outrage after seeing two men kiss in Miami, but didn't consider him particularly religious and didn't know of any connection he had to ISIS". Perhaps if his parent's knew the red flags regarding cult recruitment and indoctrination and had a safe agency they could have reached out to for help with their son, this tragedy might have been prevented. Family members and friends are the early warning system for radicalization, yet most are not educated about the dangers of brainwashing and coercive persuasion, nor would they feel safe to tell authorities for fear of having their loved ones arrested or watched. Ultimately, people need a safe place to go to for help and specialized education on the subject.

A non-profit organization called [Families Against Cult Teachings, Inc.](#) (FACT), located in South Florida, works with other related organizations and cult experts such as Steven Hassan, who runs the [Freedom of Mind Resource Center](#), to educate and bring awareness to the public regarding the recruitment efforts and methods of manipulative and exploitive cult/fanatical groups, as well as providing a safe place for people to reach out to for help. According to experts there are over 5000 cultic groups in the U.S. with more than 6 million controlled victims, including many radical Islamic groups. Right now there are probably hundreds of other potential terrorist scenarios that might be preventable with an immediate large-scale mobilization of specialized education and resources to the public and other important entities. It is safe to presume that, like the radicalized Mateen, more and more people have and will be pledging

their allegiance to ISIS and similar terrorist groups. As such, the overwhelming need to combat the recruitment and brainwashing efforts by these destructive groups is direly evident.

Cult experts believe the lack of public conversation, education and awareness on this issue is what is ultimately empowering these radical destructive groups to grow and flourish. It is a misunderstood threat by most, with little to no educational resources or support available. This leaves family members and friends oblivious and/or in denial about the recruitment, indoctrination and exploitation of their loved ones, causing indecision and hesitation to act when it is most crucial. F.A.C.T.'s mission, in connection with other related organizations, is to create an empowerment movement for everyone to understand how people can be radicalized, and also what they can do about it (besides just utilizing law enforcement, like with Mateen who was later dismissed by the FBI as a non-threat). This is imperative for any successful deradicalization efforts of ISIS members and the potential prevention of future tragedies.

Subject: It's much too easy to kill a lot of people very quickly

Dear Friend,

Early Sunday, one person, firing one weapon, killed almost fifty people, in just a few minutes.

These people were sons and daughters, brothers and sisters. The parents of two of them, living outside the United States, contacted my office yesterday and asked if they could have visas to attend the funerals of their own children. How wrong is that -- parents attending the funerals of their slain children. So many; a slaughter of the innocents.

It's much too easy to kill a lot of people very quickly.

The weapon that the killer used was an AR-15 assault weapon, derived from an M-16 military model. The main difference between the two is that you can pull and hold the M-16 trigger, making it spit out hundreds of rounds each minute, while the AR-15 trigger is one-pull-one-round, or "only" 100+ rounds per minute (subject to reloading). That's automatic versus semi-automatic. But a legal modification to the AR-15 (a "replacement rifle stock"), costing around \$300, essentially takes each recoil and make it a trigger pull. And that makes the AR-15 a machine gun.

Either way, it's hard to imagine any legitimate use for a weapon like that. Does anyone really want to drill a deer with a few hundred rounds in a minute or two? That doesn't seem very sporting.

We need to end this lunacy.

[Please sign my petition to restore the assault weapons ban >>](#)

For a decade, you couldn't buy an assault weapon. The original legislation had a "sunset" provision that ended the ban after ten years. Thanks to the

NRA and its GOP puppets, that ban was never extended.

Seven states enacted bans (or heavy restrictions) on their own. Three of those seven states enacted their restrictions after 20 children were shot dead at Sandy Hook.

That's where we are now.

Convicted felons can't buy these weapons, in Florida and elsewhere. But pretty much anyone else can. In fact, until last August, anyone could buy them in WalMart. (Then WalMart imposed its own ban.)

Let me just ask you, straight up: Do you want virtually anyone to be able to buy weapons whose only practical purpose is to be able to kill hundreds of people in a matter of minutes?

No?

[Then sign our petition, to reinstitute the ban on assault weapons >>](#)

I'll introduce the bill this week.

Subject: Support Orlando

Sunday morning, a horrible tragedy struck Orlando. Too many of our neighbors were severely injured or lost from our lives forever. We have all been grieving during this time, but through it all, Orlando has come through with such a beautiful response. Hundreds and hundreds of people rushed out to donate blood for the victims. More donated water and snacks for the long lines of blood donors. Others donated money and food for the families of the victims. Family members have been welcomed into homes to stay near the hospital where their loved ones are fighting for their lives.

Orlando took a huge hit on Sunday, but we as a community are standing up for our friends and neighbors. We are strong, we are brave, and we love our city. The response has been overwhelming. Thank you, all of you, for taking care of our city. Thank you for showing the world how much we care.

If you are looking for other ways to donate or assist, or if you need counseling, here are just a few of the countless ways to stand up for this city.

The Center in Orlando:

They have crisis hotline set up at 407-228-1446 that anyone can call. In addition, they have grief counselors on site at The Center to assist with anyone that needs someone to talk to.

The Center has started a GoFundMe campaign to support the victims and families: <https://www.gofundme.com/29bubytq>

I hope you find some time in your day to read this, considering the fact I write and send a poem about every incident similar to this, to the mayor of the state in which the tragedy left scars in!

Everytime a tragedy happens I always wanna write about it. And it's not cause I want to, it's cause I FEEL the NEED to even if it doesn't reach the victims themselves. It makes me feel better as an individual and citizen of this country when I express my emotions through my poetry because words = power and the man above knows how I deeply feel about every event that takes action.

" Sad Story, here's a message "

The odds fall evenly in the hands of empowerment

And that's sad because a content individual gets walked on and injected with discouragement

An event takes a toll on every human whose wholehearted

Gay supporter or not there were still lives that were departed (Pray for Orlando 🙏)

Or taken should I say since they were massacred that Sunday

Something that occurred so fast like two race cars in the runway

Unaware of any danger that was arrowed towards their driveway

Their lives were put on park cause the car thief believed they lived life the wrong way

When an event such as, takes action we come together

But why wait for the unity to occur after a deadly weather?

Everybody has their choice but you cannot judge because you aren't better

All this ranting about peace but going against your own kind isn't making things better

We live in a country where our dreams aren't always satisfied

Our rights are overpowered so authorities aren't dissatisfied

Every system in this country picks and chooses what is and what isn't rectified

Gun laws are getting weaker as America grows more terrified

Racism supposedly left, but if that's the case I can live without water

I'll dispose an igloo in the sunlight, filled with hope that it won't be bothered

Since when is the past of America completely unawakened?

When every event that takes place slams us all against the pavement

A murderer gets life but they give a few months to a rapist?

Psychologically murdering a female without ever being sanctioned

See this world is hypocritical now I know why the grounds are shaking

Earthquakes are the headaches from the world projecting hatred

Moving backwards slowly, squinted eyes spotting the paintings

Every law is a disguise to cover up what's still remaining

We're retracing our footsteps landing the land of the free back in history

Yelling "Make America great again" when greatness was always kept a mystery

A country with equality, Rights, Liberty, democracy and opportunity

Yet it's the whites in control living lavish while everyone else lives miserably

My prayers sent to Orlando, here's a message with no sin

Same sex color or origin we still shed the same amount of skin

We all sin, and win from within, we are EQUAL no matter the situation you're in

We need less judgement and more support to make "America great again"

Here's a message to the world just in case this makes it out

Whether the weather is sunny rainy or snowy or you're in floods or in a drought

Always look at your surroundings and look up and embrace the clouds

We are all human, it's time to step and get our voices out

Here's a message to the gay community, don't ever stop being yourselves

We live under the same skies if you're in need there's always help

Don't let a tragedy like this take a toll on your thinking

As long as you're happy that's all that matters, who cares what anyone else is thinking

Here's a message to those of you who are crucially judgmental

If situations don't involve you, why not handle it being gentle?

Or even better yet, why can't you just mind your business?

A life should never be taken just cause you don't think they don't take life serious.

Every one of my prayers and condolences are paid to the families of the victims of the deadly Pulse shooting that occurred June 12, 2016 in Orlando, FL, and I wish a speedy recovery to the survivors of this incident 🙏🙏🙏🙏 ORLANDO STRONG!

Much love and support from Lawrence, MA

This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

We are focused on identifying the victims and notifying their families. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: [407.246.4357](tel:407.246.4357). Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at [407.228.1448](tel:407.228.1448).

We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

Dear Mayor Mealor,

Thank you for your kind words of support. I appreciate you writing on behalf of the community of Lake Mary. Sunday was the most horrific day in the history of the City of Orlando. And yet, today I am even more proud of our community because they came together, united to support the families and friends of the victims.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

To Sir: Buddy Dyer, Mayor of Orlando:

It is with great honor that I present myself to your services in order to express my sincere condolences to the families of Orlando attack, Orlando City, Florida State and the American people.

Yes, the terrorism fundamentalist , Islamist blind has once again confirmed its contempt, hatred against all who do not share its ideology.

Those who were in the nightclub does not know that the end of their lives by barbarity and also ignore that there is an ideology that authorizes their extermination ...

I reminds that this is due to the fortunes invested in propaganda and theories to get this hatred, in addition they are using this money to buy consciences or threaten international organizations and leaders.

If you do not understand what it means of "fatwa" = immediate execution, without interpretation of a religious order without knowing the circumstances of the facts.

I think it has become clear and obvious that political leaders behind the "fatwa" because it represents their Joker card their to get that ideology.

Yes, I think that you cannot how the defenders of this ideologies, since more than 15 century, fail to convince others that «Islam is religion which promises peace!!!!»

Since the appearance of this religion, scientists, theologizes” beat around the bush” ... They refuse any logical criticism of their religion, otherwise they condemn you by "Islam phobia".

I think that don't will need to be a scholar of a religion Theological or an expert, just be logical in your analyzes and studies in logic and chronological coherence in the curriculum of this religion ...

These are short-sighted ideological content of these new converts to Islam after, analyze this lapidary of religion or they suffer disturbances in their personalities because of a twisted course in their childhoods and adolescences, they plummet to whether received with open arms by the imams and leaders of this ideology.

While others who are Muslims by heredity, like me, after the discovery of the illogical thinking of that religion, in the age of maturity and who want want to leave this theological hell, they will be treated as "traitors" and that leader of Islam wants them out of all their rights, even the right to live!

I lived this experience , before two years , at the presence of the Minister of Higher Education and Research,” Dr Tahar Hajjar "came to inaugurate the Faculty of Islamic Science, I attended a seminar organized by the University of the area entitled "Islam, Religion of peace and non-violence. ". There was a presentation in the curriculum by four speakers representing respectively: Islamic Science Institute (sharia), Institute of Education, Institute of Language and Literature and Psychology Institute, explaining the fundamentals of their respective visions screw life violence in the society...

It was with particular interest that I was expecting the intervention of the Head of Department of Islamic science ... The benefit of the latter was remarkable, accompanied by a video projection. Following the presentations, the time came for questions / answers, and when it was my turn, I asked:

"Please correct me if I'm wrong, but I understand that most Imams and religious authorities have declared jihad (holy war) against the infidels of world, and that by killing an infidel (which is an obligation of all Muslims) they are assured of going to heaven. In this case, could you give me the definition of an infidel? "

Without any objection to my interpretation and without hesitation, the speaker replied, "non-Muslim" !!!

I retorted, "So let me be sure ,I understand: All the worshipers of Allah must obey the command to kill anyone who does not belong to your religion, to earn a place in heaven, is not it ? "

His face showed an expression hitherto full of assurance and authority suddenly transformed into that of an urchin caught his hand in the cookie jar !!!

That's right, he replied in a whisper.

I continued: "Well, I have a lot of trouble trying to imagine Pope Benedict XVI exhorted all Catholics to massacre your coreligionists or the Pasteur Stanley by as many Protestants to guarantee a place in heaven.

“Just one question: "Will you choose to follow Allah orders you to kill me in order to obtain heaven, or Christ that makes me love you so I go, too in heaven, because he wants me to be with you? "

You could have heard a pin drop, while he speaker was silent.

Needless to say, the organizers and promoters of the seminar of diversification, peace and non-violence saw me especially with looks of hatred and contempt for I have unveiled the hypocritical way to treat and expose some truths about dogmas of that religion.

I think this way, this educational system has plowed a fertile land to sow seeds of future hatred and contempt in future generations.

For this reason, before 2 years, I was sanctioned and stripped from any work , learning , research, studies, because my mind intercultural and religious conviction.

I wrote my first book in French "osmosis of Terrorism" published in France in February 2016 under a nickname"Free Pen" and I am preparing my next book in English language "Criticizing ≠ Islamophobia" which contains a research through Koranic verses, their content, logical and chronological order ...

In addition, for confidential reasons I filter my colleagues to realize their hidden, meandering, Islam and strategy to overcome the violence and to convince with arguments ...

Finally, I launch my appeal to leaders, citizens, civil society, NGOs, NGO to fight against this ideology which sows terror through humanity and returns us to Nazi massacres.

Please, accept my most respectful sentiments

This looks like an opportunity to pad organizational pockets. The criteria is so generic. No one even knows the underlying causes. You should just give the \$ to victims and those who have suffered collateral losses. Your fund distribution looks opportunistic and hasty. Would love to get the transparent details of the distribution of funds later

Hi Mr. Mayor. I'm writing to you because I know you like to honor heroes. Well I saw the all Law Enforcement were thank and praised for their heroic act. I have a lot of respect for our law enforcements, I'm also proud of them and pray every night for there safety. I live proud of their courage and honor to help and save our lives, but I didn't hear you praise the heroic act of the civilian gentleman with the hat on news 13,. I feel he should be honor for his heroic act, in not thinking about saving his own life and chose to help those people he helped. I also feel that the group that was caring the gentleman who was shot in the leg and the ones carrying the girl, they should be honored, also how brave the gentleman in the hat was trying to keep that young lady from passing out. I am so proud to live in a state where there is so much love for one another at a devastating time as this. I live in Kissimmee and hear a lot about you and one of the things is that you have a soft loving spit for civilian being heroes. That gentleman with the hat just touch my heart so deeply, and he was visiting. May the Lord give comfort to the relatives of the people who are gone, and strength to those affected emotionally after this experience. God Bless you and everyone. Thank you for listening to me. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: [407.246.4357](tel:407.246.4357). Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at [407.228.1448](tel:407.228.1448).

We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

I have read your email.

Since the funds raised can be directed to issues to generally support Orlando (unspecified future needs and the stated reason of the organization that is all ready 501c, that was established before the Pulse event), I have chosen not to give to this deceptive email requesting support using a horrific event that has adversely affected our community as a catalyst for giving.

I will be asking for accountability that the money that has been donated from the corporations and individuals do in fact go to support the LGBT (drop the Q which is derogatory) community and the straight (but LGBT friendly) victims of this horrendous event.

Please respond to my concerns. Failure to respond indicates you have something to hide.

This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

John "Buddy",

As we learn the names of the Orlando attack victims and read the stories of each promising young life, my heart continues to break for the the LGBT community, for the families who lost loved ones, and for our country. This was an act of terror targeting the LGBT community and our entire country, and as we learn more details of how this was able to happen -- we must come together to end this senseless cycle of violence.

While mourning the victims lost, I've also been inspired by the tens of thousands of Floridians across our state who have stood up to terror. Immediately after the attack, Floridians stood together in long lines to donate blood. Every day following the attack, we've stood together at candlelight vigils to remember the victims and show we won't back down to hate. And in the days, weeks and years to come, we will continue to stand together to support the survivors and families hurt by this terrible tragedy.

To help with the financial support the survivors and families will need -- immediately and for a time to come -- Orlando Mayor Buddy Dyer has announced the formation of the OneOrlando Fund.

[I just made a donation, and if you're interested in making a contribution you can learn more about the fund here.](#)

Thank you for any support you may be able to provide.

We learned of the heroic acts of our Orlando Police Department and other law enforcement, as well as our citizens as hundreds of lives were saved throughout the night. The medical personnel that saved so many lives that were transported to the hospital are heroes.

I am proud of how our City has responded to this tragedy and the dedication our City continues to show.

We will not be defined by the act of a cowardly hater. We will be defined by how we respond, how we treat each other.

Subject: Resident/voter - unnecessary road closures in 32806

Dear Mayor,

My name Kevin Higgins. I own a small house at 210 E Esther Street Orlando FL, 32806. I am interested in seeing the road blocks on Delaney lifted. They were recently closed due to the on-going terrorism investigation. Unfortunately my home is within the area that is under investigation/blocked off.

I completely understand why these roads were closed, however I just wanted to express my frustration with dealing with the officers manning these road blocks.

I feel like its my civic responsibility to inform you that I feel as if I live in a police state. I'm asked questions like "where are you going, why are you going there? what side of the street do you live on? What days are trash day on this street? Eventually it culminates with "can i see your driver's licence?"

I would ask how it would make you feel if every time you wanted to go to publix or the gym out for a late night snack, you would have to pass a brief interview of nonsense questions from a cop.

Thank you for understanding,
Kevin Higgins

I'll address the writer's conclusions...

(Please remember that the number of people/investigations that the FBI and other agencies conduct each year on terrorist suspects is not publicly available)

- 1) Background checks on those who purchase weapons from Federally-licensed firearms dealers are not adequate, but a "real" background check that involves checking with all pertinent local, state and federal agencies; personal interviews; employment checks; family associations; and following any leads that these checks would reveal would take thousands of man-hours, tens of thousands of dollars and probably three to five months to complete.
- 2) If mandated, the current "system" would become hopelessly backlogged, extending the background check for years. (Would Joe the Plumber on Main Street USA put up with a three-year waiting list for backgrounds on purchasing a handgun? Hardly.)
- 3) The personnel required to carry out these background checks would number in the hundreds of thousands, and include a government bureaucracy that would make the IRS look like a Neighborhood Watch meeting. If we figure that a trained agent with arrest powers, armed, outfitted and assigned would cost \$75,000 in salary and benefits annually, two hundred and fifty thousand of these would cost the taxpayers 18,750,000,000 - that's nearly nineteen billion dollars a year. The national budget for FOOD AND AGRICULTURE is a mere \$13 billion, for comparison. We cannot afford it.
- 4) To pull it off economically, all records on everyone would have to be collected into one massive federal database. So, everything from drivers licenses to building permits to arrest records and traffic tickets to airline/travel purchases to medical records to gun permits to credit card records to political activities and affiliations to cell phone records and location pings to relatives and friends to business and professional affiliations to religious affiliations to fingerprint records and DNA would be gathered into one comprehensive data base so that when there was a question, one agent could run a name and come up with everything known about that person from anywhere ever. In a comprehensive system, the check could be made in a matter of seconds. HOWEVER, the government can't seem to keep up with the benefits and medical records of veterans, and also seems to have an issue with tax records through the IRS. Some government officials can't seem to keep top secret information properly cataloged and communicated. And Edward Snowden doesn't need my driving record or my DNA profile.

5) Law enforcement has always been a local matter, which is why there is no “federal local cop” classification. The federal government has always left law enforcement to the states, counties and cities to handle. In a time where we are complaining about federal takeovers in everything from education to healthcare, a federal takeover of local law enforcement, replacing local and county agencies with U.S. Police Department folks is ludicrous. Hell, County-wide police departments are heavily resisted by local taxpayers - they all want their own cops. By its nature, sharing information on individuals with the some 75,000 police agencies and 800,000 cops in the U.S. isn’t possible. And, 80% of the 75,000 agencies (60,000) are twenty sworn officers or less.

6) Ballistic vests worn by most patrol officers are “resistant” to most handgun rounds with the exception of a .22 long rifle round. Vests work by grabbing the round as it enters and slowing/stopping its rotation, taking the power out of the round and effectively stopping it. The .22 LR is too small to allow the vest material to slow down its rotation before it penetrates, and it will go through, although the vest will probably prevent serious injury. A .45 automatic, .40 cal or even a .357 magnum will be stopped, but not without inflicting damage to the area it hits. A hit to the sternum can still stop the heart, break ribs or bruise lungs. *A soft ballistic vest will not stop a rifle round of any kind.* The bad guy was met by three patrol officers, and exchanged gunfire with them. It would have been nice if one of the cops got lucky and hit him at that time, but understand that only 15% of police bullets hit the intended target. In a dynamic situation, the percentage is much smaller. The cops on the street knew that the bad guy had a .223 rifle. So, the writer wanted those three police officers, or maybe those three with others, to rush through the front door and kill the bad guy, rescue those who were near death and save the day. With no tactical plan, no tactical equipment, no high-end weapons, no knowledge of the inside layout, where the thirty hostages were located and where the bad guy would be hiding, not to mention the possibility of other bad guys, weapons, explosives, etc., rushing the door would be suicide, and social media would be cracking with the stupidity of these “martyred” police officers going into the situation trying to be heroes, again reinforcing that the cops are dumb as they come.

7) When faced with an active shooter situation, the first step is to secure the perimeter. This serves several purposes. 1) rescue anyone who comes out, may be out but injured and down, and keep anyone else from going in. 2) keep the bad guys within a manageable area and 3) provide intelligence on activities, movements and other actions within the perimeter. The second step is to contain those who are injured and out, and identify those who may have information on the situation, including layout, number of injured, number of hostages, and anything about the bad guys. The third step is to assess to determine all intel needed to formulate a plan of action. These three steps, in this situation, probably took about 30-40 minutes after the first shots were fired. During that time, the SWAT team was called, along with trained and skilled hostage negotiators. SWAT teams are NOT sitting in a room somewhere waiting for a call; they are on-duty and off-duty officers that add SWAT to their skill set. When called, they gather gear, respond to a certain spot for orders. Some respond to the station to get vehicles and additional equipment. Typically, a “cold call” for a major incident like this is over an hour. We are now at one hour, fifteen minutes into the incident. The on-scene commander provides information to the SWAT commander, who brings his or her team together to discuss a plan of action. At the same time, the SWAT team deploys a perimeter team to replace those patrol officers who have been staffing the perimeter. In many cases, those patrol officers are sent back to their patrol zones to handle other calls - policing does not stop just because there is major incident.

8) During this time, hostage negotiators try to communicate with the bad guys. In their conversations, the negotiators are trying to not only arrange of surrender, but gather intelligence on the hostages, the bad guys, the physical layout, etc. Perimeter members report observations to help determine where things and people are. Further, patrol officers are going door-to-door to evacuate anyone who may end up to be in danger from an eventual assault or unexpected actions by the bad guy. Roads are closed and traffic is rerouted. In this particular event, the first shots were fired at 2 am, but police had to immediately prepare for road closures well into the morning rush hour. Even with these traffic preparations, police are called “stupid” and “ignorant” because someone was ten minutes late for work.

9) SWAT leadership then devises several plans of action. Eventually, one plan and a "Plan B" is chosen. Equipment needed is assembled, assault troops are assembled and briefed, and all other preparations are made. In this case, explosives were used to breach a wall (hole blasted in a wall) to gain surprise and entry. *If the SWAT team had blown a wall that then injured hostages, the resulting criticism would have cost people jobs and careers. As it happened, no one was injured in the explosion.* SWAT performed an entry, took out the bad guy and rescued the hostages before 5 am. In less than three hours, which considering the above, is a monumental achievement. Most standoffs go for eight or more hours in hopes that the bad guys will give up when they eventually get hungry, thirsty and/or tired. The SWAT team could not wait that long.

10) Year ago, the Florida Department of Law Enforcement (FDLE) was asked to study the feasibility of regulating the issuance of licenses for security guards, including those who carry guns. The report said, in effect, that the requirements for various security jobs was so varied that licensing them like police officers, including extensive training, was not economically feasible. The security industry also reacted and set up its own training and licensing requirements, and the state issues licenses. Armed security guards carry a Class G license. The basic license, a Class D, involves 40 hours a training. Class G requires an additional 28 hours, with an annual 4 hours of firearms requalification. A Florida police officer must complete 770 hours of basic training, which includes 80 hours of firearms training and additional training in the use of force. Companies who hire guards are required to do background checks. Is this a hole in the system? Sure, but while we have an industry that pays minimum wage to security officers, there is little more that can be done. Most companies would rather but a \$10 security officer than an off-duty detail \$35 cop.

It is easy to criticize, especially when the basis for criticism comes from entertainment television, spectacular movies and a total disregard of things like budget and jurisdiction. There are thousands of lawsuits that have been filed since 2003 alleging that one person or another was placed on a terrorist or no-fly list. These lawsuits cost the taxpayers millions each year. So the guidelines for including someone on a list have been groomed to keep those who really need to be there on the list, but eliminate those for which probable cause does not exist. This is to preserve individual rights guaranteed in the constitution as well as keep a lid on the costs of lawsuits.

Other countries have laws that protect them from terrorism or illegal immigration or voter fraud or official corruption. In the United Arab Emirates (UAD), a foreigner who loses his or her job has thirty days to get employed or is automatically deported - no exceptions. So they have no unemployment in a workforce that consists of 90% expats. In North Korea, official corruption is punished by death. Actions against the government in Iran is met with execution. In China, Tiananmen Square protesters were killed on the spot in 1989, and it is illegal to even mention the incident today. Unfortunately, these actions are contrary to our Constitution.

I am afraid to report that the agencies involved in the response to the Pulse did a great job. Any loss of life is tragic, and any injuries are permanent. But I have been there, and I have been trained as they have been trained. However, Facebook and social media, along with mainstream media, has a tendency to bring the experts to the surface, whether we are talking about police response, use of force, or killing a gorilla in a zoo.

And as Forrest Gump would say, "and that's what I have to say about that..."

Omar Mateen, a US Muslim citizen aged 29, son of Afghan migrants, perpetrated the deadliest shooting attack in American history on June 12, when he massacred 50 people and injured 53 at the Pulse gay club in Orlando, Florida, with an AR 15 assault rifle and a Glock 17 handgun.

The guns were purchased legally a few days earlier at a local shop. This alone ought to have alerted the various US intelligence and surveillance agencies responsible for countering terrorism – except that, for lack of coordination, they missed the fact that a man twice questioned by the FBI was suddenly loading up on deadly weapons.

Mateen fit the profile of an Islamic terrorist, whose attributes the incumbent US administration consistently refuses to acknowledge: He was a Muslim, whose Afghan immigrant father is a Taliban supporter; a religious extremist, who recently made the pilgrimage to Mecca; he was divorced, known for violence, and licensed as a security officer to carry a gun.

The Orlando killer had long been overdue for close monitoring – or least a flag to prevent him from working as a security officer or carrying arms.

In 2013-14, the FBI interviewed him after he made "inflammatory remarks" to a colleague, before closing its investigation.

In 2014, the FBI hauled him in again over a connection with Moner Mohammad Abu-Salha, a 22-year old Palestinian American. They had grown up together at the small Florida coastal town of Fort Pierce. Abu Salha went off to Syria, joined the al Qaeda-linked Nusra Front and killed himself in a suicide attack by driving a massive truck bomb into a restaurant filled with Syrian government soldiers.

Yet the FBI again closed the file on Mateen after determining that the links between the two

young Muslims did not warrant a full-dress inquiry.

Compiling all the known data on the Orlando killer with the results of the FBI interviews with him would have placed him high on the list of suspects and called in for further questioning. The oversights of US law enforcement, intelligence and security agencies recur each time Islamist terrorists strike. The Ramadan 2016 attack in Orlando showed that no lessons had been learned from the lapses that led to 9/11.

The FBI erred gravely in closing the case over the Mateen connection with the Palestinian American suicide bomber. This explains why senior FBI officials are down-playing the importance of that connection.

When he was exculpated, the federal authorities also discontinued electronic surveillance of the terrorist's movements. So they missed his mounting extremism, his frequent attendance at a mosque led by a radical imam, who regularly incited his flock to murder ("Gays must die"). He thus kept his Security Officer's ID which gave him access to secure government sites. His name was kept on the list of licensees for carrying firearms.

It is especially hard to understand the lackadaisical handling by federal agents of this prime suspect when the FBI Director James Comey was reiterating: "The [Islamic State remains the top threat](#) America is facing."

Before entering the Pulse night club with the intent to slaughter those partying inside, Mateen called 911 and swore allegiance to the leader of the 'Islamic State's Abu Bakr al-Baghdadi, and recalled Tamerlan and Dzhokhar, the brothers responsible for the 2013 Boston Marathon terror attack.

For 20 minutes, the dispatchers did not understand what he was saying and lost the chance to triangulate his cellular phone's location and send police to nab him.

At the door of the club, he got into a brief exchange of fire with policeman before going in. Mateen went from room to room, firing well aimed semi-automatic rounds, killing tens of people, wounding tens more, and rounding up 30 people as hostages. He knew enough from his experience as a security guard to lock them in the restrooms which had no windows.

Long before the police, the city hall or any other official entity came to their senses, the club's management sent a message via social networks: 'Everyone get out of pulse and keep running.' For three precious hours, dozens of police cars and ambulances, with FBI agents, dog handlers, special bomb disposal units, and other security officials huddled outside the club without doing anything. During those hours only a few shots sounded and many of those wounded lost their lives from blood loss and lack of medical treatment.

Only at 5 am, did the special anti-terror unit enter the scene, with one team using small detonators and firing at the terrorist to distract him, while a force of 9 officers blew up the opposite wall and broke a hole through which they could enter, fire and kill the terrorist. This entire event took 4 minutes.

Despite the three-hour wait, not enough ambulances had reached the scene, and some of the casualties had to be driven in civilian vehicles.

Mateen committed his murderous assault on the 300 partygoers at the Pulse club with ease, due to a number of factors:

1. US law enforcement agencies have shown inexplicable tolerance toward Islamist extremists to the point that the Orlando killer was free to purchase an unlimited amount of deadly weapons.

2. Due to lack of coordination between intelligence and law enforcement agencies, this killer was able to gain employment with a firm that trains its personnel in the use of firearms.
3. As soon as the local police were alerted to gunfire at the door of the club, they should have swarmed in to neutralize the killer. The three-hour wait for the SWAT team's arrival betokened weakness and an unwillingness to fight, so leaving the horrendous event in the hands of the terrorist.
4. Pinning the dreadful episode on lack of gun control avoids the issue. Terrorists will always find murder weapons – if not guns, then homemade bombs like the Boston Marathon brothers, kitchen knives or vehicles. Even in countries with strict gun control, there is always a black market.

Dear Mayor,

I've heard rumors that the owners of Pulse want to renovate and rebuild the same building. I ask that you PLEASE intervene and ask that the entire building be demolished and MEMORIAL be built in it's place! To simply open for business as usual is disrespectful to the victims and their families! Where would the families come to visit for remembrance and solace? A dirty dance floor? Think of 9/11, offices were rebuilt, but in different locations and instead a beautiful memorial was constructed at the location of the towers. As a central florida resident, and someone who has been to Pulse many times, I'm asking that the city of Orlando do the same! A night club can be build anywhere, a memorial cannot.

Sincerely,

I am so humbled by your leadership and commitment to walk this journey with such courage and strength. I was watching the news and you were speaking with such clarity after hours of no sleep and I assume filled with emotions and confusion trying to make sense of this senseless day. I remembered at that moment the trials and tribulations of your election and the months afterwards thinking you must have a true love of our City to endure realizing God must had had a plan when testing you then for things to come in the future. I never saw your ego or judgement throughout this process just a humbled man lead by Gods grace. I am proud you are our Mayor.

Hello Mayor Dyer,

Our condolences for your loss. We stand united with Orlando and feel strongly that our organization can help people in your city feeling loss, despair, trauma and emotionally suffering. Our staff from the Amrit Yoga Institute of Fort McCoy, FL is willing to come and serve your community by offering free to the public (or if you prefer us to work with first responders, victims, families or another group first that is certainly agreeable) guided “yoga nidra” sessions. These guided meditations consciously reach and sustain the deepest levels of rest, and have a profound impact, scientifically proven to reduce all levels of stress. Trauma is the most severe form of stress and the sooner people receive support, the better. Similar therapies were offered in the aftermath of the Sandyhook shootings and we feel we could be of great service and benefit to the Orlando community at this time. Our founder, Gurudev yogi Amrit Desai is also willing to give a talk on the subject of healing around acts of violence.

We would most appreciate if you could direct us to the right people that can help us secure or explore possible venue space, communications to the public, etc to make this possible.

Humbly in service to you,

Importance: High

Dear Mayor Dyer,

Thank you for standing strong and firm and loving throughout this tragedy. You have been a good face and representative for Orlando, our city strong and beautiful. I was in California on Sunday when I heard the news, and even in the Carlsbad, and San Diego areas, businesses there were flying their flags at half-staff after the news reached them.

I am not sure who to direct this to, but I am a member of a National Organization that helps during times of crisis and upheaval. It is HOPE AACR - Animal Assisted Crisis Response. We have comfort dogs and their handlers who could be available when requested to provide comfort to anyone affected by this tragedy if so desired. We are more than willing to give of our time as volunteers for the community. We have helped in many other instances such as Virginia Tech, the Charleston shootings and at other venues throughout the southeast. If we can assist, please let us know.

Sincerely and with prayers for our people,

Subject: Our Community's Hearts and Prayers Are with Pulse Nightclub Shooting Victims and Their Families

This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

We are focused on identifying the victims and notifying their families. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: 407.246.4357. Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at 407.228.1448.

We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

“As this is a holiday weekend and I took a few steps to substantiate this morons credibility I don't feel it's coming this weekend but the 4th of July is close. He told me he hasn't given up on the football games and has operatives paid to make a mess in that stadium soon.”

He told me most times secret accounts are set up in Dubai and the money just transferred into those accounts for the terrorist payment. The phone call from the lab hardline was where Dr. Rice who was ultimately referred to as the "Sheikh" offered me 25 million USD to take out Disney. He told me if I accept to tell his man, who I am texting and if I back out or fail I can look over my shoulder for life waiting to die.

The "Sheikh told me he has 3 WDW employees already paid to do the job if I decide not to and they know of the consequences of their failure. The act is to be completed soon but not within the week my text told me. The story has a few other twists that bring belief; "beyond a reasonable doubt". I felt probable cause at the text of how the money is brought in paper worldwide. The Disney offer was the nail that made me decide that it's got to be looked into by someone above me.

What takes all the wind out of their sails if the stadium incident is truly a failed training exercise then it all goes in the toilet and kills their credibility. If it's true my testimony and hard copy evidence is what will be needed and should give me immunity. My issue was finding the truth in the stadium bombing.

attack happened. From the information you gave them they tracked me down via my newly registered Daytona Beach FL driver license. I guess you have contacts still.

He asked me about all of the other information in my emails about the UAE, money for terrorist's, bank accounts and the other information, but he never asked me about the Central FL threats, Orlando/Disney World threats, the 3 Terrorist Operatives that work at Walt Disney World and are ready to cause Major Damage to Central FL or any of the mentioned pending threats on or before the 4rth of July.

Maybe because both of our past relationships with the government was a rough love hate deal then maybe we are deemed "radioactive" and our intelligence/information is not worth Shit anymore. You go figure it???

Subject: 2015 Statement of Financial Interests (Form 1) reminder
Attachments: 2015 Statement of Financial Interests (Form 1).pdf

Good afternoon,

I'm sending you this email as a reminder of your obligation to file a 2015 Statement of Financial Interests (Form 1) on or before July 1, 2016. **Please file the form directly with the Supervisor of Elections Office in the county in which you reside.** For the majority of you, that is the Orange County Supervisor of Elections, 119 W. Kaley Street, Orlando 32801. I don't need a copy of your form since that information is published on both the Supervisor of Elections and the Florida Commission on Ethics websites. Detailed information and forms can be found on the Florida Commission on Ethics website at <http://www.ethics.state.fl.us/FinancialDisclosure/>, which states, in part:

"All elected state and local public officers are required to file a financial disclosure form and many appointed board members also must file. There are certain state and local employees who are also subject to the disclosure filing requirement because of the position they hold or because they have purchasing authority that exceeds \$20,000. [See Sections 112.3144 and 112.3145, Florida Statutes]."

"Financial disclosure is due July 1 of each year for the preceding calendar year. A grace period is in effect until September 1. If the disclosure is not filed or postmarked by September 1, an automatic fine of \$25 per day will begin to accrue, and will continue to build until the disclosure is filed, or the fine reaches \$1,500. Fines may be appealed to the Commission, which can waive or reduce the fine, if unusual circumstances prevented the filer from filing on time."

In addition to the form being available on the FCE website, I'm attaching a copy for your easy reference.

Please let me know if you have any questions regarding this filing requirement.

Thank you,
Beth

FILING INSTRUCTIONS:

WHAT TO FILE:

After completing all parts of this form, **including signing and dating it**, send back only the first sheet (pages 1 and 2) for filing.

If you have nothing to report in a particular section, you must write "none" or "n/a" in that section(s).

NOTE:

MULTIPLE FILING UNNECESSARY:

A candidate who previously filed Form 1 because of another public position must file a copy of his or her Form 1 when qualifying. A candidate who files a Form 1 with a qualifying officer is not required to file with the Commission or Supervisor of Elections.

Facsimiles will not be accepted.

WHERE TO FILE:

If you were mailed the form by the Commission on Ethics or a County Supervisor of Elections for your annual disclosure filing, return the form to that location.

Local officers/employees file with the Supervisor of Elections of the county in which they permanently reside. (If you do not permanently reside in Florida, file with the Supervisor of the county where your agency has its headquarters.)

State officers or specified state employees file with the Commission on Ethics, P.O. Drawer 15709, Tallahassee, FL 32317-5709; physical address: 325 John Knox Road, Building E, Suite 200, Tallahassee, FL 32303.

Candidates file this form together with their qualifying papers.

To determine what category your position falls under, see page 3 of instructions.

WHEN TO FILE:

Initially, each local officer/employee, state officer, and specified state employee must file **within 30 days** of the date of his or her appointment or of the beginning of employment. Appointees who must be confirmed by the Senate must file prior to confirmation, even if that is less than 30 days from the date of their appointment.

Candidates must file at the same time they file their qualifying papers.

Thereafter, file by July 1 following each calendar year in which they hold their positions.

Finally, file a final disclosure form (Form 1F) within 60 days of leaving office or employment. Filing a CE Form 1F (Final Statement of Financial Interests) does **not** relieve the filer of filing a CE Form 1 if the filer was in his or her position on December 31, 2015.

NOTICE

Annual Statements of Financial Interests are due July 1. If the annual form is not filed or postmarked by September 1, an automatic fine of \$25 for each day late will be imposed, up to a maximum penalty of \$1,500. Failure to file also can result in removal from public office or employment. [s. 112.3145, F.S.]

In addition, failure to make any required disclosure constitutes grounds for and may be punished by one or more of the following: disqualification from being on the ballot, impeachment, removal or suspension from office or employment, demotion, reduction in salary, reprimand, or a civil penalty not exceeding \$10,000. INSTRUCTIONS FOR COMPLETING FORM 1:

INTRODUCTORY INFORMATION (Top of Form): If your name, mailing address, public agency, and position are already printed on the form, you do not need to provide this information unless it should be changed. To change any of this information, write the correct information on the form, and contact your agency's financial disclosure coordinator. You can find your coordinator on the Commission on Ethics website: www.ethics.state.fl.us.

NAME OF AGENCY: The name of the governmental unit which you serve or served, by which you are or were employed, or for which you are a candidate.

OFFICE OR POSITION HELD OR SOUGHT: The title of the office or position you hold, are seeking, or held during the disclosure period even if you have since left that position. If you are a candidate for office or are a new employee or appointee, check the appropriate box.

PUBLIC RECORD: The disclosure form and everything attached to it is a public record. Your Social Security Number is not required and you should redact it from any documents you file. If you are an active or former officer or employee listed in Section 119.071, F.S., whose home address is exempt from disclosure, the Commission will maintain that confidentiality if you submit a written request.

DISCLOSURE PERIOD: The tax year for most individuals is the calendar year (January 1 through December 31). If that is the case for you, then your financial interests should be reported for the calendar year 2015; check that box. If you file your IRS tax return based on a tax year that is not the calendar year, you should specify the dates of your tax year in this portion of the form and check the appropriate box. This is the "disclosure period" for your report.

MANNER OF CALCULATING REPORTABLE INTEREST

Filers have the option of reporting based on either thresholds that are comparative (usually, based on percentage values) or thresholds that are based on absolute dollar values. The instructions on the following pages specifically describe the different thresholds. Check the box that reflects the choice you have made. You must use the type of threshold you have chosen for each part of the form. In other words, if you choose to report based on absolute dollar value thresholds, you cannot use a percentage threshold on any part of the form.

IF YOU HAVE CHOSEN DOLLAR VALUE THRESHOLDS THE FOLLOWING INSTRUCTIONS APPLY

PART A — PRIMARY SOURCES OF INCOME

[Required by s. 112.3145(3)(b)1, F.S.]

Part A is intended to require the disclosure of your principal sources of income during the disclosure period. You do not have to disclose the amount of income received, and you need not list your public salary from serving in the position(s) which requires you to file this form. The income of your spouse need not be disclosed; however, if there is joint income to you and your spouse from property you own jointly (such as interest or dividends from a bank account or stocks), you should disclose the source of that income if it exceeded the threshold.

Please list in this part of the form the name, address, and principal business activity of each source of your income which exceeded \$2,500 of gross income received by you in your own name or by any other person for your use or benefit.

"Gross income" means the same as it does for income tax purposes, even if the income is not actually taxable, such as interest on tax-free bonds. Examples include: compensation for services, income from business, gains from property dealings, interest, rents, dividends, pensions, IRA distributions, social security, distributive share of partnership gross income, and alimony, but not child support.

Examples:

— If you were employed by a company that manufactures computers and received more than \$2,500, list the name of the company, its address, and its principal business activity (computer manufacturing).

— If you were a partner in a law firm and your distributive share of partnership gross income exceeded \$2,500, list the name of the firm, its address, and its principal business activity (practice of law).

— If you were the sole proprietor of a retail gift business and your gross income from the business exceeded \$2,500, list the name of the business, its address, and its principal business activity (retail gift sales).

— If you received income from investments in stocks and bonds, list each individual company from which you derived more than \$2,500. Do not aggregate all of your investment income.

— If more than \$2,500 of your gross income was gain from the sale of property (not just the selling price), list as a source of income the purchaser's name, address and principal business activity. If the purchaser's identity is unknown, such as where securities listed on an exchange are sold through a brokerage firm, the source of income should be listed as "sale of (name of company) stock," for example.

— If more than \$2,500 of your gross income was in the form of interest from one particular financial institution (aggregating interest from all CD's, accounts, etc., at that institution), list the name of the institution, its address, and its principal business activity.

PART B — SECONDARY SOURCES OF INCOME

[Required by s. 112.3145(3)(b)2, F.S.]

This part is intended to require the disclosure of major customers, clients, and other sources of income to businesses in which you own an interest. It is not for reporting income from second jobs. That kind of income should be reported in Part A "Primary Sources of Income," if it meets the reporting threshold. You will not have anything to report unless, during the disclosure period:

(1) You owned (either directly or indirectly in the form of an equitable or beneficial interest) more than 5% of the total assets or capital stock of

a business entity (a corporation, partnership, LLC, limited partnership, proprietorship, joint venture, trust, firm, etc., doing business in Florida); and,

(2) You received more than \$5,000 of your gross income during the disclosure period from that business entity.

If your interests and gross income exceeded these thresholds, then for that business entity you must list every source of income to the business entity which exceeded 10% of the business entity's gross income (computed on the basis of the business entity's most recently completed fiscal year), the source's address, and the source's principal business activity.

Examples:

— You are the sole proprietor of a dry cleaning business, from which you received more than \$5,000. If only one customer, a uniform rental company, provided more than 10% of your dry cleaning business, you must list the name of the uniform rental company, its address, and its principal business activity (uniform rentals).

— You are a 20% partner in a partnership that owns a shopping mall and your partnership income exceeded the above thresholds. List each tenant of the mall that provided more than 10% of the partnership's gross income and the tenant's address and principal business activity.

PART C — REAL PROPERTY

[Required by s. 112.3145(3)(b)3, F.S.]

In this part, list the location or description of all real property in Florida in which you owned directly or indirectly at any time during the disclosure period in excess of 5% of the property's value. You are not required to list your residences. You should list any vacation homes if you derive income from them.

Indirect ownership includes situations where you are a beneficiary of a trust that owns the property, as well as situations where you own more than 5% of a partnership or corporation that owns the property. The value of the property may be determined by the most recently assessed value for tax purposes, in the absence of a more current appraisal.

The location or description of the property should be sufficient to enable anyone who looks at the form to identify the property. A street address should be used, if one exists.

PART D — INTANGIBLE PERSONAL PROPERTY

[Required by s. 112.3145(3)(b)3, F.S.]

Describe any intangible personal property that, at any time during the disclosure period, was worth more than \$10,000 and state the business entity to which the property related. Intangible personal property includes things such as cash on hand, stocks, bonds, certificates of deposit, vehicle leases, interests in businesses, beneficial interests in trusts, money owed you, Deferred Retirement Option Program (DROP) accounts, the Florida Prepaid College Plan, and bank accounts. Intangible personal property also includes investment products held in IRAs, brokerage accounts, and the Florida College Investment Plan. Note that the product contained in a brokerage account, IRA, or the Florida College Investment Plan is your asset—not the account or plan itself. Things like automobiles and houses you own, jewelry, and paintings are not intangible property. Intangibles relating to the same business entity may be aggregated; for example, CDs and savings accounts with the same bank. Property owned as tenants by the entirety or as joint tenants with right of survivorship should be valued at 100%. The value of a leased vehicle is the vehicle's present value minus the lease residual (a number found on the lease document).

PART E — LIABILITIES

[Required by s. 112.3145(3)(b)4, F.S.]

List the name and address of each creditor to whom you owed more than \$10,000 at any time during the disclosure period. The amount of the liability of a vehicle lease is the sum of any past-due payments and all unpaid prospective lease payments. You are not required to list the amount of any debt. You do not have to disclose credit card and retail installment accounts, taxes owed (unless reduced to a judgment), indebtedness on a life insurance policy owed to the company of issuance, or contingent liabilities. A "contingent liability" is one that will become an actual liability only when one or more future events occur or fail to occur, such as where you are liable only as a guarantor, surety, or endorser on a promissory note. If you are a "co-maker" and are jointly liable or jointly and severally liable, then it is not a contingent liability.

PART F — INTERESTS IN SPECIFIED BUSINESSES

[Required by s. 112.3145(5), F.S.]

The types of businesses covered in this disclosure include: state and federally chartered banks; state and federal savings and loan associations; cemetery companies; insurance companies; mortgage companies; credit unions; small loan companies; alcoholic beverage licensees; pari-mutuel wagering companies, utility companies, entities controlled by the Public Service Commission; and entities granted a franchise to operate by either a city or a county government.

Disclose in this part the fact that you owned during the disclosure period an interest in, or held any of certain positions with the types of businesses listed above. You must make this disclosure if you own or owned (either directly or indirectly in the form of an equitable or beneficial interest) at any time during the disclosure period more than 5% of the total assets or capital stock of one of the types of business entities listed above. You also must complete this part of the form for each of these types of businesses for which you are, or were at any time during the disclosure period, an officer, director, partner, proprietor, or agent (other than a resident agent solely for service of process).

If you have or held such a position or ownership interest in one of these types of businesses, list the name of the business, its address and principal business activity, and the position held with the business (if any). If you own(ed) more than a 5% interest in the business, indicate that fact and describe the nature of your interest.

PART G — TRAINING CERTIFICATION

[Required by s. 112.3142, F.S.]

If you are a Constitutional or elected municipal officer whose term began before March 31 of the year for which you are filing, you are required to complete four hours of ethics training which addresses Article II, Section 8 of the Florida Constitution, the Code of Ethics for Public Officers and Employees, and the public records and open meetings laws of the state. You are required to certify on this form that you have taken such training.

(End of Dollar Value Thresholds Instructions.)

IF YOU HAVE CHOSEN COMPARATIVE (PERCENTAGE) THRESHOLDS THE FOLLOWING INSTRUCTIONS APPLY

PART A — PRIMARY SOURCES OF INCOME

[Required by s. 112.3145(3)(a)1, F.S.]

Part A is intended to require the disclosure of your principal sources of income during the disclosure period. You do not have to disclose the amount of income received, and you need not list your public salary received from serving in the position(s) which requires you to file this form, but this amount should be included when calculating your gross income for the disclosure period. The income of your spouse need not be disclosed; however, if there is joint income to you and your spouse from property you own jointly (such as interest or dividends from a bank account or stocks), you should include all of that income when calculating your gross income and disclose the source of that income if it exceeded the threshold.

Please list in this part of the form the name, address, and principal business activity of each source of your income which exceeded 5% of the gross income received by you in your own name or by any other person for your benefit or use during the disclosure period.

"Gross income" means the same as it does for income tax purposes, even if the income is not actually taxable, such as interest on tax-free bonds. Examples include: compensation for services, income from business, gains from property dealings, interest, rents, dividends, pensions, IRA distributions, social security, distributive share of partnership gross income, and alimony, but not child support.

Examples:

- If you were employed by a company that manufactures computers and received more than 5% of your gross income from the company, list the name of the company, its address, and its principal business activity (computer manufacturing).
- If you were a partner in a law firm and your distributive share of partnership gross income exceeded 5% of your gross income, then list the name of the firm, its address, and its principal business activity (practice of law).
- If you were the sole proprietor of a retail gift business and your gross income from the business exceeded 5% of your total gross income, list the name of the business, its address, and its principal business activity (retail gift sales).
- If you received income from investments in stocks and bonds, list each individual company from which you derived

more than 5% of your gross income. Do not aggregate all of your investment income.

— If more than 5% of your gross income was gain from the sale of property (not just the selling price), list as a source of income the purchaser's name, address, and principal business activity. If the purchaser's identity is unknown, such as where securities listed on an exchange are sold through a brokerage firm, the source of income should be listed as "sale of (name of company) stock," for example.

— If more than 5% of your gross income was in the form of interest from one particular financial institution (aggregating interest from all CD's, accounts, etc., at that institution), list the name of the institution, its address, and its principal business activity.

PART B — SECONDARY SOURCES OF INCOME

[Required by s. 112.3145(3)(a)2, F.S.]

This part is intended to require the disclosure of major customers, clients, and other sources of income to businesses in which you own an interest. It is not for reporting income from second jobs. That kind of income should be reported in Part A, "Primary Sources of Income," if it meets the reporting threshold. You will **not** have anything to report **unless** during the disclosure period:

- (1) You owned (either directly or indirectly in the form of an equitable or beneficial interest) more than 5% of the total assets or capital stock of a business entity (a corporation, partnership, LLC, limited partnership, proprietorship, joint venture, trust, firm, etc., doing business in Florida); **and**,
- (2) You received more than 10% of your gross income from that business entity; **and**,
- (3) You received more than \$1,500 in gross income from that business entity.

If your interests and gross income exceeded these thresholds, then for that business entity you must list every source of income to the business entity which exceeded 10% of the business entity's gross income (computed on the basis of the business entity's most recently completed fiscal year), the source's address, and the source's principal business activity.

Examples:

— You are the sole proprietor of a dry cleaning business, from which you received more than 10% of your gross income—an amount that was more than \$1,500. If only one customer, a uniform rental company, provided more than 10% of your dry cleaning business, you must list the name of the uniform rental company, its address, and its principal business activity (uniform rentals).

— You are a 20% partner in a partnership that owns a shopping mall and your partnership income exceeded the thresholds listed above. You should list each tenant of the mall that provided more than 10% of the partnership's gross income, and the tenant's address and principal business activity.

PART C — REAL PROPERTY

[Required by s. 112.3145(3)(a)3, F.S.]

In this part, list the location or description of all real property in Florida in which you owned directly or indirectly at any time during the disclosure period in excess of 5% of the property's value. You are not required to list your residences. You should list any vacation homes, if you derive income from them.

Indirect ownership includes situations where you are a beneficiary of a trust that owns the property, as well as situations where you own more than 5% of a partnership or corporation that owns the property. The value of the property may be determined by the most recently assessed value for tax purposes, in the absence of a more current appraisal.

The location or description of the property should be sufficient to enable anyone who looks at the form to identify the property. A street address should be used, if one exists.

PART D — INTANGIBLE PERSONAL PROPERTY

[Required by s. 112.3145(3)(a)3, F.S.]

Describe any intangible personal property that, at any time during the disclosure period, was worth more than 10% of your total assets, and state the business entity to which the property related. Intangible personal property includes things such as cash on hand, stocks, bonds, certificates of deposit, vehicle leases, interests in businesses, beneficial interests in trusts, money owed you, Deferred Retirement Option Program (DROP) accounts, the Florida Prepaid College Plan, and bank accounts. Intangible personal property also includes investment products held in IRAs, brokerage accounts, and the Florida College Investment Plan. Note that the product *contained* in a brokerage account, IRA, or the Florida College Investment Plan is your asset—not the account or plan itself. Things like automobiles and houses you own, jewelry, and paintings are not intangible property. Intangibles relating to the same business entity may be aggregated; for example, CD's and savings accounts with the same bank.

Calculations: To determine whether the intangible property exceeds 10% of your total assets, total the fair market value of all of your assets (including real property, intangible property, and tangible personal property such as jewelry, furniture, etc.). When making this calculation, do not subtract any liabilities (debts) that may relate to the property. Multiply the total figure by 10% to arrive at the disclosure threshold. List only the intangibles that exceed this threshold amount. The value of a leased vehicle is the vehicle's present value minus the lease residual (a number which can be found on the lease document). Property that is only jointly owned property should be valued according to the percentage of your joint ownership. Property owned as tenants by the entirety or as joint tenants with right of survivorship should be valued at 100%. None of your calculations or the value of the property have to be disclosed on the form.

Example: You own 50% of the stock of a small corporation that is worth \$100,000, the estimated fair market value of your home and other property (bank accounts, automobile, furniture, etc.) is \$200,000. As your total assets are worth \$250,000, you must disclose intangibles worth over \$25,000. Since the value of the stock exceeds this threshold, you should list "stock" and the name of the corporation. If your accounts with a particular bank exceed \$25,000, you should list "bank accounts" and bank's name.

PART E — LIABILITIES

[Required by s. 112.3145(3)(b)4, F.S.]

List the name and address of each creditor to whom you owed any amount that, at any time during the disclosure period, exceeded your net worth. You are not required to list the amount of any debt or your net worth. You do not have to disclose: credit card and retail installment accounts, taxes owed (unless reduced to a judgment), indebtedness on a life insurance policy owed to the company of issuance, or contingent liabilities. A "contingent liability" is one that will become an actual liability only when one or more future events occur or fail to occur, such as where you are liable only as a guarantor, surety, or endorser on a promissory note. If you are a "co-maker" and are jointly liable or jointly and severally liable, it is not a contingent liability.

Calculations: To determine whether the debt exceeds your net worth, total all of your liabilities (including promissory notes, mortgages, credit card debts, judgments against you, etc.). The amount of the liability of a vehicle lease is the sum of any past-due payments and all unpaid prospective lease payments. Subtract the sum total of your liabilities from the value of all your assets as calculated above for Part D. This is your "net worth." List each creditor to whom your debt exceeded this amount unless it is one of the types of indebtedness listed in the paragraph above (credit card and retail installment accounts, etc.). Joint liabilities with others for which you are "jointly and severally liable," meaning that you may be liable for either your part or the whole of the obligation, should be included in your calculations at 100% of the amount owed.

Example: You owe \$15,000 to a bank for student loans, \$5,000 for credit card debts, and \$60,000 (with spouse) to a savings and loan for a home mortgage. Your home (owned by you and your spouse) is worth \$80,000 and your other property is worth \$20,000. Since your net worth is \$20,000 (\$100,000 minus \$80,000), you must report only the name and address of the savings and loan.

PART F — INTERESTS IN SPECIFIED BUSINESSES

[Required by s. 112.3145, F.S.]

The types of businesses covered in this disclosure include: state and federally chartered banks; state and federal savings and loan associations; cemetery companies; insurance companies; mortgage companies; credit unions; small loan companies; alcoholic beverage licensees; pari-mutuel wagering companies, utility companies, entities controlled by the Public Service Commission; and entities granted a franchise to operate by either a city or a county government.

Disclose in this part the fact that you owned during the disclosure period an interest in, or held any of certain positions with, the types of businesses listed above. You are required to make this disclosure if you own or owned (either directly or indirectly in the form of an equitable or beneficial interest) at any time during the disclosure period more than 5% of the total assets or capital stock of one of the types of business entities listed above. You also must complete this part of the form for each of these types of businesses for which you are, or were at any time during the disclosure period, an officer, director, partner, proprietor, or agent (other than a resident agent solely for service of process).

If you have or held such a position or ownership interest in one of these types of businesses, list the name of the business, its address and principal business activity, and the position held with the business (if any). If you own(ed) more than a 5% interest in the business, indicate that fact and describe the nature of your interest.

PART G — TRAINING CERTIFICATION

[Required by s. 112.3142, F.S.]

If you are a Constitutional or elected municipal officer whose term began before March 31 of the year for which you are filing, you are required to complete four hours of ethics training which addresses Article II, Section 8 of the Florida Constitution, the Code of Ethics for Public Officers and Employees, and the public records and open meetings laws of the state. You are required to certify on this form that you have taken such training.

I can promise you that the United Kingdom stands in complete solidarity with the people of Orlando in the face of this act of terror and hate. We commend your emergency services for the speed of their response and the courage they have shown. We know that the people of Orlando will pull together, and that the rest of the United States, and indeed the wider international community, will stand by you as you begin to deal with this appalling loss of life.

Dear Mayor Dyer,

I know you will have received the attached letter of condolence from the Ambassador. I would just like to add my sincerest condolences on behalf of UK in Florida.

Florida remains the UK's leading US destination with the City of Orlando at the heart of this as a place where British citizens love to visit and make their lives. I spent the last couple of days in Orlando watching at first hand the outstanding work of the City's first responders, from law enforcement and medical to family support and counselling. I can only say that we are full of admiration for the way in which both the operational side was handled and how the community pulled together in face of such a horrific act. I would also like to give a special mention to the excellent Office of Emergency Management under Manny Soto who were extremely helpful to our Consular team as we sought information about potential UK casualties (as far as we know there were none).

As the Ambassador says, the UK stands in complete solidarity with the people of Orlando, Orange County, Florida and the USA in our determination not to allow such heinous acts of terror and hate to divide our communities or undermine our values.

Our thoughts are with you, your team and community deal with this terrible event.

Sincerely,

Dave.

Orlando, FL 32802

Dear Mayor Dyer,

On behalf of the people of Kalamazoo, I want to convey our community's heartfelt condolences to the people of Orlando, to those wounded, and to the families and friends of those who lost their lives as a result of the unspeakable atrocities that were committed last weekend. Please know that the people of Kalamazoo stand with you, the City of Orlando, and its people, and our thoughts, prayers, and best wishes are with you.

We are mourning this senseless loss of life and wishing for the speedy recovery of those wounded. The people of Kalamazoo empathize; we are unfortunately among the growing list of communities that have been visited by this type of tragedy, something no community should have to experience. I am confident that the City of Orlando will not be defined by this violence, but by the love, compassion, and generosity your community has displayed in response.

Mayor, may our support offer you some amount of comfort in knowing your fellow citizens across the nation and world stand with you. Please do not hesitate to let me know if I can be of assistance during this difficult time.

Supporting the Journey,

Buddy, as a fellow OHS graduate, I couldn't have been more proud of the way you handled a crisis, of a magnitude, no other mayor in the nation has experienced; and God-willing never will again. In fact, the organization and information sharing sessions with partners that included law enforcement, ORMC trauma teams, the City of Orlando, business leaders, advocacy groups, as well as, County officials clearly demonstrated a public face of unity that showed the nation, and the world, what a compassionate, responsive and generous community we are. And, I was brought to tears by your speech at the Dr. Phillips Center. There is great regional solidarity and sometimes we don't recognize that until tragedy hits. As the Country is One with Orlando, so is Osceola. With our demographics it is no surprise many victims are residents of Osceola County and a great number of families are affected. The Kissimmee Osceola County Chamber of Commerce has a Hispanic Business Council, and a Foundation, that could be utilized. There may be other groups, like Osceola County's Human Services, non-profits and advocacy groups who could provide representation on the regional healing committees you appoint in the aftermath. Community Vision has a reputation as the community convener and I make myself available to be a connection here in Osceola County. If you need to organize a meeting of any kind, set up in a convenient place to offer services, (transportation is a big issue here), etc. please reach out to me and my organization. After the initial crisis is over, and we begin to recover from this horror, Community Vision really wants to be helpful as connectors and supports should the need arise

Subject: Our Community's Hearts and Prayers Are with Pulse Nightclub Shooting Victims and Their Families

This morning our community, and our nation, experienced a horrific crime. Our hearts and prayers are with the victims and their families.

We are dealing with a tragedy that we never could have imagined. What happened this morning in our city could have happened in any community in the country. President Barack Obama has provided the support of the federal government, and Governor Rick Scott accepted my request for a state of emergency in the City. This allows us to bring in additional resources to support our efforts.

We are focused on identifying the victims and notifying their families. Law enforcement is working the scene as efficiently and diligently as possible while being respectful to the remains of the deceased. The names of the victims after their next of kin have been notified are being added to cityoforlando.net/victims.

I am proud of how our community has responded to this tragedy. Our dedicated first responders and hospital staff deserve our thanks. Their actions have saved many lives. And today many residents donated blood to help the victims and joined one another to lend support.

We have set up a hotline for family members of the victims: 407.246.4357. Aspire Health has also offered grief counselors through the Zebra Coalition who can be reached at 407.228.1448.

We understand our community is grieving and that vigils are being planned but please hold off on vigils - they represent a serious strain on our limited City and public safety resources, which we need to dedicate to law enforcement and victims.

If you are seeking a location to leave memorial items, please use the green space in front of the Dr. Phillips Center for the Performing Arts in Downtown Orlando.

Despite the fact that this crime will have a lasting effect on our city and country, Orlando is a strong community. We will be grieving together in the upcoming days, weeks and months. We need to support each other and love each other. This tragedy will not define us, but will bring us together.

- Buddy Dyer, Mayor

His Holiness The Most Holy Father The Pope Francis

Your Holiness The Most Holy Father The Pope Francis,

My adversary premeditatedly murdered US Supreme Court Mr. Justice Antonin Scalia, a Catholic, on February 13, 2016 by means of sorcery. It definitely appears that my adversary has either appointed Mr. Donald Trump as the next President of the United States of America or is wooing him.

On February 12, 2016, I read that Liberty University awarded Mr. Donald Trump with an "Honorary Doctor of Business (Hon. D.B.)" in 2012. Liberty University, in Lynchburg Virginia, is a Southern Baptist University. I had a Southern Baptist Pastor in Illinois named Pastor John Calio, who graduated from Liberty University, was a former realtor and son of a realtor. "Calio" and "Scalia" have very similar spellings. "Antonin" rhymes with "Yohanan," and, phonetically, almost seems like the opposite or reversal of "Yohanan" (John), and vice versa. Both Calio and Mr. Justice Antonin Scalia said they were Italian. Pastor John Calio often wore a hat, and told me that it was Italian and that the Mafia wore a hat like that.

Mr. Donald Trump is Presbyterian. The President of my Christian Evangelical College in Illinois is a former Pastor of a Presbyterian Church called "Tenth Presbyterian Church" in Philadelphia, Pennsylvania. When he became College President, my State university in Moorhead, Minnesota had a tenth President. My adversary appears to have a vendetta against President Ronald Reagan.

Mr. Justice Antonin Scalia is the third Justice of the US Supreme Court appointed by US President Ronald Reagan to have been ousted by my adversary since 2001. The other two, Mr. Chief Justice William Rehnquist and Justice Sandra Day O'Connor, were ousted during President George W Bush's Presidency.

Please read about the premeditated murders of US Mr. Chief Justice William Rehnquist, First Lady Nancy Reagan, and others in my lengthier report.

My adversary is an agent of an Evangelical Christian organization in USA who sent a Trojan Horse of professional lascivious and licentious rapists named Mr. Andrew Miller Wolfe, Mr. Benjamin Engle Wolfe, Ms. Carrie Andreson, and Mr. Aaron Derstine to me in 2001 to rape me and who gang-raped me. This same Evangelical organization appointed US President George W Bush and US Mr. Chief Justice John Roberts to the Offices of US Presidency and US Supreme Court Chief Justice respectively. This same Evangelical Christian organization has been ruling and reigning USA since the appointment of US President George W Bush.

I am devastated, deeply grieved, and very sorry for the sad and premeditated murder of Mr. Justice Antonin Scalia. May God bless Mrs. Antonin Scalia and the bereaved family of Mr. Justice Antonin Scalia. May God Bless the United States of America.

The Lord bless you, and keep you;
The Lord make His face shine on you,
And be gracious to you;
The Lord lift up His countenance on you,
And give you peace.
Numbers 6:24-26.

God bless America,
Land that I love
Stand beside her, and guide her
Through the night with a light from above.
From the mountains, to the prairies,
To the oceans, white with foam
God bless America, My own sweet home
God bless America, My home sweet home.

I'm proud to be an American,
where at least I know I'm free.
And I won't forget the men who died,
who gave that right to me.
And I gladly stand up,
next to you and defend her still today.
'Cause there ain't no doubt I love this land,
God bless the USA.

If tomorrow all the things were gone,
I'd worked for all my life.

And I had to start again,
with just my children and my wife.
I'd thank my lucky stars,
to be livin here today.
'Cause the flag still stands for freedom,
and they can't take that away.

And I'm proud to be an American,
where at least I know I'm free.

And I won't forget the men who died,
who gave that right to me.

And I gladly stand up,
next to you and defend her still today.

'Cause there ain't no doubt I love this land,
God bless the USA.

From the lakes of Minnesota,
to the hills of Tennessee.

Across the plains of Texas,
From sea to shining sea.

From Detroit down to Houston,
and New York to L.A.

Well there's pride in every American heart,
and it's time we stand and say,

That I'm proud to be an American,
where at least I know I'm free.

And I won't forget the men who died,

who gave that right to me.

And I gladly stand up,

next to you and defend her still today.

'Cause there ain't no doubt I love this land,

God bless the USA.

And I'm proud to be an American,

where at least I know I'm free.

And I won't forget the men who died,

who gave that right to me.

And I gladly stand up,

next to you and defend her still today.

'Cause there ain't no doubt I love this land,

God bless the USA.

My country 'tis of thee,

Sweet land of liberty,

Of thee I sing.

Land where my fathers died!

Land of the Pilgrim's pride!

From every mountain side,

Let freedom ring!

My native country, thee,

Land of the noble free,

Thy name I love.

I love thy rocks and rills,

Thy woods and templed hills;
My heart with rapture fills
Like that above.

Let music swell the breeze,
And ring from all the trees
Sweet freedom's song.
Let mortal tongues awake;
Let all that breathe partake;
Let rocks their silence break,
The sound prolong.

Our father's God, to Thee,
Author of liberty,
To Thee we sing.
Long may our land be bright
With freedom's holy light;
Protect us by Thy might,
Great God, our King!

America America
God shed his grace on thee
and crown thy good with brotherhood
From sea to shining sea

God save our gracious Queen

Long live our noble Queen

God save the Queen

Send her victorious

Happy and glorious

Long to reign over us

God save the Queen

O Lord our God arise

Scatter her enemies

And make them fall

Confound their politics

Frustrate their knavish tricks

On Thee our hopes we fix

God save us all

Thy choicest gifts in store

On her be pleased to pour

Long may she reign

May she defend our laws

And ever give us cause

To sing with heart and voice

God save the Queen

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

O say can you see by the dawn's early light,

What so proudly we hailed at the twilight's last gleaming,

Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there;
O say does that star-spangled banner yet wave,
O'er the land of the free and the home of the brave?

Your humble servant, in Christ,

Rev. [REDACTED]

His Holiness The Most Holy Father Pope Francis

Your Holiness The Most Holy Father Pope Francis,

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

O say does that star-spangled banner yet wave,

Please would you forgive me? I am very sorry. I humbly beg Your Holiness The Most Holy Father Pope Francis, on my knees, for your mercy, pardon, amnesty, and grace. I humbly apologize. Thank you.

I am devastated, deeply grieved, and very sorry for the sad suffering and passing away of Seminary Professor and Spiritual Director Father Raymond Gawronski S.J. on April 14, 2016. Father Raymond Gawronski S.J. was ordained a Priest of the Maryland Province of the Society of Jesus in 1986. My home is in Maryland. Please would you forgive me and cancel my debt to you? I am very sorry.

TWO YEARS AT SAINT PATRICK'S SEMINARY

200 CHRISTIAN HOMES BURNT IN JOSEPH COLONY, PAKISTAN

TWO YEARS v. TWO HUNDRED

March 13, 2013: Your Holiness The Most Holy Father Pope Francis became Pope

March 14, 2013: My adversary used power, orders, and sorcery to burn down 200 Christian homes in Joseph Colony, Pakistan

About April 2014: Father Raymond Gawronski S.J. joined Saint Patrick's Seminary. He was at Saint Patrick's Seminary for the last two years of his life.

It appears that my adversary tried to give the appearance that by murdering Father Raymond Gawronski S.J., he was vindicating the burning down of 200 Christian homes the day after Your Holiness became Pope. Please do not believe his lies.

TWO YEARS AT SAINT PATRICK'S SEMINARY

ONE MONTH CANCER

Both Dr. Herbert Wolf and Father Raymond Gawronski S.J. got Cancer and died within a month. I was at my Christian College in Illinois for two years. Father Raymond Gawronski S.J. spent the last two years of his life as Spiritual Director and Professor at Saint Patrick's Seminary. I requested Dr. Herbert Wolf to be my Graduate Advisor for my MA in Biblical Theology and Bible Translation Consultant and he readily agreed. Father Raymond Gawronski S.J. was the Spiritual Director and Theology Professor.

The Evangelical organization in Illinois appointed President George W Bush to Office because I had a Professor, Dr. Herbert Wolf. He got Cancer and died within a month while I was his student. I requested the College Chaplain to include a prayer request in the College's bulletin requesting prayer for Dr. Wolf's healing but he refused. Later I requested many students to ask the Chaplain to put a prayer request in the College's bulletin for Dr. Wolf's healing because I felt he would yield to public opinion, and he did. The Chaplain forbade me to request Christian Churches to pray for Dr. Wolf's healing. He said we must respect his privacy. Hence, I called Dr. Wolf for permission and his son, Phil, gave it to me. Phil opened a new email account, gave me its password, and permission to use it to send emails to Churches to pray for Dr. Wolf's healing. I emailed many Southern Baptist Churches and offices of Dr. Herbert Wolf's Bible Translation ministry to pray for his healing. Dr. Wolf's daughter and a Director of his ministry emailed

me to thank me. I was in regular touch with Phil on the phone. Dr. Wolf came to the phone and talked with me on the last day of his life. I would have liked to request him for a one-line letter but I did not ask him because he was dying and I did not want to take up his time. The Theology Department Chairman Dr. Andrew substituted in Dr. Herbert Wolf's classes. Please consider that the combination of the names Andrew (from the Chairman's name) and Wolfe (from Dr. Herbert Wolfe's name) form the name "Andrew Wolfe." The Evangelical organization in Illinois named President George W Bush the President after Dr. Herbert Wolf because President George W Bush was the son of President George Herbert W Bush. The Evangelical organization sent a Trojan Horse to rape me and steal my Ministry database of email addresses because I emailed Churches to pray for Dr. Herbert Wolf's healing from Cancer against the Chaplain's orders. For this reason alone, the Evangelical organization is harassing Her Excellency Hillary Clinton with false accusations concerning emails. Her Excellency Hillary Clinton has been in Government leadership since before 2003. Her Excellency Hillary Clinton was Presidential Partner from January 20, 1993 – January 20, 2001, US Senator from January 3, 2001 – January 21, 2009, and US Secretary of State from January 21, 2009 – February 1, 2013. In May 2016, my adversary closed down my AOL account. My adversary gave me electric shocks for six hours on June 12, 2016. My adversary blocked my internet for most of the day on June 12, 2016 from emailing the Catholic Church.

PRESIDENTS OF SAINT PATRICK'S SEMINARY

My adversary plotted the murder of Father Raymond Gawronski S.J. way back in April 2014 by taking Father Raymond Gawronski S.J. to Saint Patrick's Seminary during Most Reverend Bishop Thomas Daly's Presidency. My adversaries left me in 2003. From 2003, there has been a systematic and violent ouster of leaders in USA and replacement with my adversaries' own appointees. Almost immediately after my adversaries left me in 2003, they have appointed Presidents of Saint Patrick's Seminary since 2004. They have replaced top leaders of many Christian denominations in USA and Europe with their own appointees.

It appears that the Evangelical Christian organization, that tried to devastate me, influenced the abrupt ouster of President Father James McKearney and the appointment of Bishop Thomas Daly as President; and the next year brought Father Raymond Gawronski to Saint Patrick's Seminary.

Throughout the sequence of Presidents McKearney, Daly, and Stevens, there is a sequence of Darren or Joshua.

THE MOST MERCIFUL AND GRACIOUS MOST REVEREND BISHOP THOMAS DALY September 2013 to June 1, 2014

REVEREND DARREN AVINASH ADWALPALKER

(Darren + Pat) killed Golwalla. Darren killed me because I saw him enjoying a man's cheek on his pat. Rev. Gawronski was a type of Golwalla. When Rev. Gawronski went to (Daly + Pat), that killed him. In Gujarati, Gawr = Gor = Gol. Darren = dar = dal = Daly. Pat = stomach in Gujarati. Pat = St. Patrick's Seminary.

In two different dialects of Gujarati, dal and dar are both words for an Indian dish of pureed and spiced legumes, gram, or pulse. Dal or dar is the staple food of India. In Gujarati and Hindi, the word is "Dal" and in Zoroastrian-Gujarati, the word is "dar."

According to Catholic News Agency report dated, April 21, 2016, “Fr. Gawronski spent the last two years of his life serving as a Spiritual Director and Professor at St. Patrick's Seminary.” According to a report in the National Catholic Reporter, dated February 21, 2014, The Most Gracious and Honorable Most Reverend Bishop Thomas Daly was President of the Seminary from September 2013 to June 1, 2014, and Father Gladstone Stevens has been President of the seminary since June 1, 2014. This implies that Father Raymond Gawronski S.J. first became Professor at the Seminary in about April 2014 when Most Reverend Bishop Thomas Daly was President.

Father Raymond Gawronski S.J. was for some 10 years spiritual director and a theology professor at St. John Vianney Seminary in Denver, Colo, prior to April 2014. The Pastor of St. John Vianney Catholic Church in Prince Frederick, Maryland has been Father Peter Daly since October 1994, according to the Church's website. My adversaries were sent to my home in Frederick County Maryland. Has The Most Honorable and Gracious Father Peter Daly truthfully been Pastor of St. John Vianney Catholic Church since 1994 or did he become Pastor there after 2003? I have difficulty believing his bio. Subverting a murder investigation is a felony. When I called Saint Patrick's Seminary in Menlo Park, CA to ask when Father Raymond Gawronski S.J. joined that Seminary, the telephone operator told me that she was the Office Manager and Father Raymond Gawronski S.J. joined the Seminary in August 2013. I believed that she said that because Father James McKearney became President in September 2013. I responded to the Office Manager that the news reports said that Father Raymond Gawronski S.J. had spent the last two years of his life at Saint Patrick's Seminary. The Office Manager responded, “They are wrong.” My adversaries appointed Most Honorable Father Peter Daly a Pastor in Prince Frederick Maryland because “dal” and “dar” imply Darren.

“Daly” has “dal” in it, and “Darren” has “dar” in it. Darren's father is from India and later New York. Please read my longer report about devastations in New York. I have known Indian Pastors who named their children American names after Indian words. For Example, one Pastor named his daughter Mona Lisa because “mona” in Gujarati means “mouth” (which implies hidden microphones) and his other daughter Joy because it resembles “jai,” a Hindi word used often in Hindu worship. My own Honorable Pastor and Father-in-the-Lord called his son “Davey,” because his son's name was David. Davey means “goddess” in Hindi.

Incidentally, Apostle Thomas is regarded as the Patron Saint of India and is said to have traveled outside Rome to preach the Gospel in present day India.

My adversary took Father Raymond Gawronski S.J. to Saint Patrick's Seminary when Bishop Thomas Daly was President just so he would have an excuse to premeditatedly murder him. My adversary conspired to murder Father Raymond Gawronski S.J. since about April 2014 by taking him to Saint Patrick's Seminary during Most Reverend Bishop Daly's Presidency. Naturally, I am not blaming the Most Honorable Most Reverend Bishop Daly's Presidency for the death of Father Raymond Gawronski S.J. but Darren's crime and sin.

President James Daly has been President of Focus on the Family, an Evangelical Christian organization, since 2005. Is it a mere coincidence that Father McKearney's first name is James, the same as the first name of President James Daly of "Focus on the Family"? In 1997, President James Daly completed his MBA in International Business at Regis University, in Denver, Colorado. In 2009 President James Daly received an honorary Doctor of Letters degree from Colorado Christian University, in Denver. Father Raymond Gawronski S.J. was formerly Spiritual Director and Professor in Denver.

"Dar" means "fear," in Hindi. Molar tooth is called "darr" in Zoroastrian-Gujarati and "Dadh" in Gujarati, and Hindi. "Darr" is in "Darren." Please read "TEETH" above.

Again, Dal or dar are Zoroastrian-Gujarati and Gujarati words for pureed and spiced legumes, gram, or pulse, a staple food in India. Please read "Darren Avinash Adwalpalker". "Gram" sounds like "Graham."

DAL: GRAM

GRAHAM

In Gujarati, dal is a gram, or pulse.

<http://www.merriam-webster.com/dictionary/gram>

"Gram" sounds similar to "Graham." My Evangelical Christian College in Wheaton, Illinois had a Missions newsletter called Pulse most likely because pulse is gram and Dr. Billy Graham is their alumnus.

It was at the Billy Graham Library in Wheaton, Illinois, that Mrs. Susan Sauer stopped me and Mr. Mark Riniker offered me a kiss which I rejected.

One of the types of Dal is Chana Dal which is garbanzo beans or chick peas. Chick peas are gram.

THE HONORABLE PRESIDENT FATHER GERALD BROWN 2004 – 2009

My adversaries appointed Father Gerald Brown as President in 2004, the very year after they left me in 2003.

Christine Brown Esq and her brother Mr. James Brown knew me at my Christian College in Illinois. Mr. James Brown came to my apartment in very short indecent shorts, and asked me, "Let's go watch videos." I declined. He was in indecent very short shorts. Mr. James Brown grabbed his thighs, and said to me, "Here, grab this. This is flesh." He asked me to go watch movies with him. Mr. James Brown came to my apartment about two times. After I refused to go to the movies with him or grab his thighs, he stopped coming to my home and started visiting my neighbor regularly instead, perhaps so he would run into me. I never saw him visit my neighbor before he asked me out to movies or asked me to grab his thighs.

About January 2007 Christine Brown Esq travelled 700 miles from Wheaton Illinois to Frederick Maryland to infiltrate Maryland's legal system

June 27, 2007 Prime Minister Gordon Brown becomes Prime Minister of United Kingdom. Gordon Lindsay was my Bible College Christ for the Nations' Founder's name.

March 25, 2010 Mrs. Gordon Lindsay, my Bible College, Christ for the Nation's Co-founder passes away

May 11, 2010 Prime Minister Gordon Brown stops being Prime Minister

My Bible College, Christ for the Nations, added "James" as the first name of their Founder Gordon Lindsay, in honor of Mr. James Brown, brother of Christine Brown Esq.

THE HONORABLE PRESIDENT FATHER JAMES MCKEARNEY July 1, 2009 – September 16, 2013

<http://ncronline.org/news/people/surprise-resignation-stuns-california-seminary-students-faculty>

The Honorable President Father James McKearney first joined the faculty of St. Patrick's Seminary in 1999, the year I joined my Christian College in Wheaton Illinois. My adversary devastated Illinois Governor George Homer Ryan and US Congressman Anthony Weiner because they took their Offices in 1999.

"McKearney" is very similar to "McKinney." Replace "I" in McKinney with "ear," and you get "McKearny." "I" and "ear" are both terms for "Investigator." "Ear" is the person who eavesdrops secretly with secret microphones. I purchased a car from Honda Cars of

McKinney Texas in 1992. Then my adversary tried to spoil that pleasant memory by taking me to Joshua in McKinney Texas in December 1999. Please read "Joshua Y2K" in my longer paper. The Honorable President Father James McKearney was appointed President because of my visit to Joshua in McKinney.

Is it a mere coincidence that Father McKearney's first name is James, the same as the first name of President James Daly of "Focus on the Family"? President James Daly became President in 2005.

http://www.stpsu.edu/images/stories/downloads-and-pdf/Spring_Patrician_2009.pdf

It is evident to me that President Father James McKearney was abruptly ousted by my adversary to bring Father Raymond Gawronski S.J. to Saint Patrick's Seminary under The Most Merciful and Gracious Most Reverend Bishop Thomas Daly. My adversary is a non-Catholic Evangelical organization in USA that sent a Trojan Horse to rape me and who gang raped me.

National Catholic Reporter's report dated October 8, 2013 states, "Morey said Cordileone himself met with faculty and staff the day of the resignation to share that he "had given it careful consideration" and "would not have made the move if he did not think it was warranted," and "he was abundantly clear that nothing immoral or illegal was involved" on McKearney's part." May I please humbly and respectfully submit to you that the figure "916" of the date September 16, 2013 refers to my home address and my personal experience? Please read below. I humbly submit to you that my adversary was dictating the actions of the seminary and the leadership of the seminary was obeying him wrongly believing that they were acting in America's best interests.

916 (September 16, 2013):

is my home address in Maryland.

All the dates below are 4-4 (April 4), except one which is 9-4 (September 4):

April 4, 1841: US President William Henry Harrison passed away in Office;

April 3, 2004: Feroze Golwalla was brutalized by Police in Sumnerville, Kansas;

April 4, 2005: Feroze Golwalla was brutalized by Police in Burleson, Texas;

September 4, 2007 Feroze Golwalla was brutalized by Police in Irving, Texas. September =9. April = 4. $5+4 = 9$;

April 4, 2011 Feroze Golwalla brutalized by Frederick City Police at 11 PM at his home in Maryland.

My adversary chose 9 (September) one year instead of 4 (April) because 4 is similar to 9 in that there are 5 fingers on each hand. If you keep 4 fingers out on one hand, then 4 plus 5 from the other hand make 9. Therefore, 416 implies 916.

My adversary has murdered many by the name of Steve. To my adversary, Stevens is simply the plural of Steve (Please read “Tim” and “Tims” in my longer report).

After my adversaries left me in 2003, my adversary premeditatedly murdered Professor Dr. Steve Bernfeld, my Mathematics Professor, friend, and next door neighbor; Rev. Steve Snyder (Maryland), President of a ministry for the Persecuted Church with whom I used to talk regularly prior to 1999; Sister Jessica, wife of Pastor Steve in Illinois; Ms. Maria Sue, Daughter Of Steven Curtis Chapman; Steven Sotloff was beheaded (“loff” sounds like “laugh” and “Hans” means “laugh” in Hindi); and Mr. Steve Jobs, Founder of Apple Computers, only because their name was Steve or they were related to someone named Steve.

I knew of a pervert named Mr. Joshua Miekley at my Christian College in Wheaton, Illinois who called himself Steve. Mr. Joshua Miekley left me with Darren who participated in the homosexual activity.

ONSKI, EAR, SPOKANE

Please consider that there is a recurring theme of eyes and ears in “Gawronski,” “McKearney,” and “Spokane.” Investigators who eavesdrop are called “Eyes” and “ears.” “Eyes” and “ears” have been notifying you that they are involved at the Saint Patrick’s Seminary.

“Gawronski” has “onski” in it. “Onski” resembles the word for “eyes” in Hindi. Onk implies pig which is a slang for Police.

“McKearney” has “ear” in it. I submit to you that “I” in “McKinney” has been replaced with “Ear” deliberately to notify the involvement of “eyes” and “ears.”

The Most Gracious and Honorable Merciful and Just Bishop Daly is the Bishop of Spokane. Again, the word “Spokane” has spoke which suggest microphones which “Ears” use.

TROJAN HORSE

In 2001, an Evangelical Christian organization in USA sent a Trojan Horse named Mr. Andrew Miller Wolfe, Mr. Benjamin Engle Wolfe, Ms. Carrie Andreson, and Mr. Aaron Derstine to me to rape me and who gang-raped me. They came under the pretext of helping me evangelize Zoroastrians but were truthfully sent to rape and devastate me. They had fluency in my Gujarati language which is spoken by Zoroastrians. They could read, write, type, and speak the Zoroastrian Gujarati language fluently like a native but they lied to me that I taught them this language within two months. They gang raped me and lived in my house in Maryland for free for two years without ever paying even a dollar for rent. They used my home, my kitchen, my laundry room, my water, my electricity, and my car every day for free for two years without paying any rent. I told them daily, “Get Out,” while pointing to the front door, and daily asked them to leave but they refused to leave. They met with their family privately and regularly. Every day, two of them worked at jobs while the other two went to universities to study. I left every day at about 7 AM to go to my two jobs and returned home at about 7 PM. None of the Trojan Horse worked with me at the locations of my jobs, so they could have easily left in my

absence. They took my car with them every day after dropping me at my job. They had my car and a mobile (cell) phone with them at all times and could have easily left and gone home any time they wanted to but they refused to leave.

This same Evangelical Christian organization's agent sent Father Raymond Gawronski to Saint Patrick's Seminary and University so he could later kill him.

SCIONKA

Please consider the name Gawronski has gawr and onski. "Onski" appears very similar to "Scionka." My adversary used the name Scionka to murder Teresa (Terry) Schindler Schiavo in Florida USA. Schiavo is similar to Scionka. I had a former friend in Texas named Scionka.

Please forgive me for writing this. Onk or Onki refer to pig, a slang for Police in USA. Onki also sounds like the Hindi word for "eyes" which is a slang for detective.

SOCIETY OF JESUS

I called the Society of Jesus headquarters in Rome on January 29, 2016 and February 1, 2016 and requested them to give my emailed appeals to His Most Reverend Eminence The Lord Cardinal. On February 3, 2016, I emailed them this letter:

February 3, 2016

Your Most Reverend Eminence Cardinal,

A couple of days ago, I emailed you a reference letter from Monsignor William Mehrkens. My adversary promptly gave him Stroke after I emailed you and is murdering him. Please use your power to save Monsignor William Mehrkens' life and health.

When I called you, you told me that my reference letters were canceled. Surely my adversary told you to say that to me.

My adversary promptly murders everyone who gives me a letter of reference. Please read my report that I sent you.

Please use your authority and power to save the life of Monsignor William Mehrkens.

Most respectfully yours,

Rev. Feroze Golwalla

Society of Jesus headquarters in Rome used the words, "Your reference letters are canceled." My adversary has used these words in the past through one person and then killed another. My adversary used Mr. Immanuel to tell me that my reference letters were canceled and then used that as an excuse to kill my friend Rev. Dr. Suhas Malhar. My adversary premeditatedly murdered Father Raymond Gawronski S.J. and Monsignor William Mehrkens.

SAINT PATRICK'S SEMINARY

Father Raymond Gawronski S.J. spent only the last two years of his life serving as a Spiritual Director and Professor at Saint Patrick's Seminary. I understand that Father Raymond Gawronski died only one month after he was diagnosed with Cancer. It appears that my adversary sent Father Raymond Gawronski to Saint Patrick's Seminary in Menlo Park, California just to kill him later. In a similar way, my adversary brought Governor Larry Hogan to governorship in Maryland only to have a governor there with Cancer.

PAT (STOMACH)

I wrote the following section on Pat or stomach more than two years ago, and sent it to many people over the last few years. My adversary had read this before he sent Father Raymond Gawronski to Saint Patrick's Seminary. Therefore, Father Raymond Gawronski's murder was premeditated.

REVEREND DARREN AVINASH ADWALPALKER

In 1999, at my non-Charismatic Christian College in Illinois, Joshua Miekley (who called himself Steve) told me that a Charismatic worship service was going to begin on the campus. The College's Student Chaplain invited me to be its first guest speaker. I was excited and went with Joshua early to attend the pre-service prayer meeting. I was early for the prayer meeting also. The prayer lasted for about a half hour or so, and then all those in the prayer meeting went into the room next door where the worship was to take place. There was still some time left before the worship. Reverend Darren Avinash Adwalpalker sat down on the floor by the wall, and the rest of those present from the prayer meeting also sat down with him in deference to him because he was the leader of the worship service and the Student Chaplain. Reverend Darren Avinash Adwalpalker then lay down on the floor, pulled his shirt way up, and bared his stomach (tummy). Since we were in the Worship room, there were many chairs in the room. What was Reverend Darren Avinash Adwalpalker's motive in sitting on the floor by the wall, and then laying down? Another student (not me) sitting next to him on the floor placed his cheeks and face on Reverend Darren Avinash Adwalpalker's bare stomach (tummy) for about five minutes. Reverend Darren Avinash Adwalpalker kept smiling with enjoyment of this homosexual activity, and did not move the student away or pull his shirt back down. To reiterate, this happened in between the pre-worship-service prayer meeting and the worship service. Generally, Christians seek God and pray in between the pre-worship-service prayer meeting and the worship

service. None of the students left when Reverend Darren Avinash Adwalpalker bared his stomach but kept sitting next to him. I did not get up and move away in deference to him because he was the Student Chaplain of the Christian College and leader of the worship service. A few months later, after I returned from my two month long Missions Journey to India during the College's summer vacation, Student Chaplain Reverend Darren Avinash Adwalpalker and Mr. Mark Riniker tried to trick the unsuspecting me into holding their cheeks in the back because I saw Reverend Darren Avinash Adwalpalker lay down on the floor in the worship room, pull his shirt way up, bare his stomach, and permit a man to place his cheeks on his bare stomach, while Reverend Darren Avinash Adwalpalker kept smiling in enjoyment.

For the remainder of my stay at my Christian College as a student, Student Chaplain Reverend Darren Avinash Adwalpalker and his supporters strove to destroy me. They sent about a dozen or so people, one by one, to strip in my living room. I did not ask them to strip. I remained full dressed, including full length trousers, under-shirt, and outer shirt, at all times. When they were not able to succeed, they sent Twin Andrew Miller Wolfe, a professional rapist from Harvard. I was trusting, naive, and did not suspect them of any evil because they were fellow Christian students at a prestigious Christian College. I requested other Christians to pray for those students' morality. I deferred to Reverend Darren Avinash Adwalpalker because he was the Student Chaplain. Everyone from the highest to the lowest at my Christian College in Illinois was aware that I was an Ordained Minister.

Joshua Miekley had left me with Reverend Darren Avinash Adwalpalker and his friends, and gone away. When he returned, I asked him and he replied that he was walking outside praying for a Pakistani Christian girl who had been sentenced for her faith in Christ. I believed him readily then, but now I believe he was using a tear-jerking tactic.

Months later, Reverend Darren Avinash Adwalpalker said he went to Guatemala, and emailed me a "Confession" of sexual immorality. Since I was Ordained, and Reverend Darren Avinash Adwalpalker had been the Student Chaplain, I called him long distance from Illinois (USA) to Guatemala for hours almost every day to pray for him. I respected Student Chaplain Reverend Darren Avinash Adwalpalker as a Minister. My calls to Guatemala from Illinois cost me hundreds of US Dollars and hundreds of hours of my valuable time. Reverend Darren Avinash Adwalpalker would tell me on the phone that he was struggling with sexual immorality and his relationship with his hostess. After returning to campus, he invited me to a meeting of a handful of students over snacks. Some time later, Reverend Darren Avinash Adwalpalker raped me.

It appears that Reverend Darren Avinash Adwalpalker conspired against me with his friends to cover up the shame of being found in public pulling up his shirt, baring his stomach (tummy), and permitting a man to place his face on his bare tummy while he kept smiling.

TAMMY - PASTOR'S WIFE

Tammy rhymes with tummy. A few months after Student Chaplain Reverend Darren Avinash Adwalpalker had bared his tummy in public with another man's face on it for about five minutes, I went to the Mayo Clinic, and they wrote that I had "unexplainable tremors." I attended a local Church near Mayo Clinic in Rochester, Minnesota on Sundays, and met the Senior Pastor Larry and his wife Tammy. Tammy had Cancer, and passed away on Thursday, March 15, 2001.

TAMMY FAYE BAKKER

Again, Tammy rhymes with tummy. Tammy Faye (Bakker) Messner died on July 20, 2007.

Evangelist Tammy Faye Bakker was married to Mr. Roe. Please recall Roe v. Wade US Supreme Court case on abortion.

http://en.wikipedia.org/wiki/Tammy_Faye_Messner

Please forgive me for my words. Please have mercy on me for offending you. Twin Benjamin Wolfe had double-decker cheeks in the back. He had cheeks upon cheeks in the back. They became normal in Texas. Please recall cheeks from Darren Avinash Adwalpalker's homosexual incident. Her Excellency Prime Minister Benezir, who was honored and respected worldwide, was a Guest Speaker at my Alma Mater, University of Texas at Arlington, on March 27, 2007 and died with a bullet to her neck on December 27, 2007. Benezir sounds like "Ben's rear." Please have mercy on me again and forgive me for sharing this.

PATRICK

The word for stomach in Hindi and Gujarati languages is Pat (pronounced like Kate, rate, fate, gate, date). In about 2006, the sorcerer caused my belly button to deform. I was in Illinois then, and I showed my deformed belly button (which was still showing hemorrhage) to Deacon Gary of the Church I attended in Illinois as proof of someone deforming my body using sorcery. Kyle was a US television show in which Kyle did not have a belly button, and had enhanced physicality, senses and intellect.

Pastor John's Head Deacon was Mr. Kirkpatrick, whom they called Mike Allen.

My adversary gave Cancer to US actor Patrick Swayze and murdered him on September 14, 2009 because his name was Patrick.

The jail in Frederick, Maryland, is on 100 Patrick Street.

The homosexual incident and subsequent rape by Reverend Darren Avinash Adwalpalker took place at my Christian Evangelical College in Illinois. Two consecutive Illinois Governors from that very same time were falsely incriminated to divert attention from his incident. His Excellency Illinois Governor Rod Blagojevich's wife's name is First Lady Patricia (Pat). Ryan O'Neal's (Governor George Homer Ryan was Governor Rod Blagojevich's predecessor) mother was Actress Patricia (nee O'Calaghan), and he has a son named Patrick. (Lord James Callaghan was a Prime Minister of UK). Twin Andrew Wolfe worked for Patterson High School in Maryland, and had a Principal named Callaghan. The names "Patterson" and "Patrick" have similarities. Patrick Esq. was the name of the prosecutor for both Illinois Governors Their Excellencies Rod Blagojevich and George Ryan Jr. His Excellency Patrick Quinn succeeded His Excellency Rod Blagojevich, and abolished the death penalty in Illinois which His Excellency George Homer Ryan had initiated. Quinn rhymes with queen which is a slang term for a homosexual man. Reverend Darren Avinash Adwalpalker pulled up his shirt in Illinois, bared his stomach (pat), and allowed a man to place his face and cheeks on his bare stomach (pat) while he kept smiling. Some time later, he raped me.

His Excellency Illinois Governor George Homer Ryan was falsely convicted and sent to Oxford camp in Wisconsin on November 7, 2007. Her Excellency Prime Minister of Pakistan, who was a graduate of Oxford and Harvard, died on December 27, 2007. I believe

that both these tragedies were coordinated because Mr. Mark Riniker went to Oxford, UK, in 2001. When Mr. Mark Riniker's family asked his Church's Missions Pastor for funds to go to Oxford, England for missions, I asked the Missions Pastor when he and his wife came to my home for lunch if it was wise stewardship to spend money on missions to England, a Christian country much like USA. That made the Riniker family angry at me. The Missions Pastor said he agreed fully with me that it would be a waste of money for his Church to fund Mr. Mark Riniker's missions' journey to England. The Missions Pastor told me that Mr. Mark Riniker eventually did obtain funds from his Church to go to England because his father was on the Committee that decided who got Missions' funds. I knew Mr. Mark Riniker in Illinois.

HANS URS VON BALTHASAR

Father Raymond Gawronski S.J. is the author of Word and Silence: Hans Urs von Balthasar and the Spiritual Encounter Between East and West. My adversary has murdered or bereaved many connected with the name "laugh" or "Hans," and had already targeted Father Raymond Gawronski S.J. because his book had the word "Hans." Apart from my family, I do not know of any one connected with the name "bal" whom my adversary has killed.

Father Raymond Gawronski S.J. has "Hans" (loff, laugh) and Steve common with Steven Sotloff. Father Raymond Gawronski S.J. is the author of "Word and Silence: Hans Urs von Balthasar and the Spiritual Encounter Between East and West," and at the time of his death, his President's name was President Father Stevens.

"SOTLOFF," "MCLACHLIN," "MCLAUGHLIN," "LOUGHNER," "HANS"

Please consider that the words "McLachlin," "McLaughlin," "Loughner," and "Hans" have resemblance to the word "laugh."

"Loff" in the word "Sotloff" (Steven Sotloff) sounds like "laugh." In Hindi, "Hans" means "laugh."

The Right Honourable Beverley McLachlin Chief Justice of Canada assumed Office on January 7, 2000. This connection with "laugh" is pleasant news because it was before 2003.

A group of people were sent to me as a Trojan Horse in 2001 pretending to help me in the evangelization of Zoroastrians but in truth to rob my ministry database, destroy me, and rape me. We took employment at a Baptist high school in Maryland where we were invited, in 2002, by a McLaughlin family to their home for the afternoon. It is likely that the name "McLaughlin" was chosen in connection with the name "McLachlin."

On January 8, 2011, Mr. Jared Loughner shot people outside a Safeway grocery store near Tucson, Arizona. Among those killed was a Federal Judge. "Lough" in "Loughner" is spelled almost like "laugh." This connection with "laugh" is bad news because it was after 2003.

On April 25, 2011, Mr. Hans Weerstra, Editor of International Journal of Frontier Missiology, died from lung and brain Cancer. This connection with “laugh” is bad news because it was after 2003.

My adversary murdered Father Raymond Gawronski S.J., the author of Word and Silence: Hans Urs von Balthasar and the Spiritual Encounter Between East and West, on April 14, 2016. This connection with “laugh” is bad news because it was after 2003.

MENLO PARK, CALIFORNIA 94025

April 26, 2015 v. April 26, 2016

BUNDER = PIER AND MONKEY

Father Raymond Gawronski S.J. was a Professor at Saint Patrick’s Seminary and University in Menlo Park, California 94025. Ms. Sandberg works for Facebook which is only ten minutes away from Saint Patrick’s Seminary in the same town and zip code.

Bunder means pier, port, and monkey in Hindi. In India, there are piers like Wellington Pier (formerly known as Appollo Bunder). Many towns in India, especially Gujarat have Bunder in their names.

[https://en.wikipedia.org/wiki/Bandar_\(port\)](https://en.wikipedia.org/wiki/Bandar_(port))

Please consider that my adversary coordinated the murder of Rev. Raymond Gawronski S.J. with the anniversary of Mr. Dave Goldberg, husband of Ms. Sheryl Sandberg, COO of Facebook. My adversary murdered Dave Goldberg on May 5, 2015 and Rev. Gawronski on April 14, 2016. My adversary coordinated the funeral of Rev. Gawronski to take place on April 26, 2016 because I had emailed Ms. Sheryl Sandberg my report on April 26, 2015. Mr. Dave Goldberg worked for SurveyMonkey.

My adversary murdered Pastor Dr. Suhas Malhar, Assemblies of God Presbyter in Mumbai on January 30, 2014. His Church address had “Ghodbunder” in it. Again, Bunder means both monkey and pier in Hindi. My adversary coordinated the funeral of Pastor Dr. Malhar to take place on the anniversary of Mr. Daniel Pearl. My adversary dismembered and murdered Daniel Pearl on February 1, 2002 because Daniel Price raped me and Mark Riniker committed a sin of nudity at the Chicago harbor which he called Chicago Pier. Pearl Harbor, Film, was released on May 2001.

Dr. Suhas' address has "Hiranandani" in it. "Hiranandani" sounds similar to "Hernandez." My adversary murdered Ms. Kristen Renee Hernandez White (daughter of Bishop Randy White), in Frederick Maryland on April 30, 2008.

CARL BUNDERSON

BISHOP CARLTON PEARSON

Bunder means monkey in Hindi. Another meaning of Bunder in Hindi is pier or port. E.g. in India, there are piers like Wellington Pier (formerly known as Appollo Bunder),. Many towns in India, especially Gujarat have Bunder in their names.

[https://en.wikipedia.org/wiki/Bandar_\(port\)](https://en.wikipedia.org/wiki/Bandar_(port))

If Bunder means pier, then the words, “Carl Bunderson,” imply Carl Pierson. Carl Pierson implies Carl Pearson which implies Carlton Pearson.

SAINT PATRICK'S CATHEDRAL

I was blessed to have been literally born and grown up right next to the Saint Patrick's Cathedral. At my birth, my nurse was a Catholic.

Not only was my home by the Saint Patrick's Cathedral, but on my immediate left was the Saint Patrick's Catholic Men's College. On my right I had Catholic neighbors. In my childhood, I saw Catholic European Priests daily walking to and from the Saint Patrick's Cathedral and greeted them. In my childhood, my parents purchased Catholic books from the Catholic bookstore by Saint Patrick's Cathedral and read them to me. My father employed an entirely Catholic staff. My father began each day by bowing and praying to our Lord Jesus Christ before a picture of Christ which was on his desk. The Saint Patrick's Cathedral and its community and my father's Catholic staff strongly and positively impacted my childhood, youth, and life, and I grew up to trust Jesus Christ and Christians.

My adversary maliciously sent me to jail on Patrick Street in Maryland to rob me of my blessings of having been born and grown up by the Saint Patrick's Catholic Cathedral. My adversaries had already moved to Texas with me six months earlier but my adversary extradited me to Patrick Street because it was named Patrick. My Church was in Texas.

MR. JUSTICE BYRON WHITE April 15, 2002

The Trojan Horse came to my home in Maryland in 2001. US President George W Bush became US President on January 20, 2001.

Almost immediately after the Trojan Horse came to my home and President George W Bush became President, my adversary murdered Supreme Court Justice Byron White on April 15, 2002. The reason is simply that Wheat rhymes with White. Wheat implies Wheaton.

My Dean, Dr. Judith, over Mathematics at my Alma Mater in Minnesota was murdered by my adversary on April 15, 2011.

Father Raymond Gawronski S.J.'s premeditated murder was coordinated to be close to the anniversary of Justice Byron White. My adversary does not typically murder exactly on the anniversary.

GAWR

In Gujarati language, gor, gawr and gol mean molasses or jaggery. The former generations of Zoroastrians used to pronounce my last name Gorwalla.

GOR PAOO

In Gujarati language, paoo means bread. In Hindi, paoo means leg. In Hindi, molasses and jaggery are not called gor or gawr. Gujarati is my language so I did not recall that paoo meant leg in Hindi.

Gor paoo is molasses on bread. Candied apples are well known. Similarly, molasses or jaggery on bread. I like candied apples and molasses or jaggery on bread.

I have an email address [which account I opened](#) on October 13, 2011.

PEGORS

On April 15, 2016, the day after Father Raymond Gawronski S.J. passed away, Rev. Mary Pegors passed away in Minnesota. Her husband is my friend. Please notice that her name Pegors also has "gor" in it.

SKI

The word ski has frequently been used by my adversary to imply "leg." The past president of my undergraduate university had the suffix "ski."

Joshua Miekley and I went skiing once.

GAWRONSKI

Please forgive me. I write this only to show what my adversary did.

“Gawronski” could be gawr-on-ski. Or “Gawronski” could be gaw-ron-ski.

RON

In 2001, an Evangelical Christian organization in USA sent a Trojan Horse named Mr. Andrew Miller Wolfe, Mr. Benjamin Engle Wolfe, Ms. Carrie Andreson, and Mr. Aaron Derstine to me to rape me and who gang-raped me. They laughed at me while they gang raped me. Mr. Aaron usually referred to himself as Ron.

Mr. Aaron (Ron) told us in Asia, London (England), and Maryland USA that he had dirtied his trousers with stool. For Mr. Aaron Derstine, Mr. Joran Van Der Sloot of the Netherlands was utterly destroyed and his father murdered as a sacrifice.

In Hindi and Gujarati, the word for stool sounds similar to gaw. I humbly beg your forgiveness for sharing this with you.

1986

Father Raymond Gawronski S.J. was ordained a Priest of the Maryland Province of the Society of Jesus in 1986. I became a student at my undergraduate university in 1986. My home is in Maryland.

ST. JOHN VIANNEY SEMINARY

WANIA

Wania is a common word in India. Wania means shopkeeper, businessman, or merchant in Sanskrit.

[https://en.wikipedia.org/wiki/Wani_\(surname\)](https://en.wikipedia.org/wiki/Wani_(surname))

My adversary murdered my cousin, named Wania, on May 23, 2016 by means of sorcery because I proved to you that he murdered Father Raymond Gawronski S.J.. “Wania” and “Vianney” are similar. Father Raymond Gawronski S.J. was a Spiritual Director at St. John Vianney Seminary for ten years. Father Raymond Gawronski S.J..did not die because of my cousin Wania because Father Raymond Gawronski S.J.. left St. John Vianney Seminary two years before he passed away.

MR. JORAN VAN DER SLOOT

In the words “Der Sloot,” please consider the word “loo” in the midst of “Dersloot,” and consider “Derst” and “loo.”

der sloot ~ der st loo ~ derst loo

“Derst” is in the beginning of the name “Derstine.” I accepted Twin Benjamin Wolfe into my ministry because he said he had gone on a missions’ trip with Navigators to Holland.

Please forgive me, the word “Jor” in Gujarati (India) means power, strength or potency. It also means join or unite or connect in one Gujarati dialect. The word “Joraj” (George) in Gujarati (India) means “only power,” “only strength,” “only force,” or “only potency.” “Na” in Hindi means, “no” or “not,” negation or complement.

Stephanie Flores Ramirez died on the day that I completed writing a 200-page paper like this one about the murders of different people.

Joran Van Der Sloot was an Honors student. Joran Van Der Sloot’s father was a High Court Judge in the Netherlands who was killed by my adversary’s sorcery while Mr. Joran Van Der Sloot was being investigated. My adversary harassed the newly widowed, Mrs. Van Der Sloot and did not permit her to visit her son's trial.

MONSIGNOR WILLIAM MEHRKENS

I knew The Most Reverend Monsignor William Mehrkens as my Pastor, Priest, Counselor, and close Friend since August 1986, almost thirty years. We prayed and exalted Lord Jesus Christ together every time we talked on the phone.

When The Most Reverend Monsignor William Mehrkens was Pastor in Moorhead, Minnesota, I visited his Church every day to pray and daily met him before prayer. I was a member of his Church and attended it every Sunday. When The Most Reverend Monsignor William Mehrkens became a Pastor at Red Lake Indian Reservation, I flew over from Illinois and lived with him for two weeks. We prayed together and took the Lord’s Supper together. My adversary closed down his Church in Red Lake because I visited him there for two weeks. My adversary has closed down many Churches where I had favor. When The Most Reverend Monsignor William Mehrkens moved to Bemidji Minnesota, I visited him three times.

The Most Reverend Monsignor William Mehrkens went to live in an Assisted Living Home, I sent him a full-fledged hospital bed but he refused it at the door because he preferred to sleep in a chair. I sent him four pure gold rings of the Cross and Last Supper, formal pants, and formal shirts from JC Penney but he returned them to the store. He was my Pastor and Priest for almost thirty years, since 1986.

Towards the end of January 2016, I received a letter of reference from The Most Reverend Monsignor William Mehrkens dated January 15, 2016. Within a few days, my adversary gave him Stroke, got him bedridden, and killed him on February 26, 2016 by

means of sorcery. My adversary arranged for The Most Reverend Monsignor William Mehrkens' letter to be dated the 15th. My friend Pastor Dr. Suhas Malhar who had also given me a letter dated 15th (November 2013) died on January 30, 2014.

My adversary instructed The Most Reverend Monsignor William Mehrkens's Church to put the phrase, "To Whom It May Concern" on the same line as the date. I was concerned that my adversary might use this to harm someone by means of sorcery, and I requested his Church's Pastor Chuck to put the phrase, "To Whom It May Concern," on a different line from the date. He rudely refused.

On January 15, 2016, I sent a set of 20 CD's of the audio New Testament (New King James Version) from the Maryland Bible Society to The Most Reverend Monsignor William Mehrkens at his Church's address. I believe that the Word of God is preeminent.

"The words of the Lord are pure words: as silver tried in a furnace of earth, purified seven times." Psalm 12:6.

"As for God, his way is perfect: the word of the Lord is tried: he is a buckler to all those that trust in him." Psalm 18:30.

"The law of the Lord is perfect, restoring the soul; The testimony of the Lord is sure, making wise the simple." Psalm 19:7.

"For the word of the Lord is right; and all his works are done in truth." Psalm 33:4.

"By the word of the Lord were the heavens made; and all the host of them by the breath of his mouth." Psalm 33:6.

"Bless the Lord, ye his angels, that excel in strength, that do his commandments, hearkening unto the voice of his word." Psalm 103:20.

"He sent His word and healed them, And delivered them from their destructions." Psalm 107:20.

"All the kings of the earth shall praise thee, O Lord, when they hear the words of thy mouth." Psalm 138:4.

"The thoughts of the wicked are an abomination to the Lord: but the words of the pure are pleasant words." Proverbs 15:26.

My adversary has killed or bereaved almost everyone who has ever given me a letter of reference or who had even the appearance of being my character witness.

MR. JUSTICE ANTONIN SCALIA

My adversary premeditatedly murdered US Supreme Court Mr. Justice Antonin Scalia, a Catholic, on February 13, 2016 by means of sorcery.

SPIRITUAL DIRECTOR

Reverend Raymond Gawronski S.J. was a Spiritual Director. He brought Seminary students into a closer walk with Lord Jesus Christ.

Both Reverend Darren Avinash Adwalpalker and Mr. Mark Riniker told me that they had strayed from the Lord Jesus Christ and were not walking with him. Reverend Darren Avinash Adwalpalker emailed me a confession of sexual immorality. I spent hours every day and hundreds of dollars on phone calls from Illinois USA to Guatemala with Reverend Darren Avinash Adwalpalker because he told me that he had relationship problems with his landlady. I urged Mr. Mark Riniker to pray with me at 6 AM every morning because he told me repeatedly that he was not walking with the Lord. He came to my home at 6 AM every morning to pray with me and I spent an hour every day praying with him. Groups of students came to my apartment every day for prayer meetings, and I was busy with my own Theology studies because I was a student in the Master of Arts in Theology. Yet, I invested hundreds of dollars and hundreds of hours into Reverend Darren Avinash Adwalpalker and Mr. Mark Riniker.

I believe that my adversary has lied to Your Holiness and many other leaders that he is acting in America's interest. For this reason, perhaps you and many others have obeyed his advice. My adversary is lying to cover up his many murders, kidnappings, and rapes. I know of over a hundred murders that he has secretly committed. The appointment of His Most Reverend Eminence The Lord Cardinal Christophe Pierre as Your Holiness' Legate to USA on April 12, 2016 only two days before the murder of Father Raymond Gawronski S.J. appears to have been suggested or ordered by my adversary.

PIER, PEARSON, PEARL, LEVEE

Only a day after I returned to Wheaton Illinois from my missions journey to India in about 1999, Mark Riniker of my Christian College in Wheaton IL visited me, asked me to meet me at the Chicago harbor, and committed a grave crime and sin of nudity there. Mark Riniker called it the Chicago Pier. We did not do any sightseeing there. Immediately after we went to the "Pier," he committed a crime and a sin, and we left there immediately after that. He belonged to my Christian Evangelical College in Wheaton, Illinois. Please consider the following devastations all of which my adversary caused in connection with the word "pier":

"Pear" in "Pearson" is pronounced just like "pier." "Pear" is in "Pearson" and "Pearl."

Pier, Pear: Daniel Pearl of Wall Street Journal was dismembered, murdered, and a video of his dismemberment was sent to the US Consulate.

Pier, Pear: On August 28, 2003 Kathryn Wall Pearson's plane crashed in Grand Marais Minnesota and she died burnt alive.

Pier, Pear: In March 2003 Bishop Carlton Pearson preached the Theory of Inclusionism and was declared a heretic.

Pier, levee: Pier is a synonym of levee. There were floods in New Orleans after Hurricane Katrina on August 29, 2005, and the levees broke.

Pier rhymes with Pierre. Pierre is a French variant of the name Peter. "Peter" is in "Peterson." Scott Peterson is accused in USA for murder of his wife Lacie. Scott Peterson is a contraction of the names Scott Miller and Lori Peterson. Lacie rhymes with Lassie which Joshua Miekley drank every day at my Christian College in Wheaton Illinois.

It might appear that my adversary influenced the appointment of His Most Reverend Eminence The Lord Cardinal Christophe Pierre as Legate to USA because Mark Riniker committed nudity at the Chicago harbor which he called pier.

TEETH

TEAT - TEETH

In 1999, I was translating Bible Scripture passages, with the Consultation of Wycliffe Bible Translators' Mr. Leonard. He advised me one day that it was important to get teeth cleaned regularly. Since he was a Consultant with Wycliffe Bible Translators, I trusted him. Then he told me that he was raising \$30 dollars from his financial supporters at the Church to pay for the cleaning of my teeth. I did not need a donation of \$30 dollars because that was a trivial amount, but I deferred to him. The Dentist drilled the sides of my molars and filled them with blue. I did not question him. I feel this is just one of the examples of the many ways my Christian superiors abused me. Two years later, Twin Benjamin came to me in a blue Bronco car of the same color as was filled in my teeth.

In 1999 or early 2000, I was having lunch at my Christian College's campus cafeteria with Joshua when my front tooth chipped. I had good relations with the cafeteria manager who was Catholic. Almost right after my tooth chipped, the College dismissed the cafeteria manager and got a new manager.

In 1999-2000, Mr. Guthrie at the Christian College in Illinois and I talked about the Kurds. I do not recall, but he might have published something in his missions newsletter "Pulse" and "Evangelical Missions Quarterly" about Zoroastrians and Kurds. The word "kurd" sounds like the word for "bite" in Gujarati.

Twin Andrew Wolfe chewed on bones on his plate in my apartment until he swallowed them. He and Twin Benjamin Wolfe looked for marrow in bones. The first Prime Minister of Israel was David Ben-Gurion.

(Please forgive me for saying this) When Twin Andrew Wolfe came to visit me on the campus of my Christian College, he told me that men had "nerve endings" in their teat.

The men in my Christian College's gym in Illinois pinched each other's teat every day.

DOMINATION OF EVANGELICAL CHRISTIAN ORGANIZATION OF ILLINOIS ON US CATHOLIC CHURCH

https://en.wikipedia.org/wiki/List_of_living_cardinals

I am on my knees before Your Holiness for mercy and pardon for my words. I humbly beg Your Holiness on my knees for mercy. It appears that my adversary, the Evangelical Christian organization has been dominating the Catholic Church in USA, by appointing Cardinals. These are names of Their Most Reverend Eminences The Lord Cardinals whose names have some connection with me:

His Most Reverend Eminence The Lord Cardinal Daniel DiNardo

"Mary then took a pound of very costly perfume of pure nard, and anointed the feet of Jesus and wiped His feet with her hair." John 12:3.

I had a Bible translator whose son's name was Daniel and last name (surname) Leonard.

When I stayed with Pastor Calio, he said he saw the Titanic movie three times. While I was staying at Pastor Calio's home, I called Wycliffe Bible Translators and left a message. Dr. Catherine (Katy) Barnwell returned my call, who later introduced me to Mr. Leonard of Wycliffe. Please notice that "Leonard" is in "Leonardo." Kate and Katy are the same names.

This sequence of events with similar names did not happen by coincidence but my adversary coordinated them. First Calio, to Leonardo DiCaprio of Titanic, to Katy Barnwell, to Leonard.

Calio => Cali => Cati => Kati => Katy

Calio => Ca-lio => Ca-leo => leo => Leonard => nard

Leonardo => Leonard => nard

Calio implies Cali implies Cati implies Kati implies Katy.

Calio implies Ca-lio implies Ca-leo implies leo implies Leonard.

Please notice from this explanation, that the names Calio and Katy, and Calio and Leonard have similarities. My adversary forced this sequence onto me.

Please have mercy on me for writing that “DiNardo” appears to be contraction of the name, “Leonardo DiCaprio.”

In Gujarati language, Calio and Calia are slangs for a black man.

His Most Reverend Eminence The Lord Cardinal James Michael Harvey

One of the Trojan Horse that was sent to rape me was Mr. Aaron Michael Derstine whose middle name was Michael and father's name was Mr. Harley.

His Most Reverend Eminence The Lord Cardinal William Henry Keeler

“Keeler” is a character in the US television movie “24.” In this movie is David Palmer. David Palma was at my Christian College in Illinois. His brother, Paul Joseph, banged my apartment's door at 2:30 AM and wanted to have sex with me.

His Most Reverend Eminence The Lord Cardinal Roger Mahony

“Mahoney” was the name of the Prophetic Director at my Bible College in Texas.

His Most Reverend Eminence The Lord Cardinal Adam Maida

I had a chauffeur named Shahid. He told me that he was from Maida. Maida means “wheat” in Hindi or Urdu. “Wheat” implies “Wheaton.” This implies that he told me he was from Wheaton. On March 14, 2013, the day after Your Holiness took Office, my adversary caused a different Shahid to burn down 200 Christian homes in Joseph Colony, Pakistan, to coincide with your Papacy.

His Most Reverend Eminence The Lord Cardinal Theodore Edgar McCarrick

“Carrick” sounds like “karak” or “kadak,” a Gujarati, Zoroastrian-Gujarati, and Hindi word for “crisp” or “hard” (not hard as in difficult). “karak” or “kadak” also has a vulgar connotation.

His Most Reverend Eminence The Lord Cardinal Edwin Frederick O'Brien

Frederick, Maryland is where the Evangelical Christian organization of Illinois sent a Trojan Horse to me.

His Most Reverend Eminence The Lord Cardinal Seán Patrick O'Malley, O.F.M. Cap.

“Martin O'Malley” was the Governor of Maryland. Rev. Raymond Gawronski was Ordained by the Maryland Province of Society of Jesus. Pat means stomach in Gujarati. Please recall Reverend Darren’s stomach (pat). Maryland is where the Evangelical Christian organization of Illinois sent a Trojan Horse to me.

Your Holiness The Most Holy Father Pope Francis is merciful, gracious, and longsuffering. I beg Your Holiness for mercy, amnesty, and pardon for writing this.

PRO LIFE

I am Pro Life. I believe in the Sanctity of Life. I oppose abortion. There can be no excuse for abortion. I also believe in Amnesty and oppose Capital Punishment and euthanasia.

REASON FOR THE MURDERS

The reason my adversary murdered Father Raymond Gawronski S.J. and many others is to cover up and divert attention from Reverend Darren Avinash’s Pat (stomach), and my gang rape by a Trojan Horse sent by a Christian Evangelical organization connected with the name of Dr. Billy Graham. My adversary probably deceived you into believing that he was acting in America’s interest or for America’s national security.

My adversary tried to connect the murder of Father Raymond Gawronski S.J. with your Papacy, Facebook's Sheryl Sandberg (Menlo Park, California), and Dr. Herbert Wolf (both had cancer for one month), but the conspiracy, by my adversary, to murder him existed since 2004 when my adversary appointed Father Gerald Brown as President of Saint Patrick's Seminary in 2004, the very year after the Trojan Horse left me in 2003. My adversary continued his conspiracy to murder Father Raymond Gawronski S.J. in about April 2014 by taking him to Saint Patrick's Seminary during Most Reverend Bishop Daly's Presidency. Dal = dar which implies Darren.

I humbly beg Your Holiness The Most Holy Father Pope Francis to sever my adversary's access to my family and me because he is a proven murderer, liar, rapist, and kidnapper. Please would you get him permanently out of my life and my family's lives?

APHRODISIA

My adversary uses sorcery to make me, and anyone he wishes, to like him. Please beware he may use sorcery on you to like or condone him. My adversary is a repulsive mass murderer and a liar, rapist and kidnapper.

My adversary disguises his murders and covers them up. May I please send you my longer report? I have documented about a hundred murders and devastations of Christians and Americans, caused by my adversary.

TORTURE

Your Holiness Most Holy Father Pope Francis, while I was researching the murder of Father Raymond Gawronski S.J., my adversary continually gave me severe electric shocks in my head and body, by means of sorcery. My adversary made my body vibrate violently, and made me dizzy and weak. My adversary injured me below the belt while I was researching Father Raymond Gawronski S.J.'s murder. I was in agony while I was researching the murder of Father Raymond Gawronski S.J. I have faxed this report to you, and emailed it many Most Reverend Eminences The Lord Cardinals with your name on it so they would also send it to you. My adversary has closed my AOL account. My adversary afflicts my mother with illness and weakness every time I email a Catholic Church. My adversary frequently threatens me, "I will kill your mother."

TRIAL FOR MURDER

I humbly beg Your Holiness The Most Holy Father Pope Francis to set up a special Tribunal to try the murderer of Father Raymond Gawronski S.J.. Monsignor William Mehrkens, Mr. Justice Antonin Scalia (a Catholic), and Mrs. Kathryn Wall Pearson (a Catholic) and his accessories on charges of murder, accessory to murder, Obstruction of Justice, Tampering With Evidence, Abuse of Power, and Lying to the American Public. The murderer cannot be tried in US Courts of US Law for two reasons. The murders were committed by means of sorcery and the US FBI told me that they do not get involved in spiritual matters. The second reason is that the Evangelical organization in USA that is connected with the murderer has appointed the Chief Justice of the United States to Office so the murderer probably has lifelong immunity to keep murdering by means of sorcery. Please do not condone the murders of Father Raymond Gawronski S.J.. Monsignor William Mehrkens, Mr. Justice Antonin Scalia (a Catholic), and Mrs. Kathryn Wall Pearson. Please do not permit their murderer to go scot-free with only a slap on the wrist.

My email addresses are , and _____

I HUMBLY BEG YOUR HOLINESS FOR MERCY, AMNESTY, AND PARDON

I am devastated, deeply grieved, and very sorry for the sad suffering and passing away of Father Raymond Gawronski S.J. I humbly beg Your Holiness The Most Holy Father Pope Francis on my knees for mercy, grace, amnesty, and pardon for the sad suffering and passing away of Father Raymond Gawronski S.J. Please would you forgive me and cancel my debt to the Catholic Church? I am very sorry.

May God bless Your Holiness The Most Holy Father Pope Francis. May God bless the Roman Catholic Church. May God bless the United States of America.

The Lord bless you, and keep you;

The Lord make His face shine on you,

And be gracious to you;

The Lord lift up His countenance on you,

And give you peace.

Numbers 6:24-26.

God bless America,

Land that I love

Stand beside her, and guide her

Through the night with a light from above.

From the mountains, to the prairies,

To the oceans, white with foam

God bless America, My own sweet home

God bless America, My home sweet home.

I'm proud to be an American,

where at least I know I'm free.

And I won't forget the men who died,

who gave that right to me.

And I gladly stand up,

next to you and defend her still today.

'Cause there ain't no doubt I love this land,

God bless the USA.

If tomorrow all the things were gone,

I'd worked for all my life.

And I had to start again,

with just my children and my wife.

I'd thank my lucky stars,

to be livin here today.

'Cause the flag still stands for freedom,

and they can't take that away.

And I'm proud to be an American,

where at least I know I'm free.

And I won't forget the men who died,

who gave that right to me.

And I gladly stand up,

next to you and defend her still today.

'Cause there ain't no doubt I love this land,

God bless the USA.

From the lakes of Minnesota,

to the hills of Tennessee.

Across the plains of Texas,

From sea to shining sea.

From Detroit down to Houston,

and New York to L.A.

Well there's pride in every American heart,

and it's time we stand and say,

That I'm proud to be an American,

where at least I know I'm free.

And I won't forget the men who died,

who gave that right to me.

And I gladly stand up,

next to you and defend her still today.

'Cause there ain't no doubt I love this land,

God bless the USA.

And I'm proud to be an American,

where at least I know I'm free.

And I won't forget the men who died,

who gave that right to me.

And I gladly stand up,

next to you and defend her still today.

'Cause there ain't no doubt I love this land,

God bless the USA.

My country 'tis of thee,
Sweet land of liberty,
Of thee I sing.
Land where my fathers died!
Land of the Pilgrim's pride!
From every mountain side,
Let freedom ring!

My native country, thee,
Land of the noble free,
Thy name I love.
I love thy rocks and rills,
Thy woods and templed hills;
My heart with rapture fills
Like that above.

Let music swell the breeze,
And ring from all the trees
Sweet freedom's song.
Let mortal tongues awake;
Let all that breathe partake;
Let rocks their silence break,
The sound prolong.

Our father's God, to Thee,
Author of liberty,

To Thee we sing.

Long may our land be bright

With freedom's holy light;

Protect us by Thy might,

Great God, our King!

America America

God shed his grace on thee

and crown thy good with brotherhood

From sea to shining sea

God save our gracious Queen

Long live our noble Queen

God save the Queen

Send her victorious

Happy and glorious

Long to reign over us

God save the Queen

O Lord our God arise

Scatter her enemies

And make them fall

Confound their politics

Frustrate their knavish tricks

On Thee our hopes we fix

God save us all

Thy choicest gifts in store

On her be pleased to pour

Long may she reign

May she defend our laws

And ever give us cause

To sing with heart and voice

God save the Queen

I pledge allegiance to the Flag of the United States of America, and to the Republic for which it stands, one Nation under God, indivisible, with liberty and justice for all.

O say can you see by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming,
Whose broad stripes and bright stars through the perilous fight,
O'er the ramparts we watched, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof through the night that our flag was still there;
O say does that star-spangled banner yet wave,
O'er the land of the free and the home of the brave?

Ad Majorem Dei Gloriam,

To the Greater Glory of God,

The Honorable Buddy Dyer

Mayor of Orlando, Florida (USA)

With great sadness we express our sympathy to the families and friends of the victims and the entire population of Orlando before the tragedy which took place at the weekend.

We, Brazilians mayors, reiterate the importance of respect for diversity and the struggle for progress in equal rights for all, regardless of gender, color, religion and sexual orientation.

These principles dialogue with the Sustainable Development Goals (SDGs), of UN, in particular the ODS 16 - Peace, justice and effective institutions.

We reject all forms used to express hateful attitudes against any human being. Increasingly we need to strengthen the culture of peace, the affirmation of diversity and tolerance as essential elements of the democratic society.

We have also reaffirmed the commitment to continue struggling to build fairer, more solidary and human cities.

A message of solidarity was also sent to the President of the USCM, the mayor of Baltimore, Stephanie Rawlings-Blake.

RE: ORLANDO J HENDERSON II, Prime Suspect in Vicious Murder of Robert Bosso

Dear Chief Mina:

Respectfully, let me make this perfectly clear, the individual pictured above, named ORLANDO J HENDERSON II, is the person who shot and killed former UCF grad Robert Bosso, in an robbery attempt on September 26, 2015. If my allegations are proved to be true, that would be that this murder in the commission of a felony, occurred exactly ten years to the day of a robbery that Orlando Henderson committed on September 26, 2005, of which he was convicted and sentenced to ten years in Florida's Department of Corrections. Sadly, Orlando Henderson only served 8 years of his prison sentenced (3-23-2006 to 3-25-2014) and was released early. Had Orlando Henderson been required to serve his full sentence, he would not had been out on the streets that night with three other thugs to killed Robert Bosso at the Verona at Valencia Park Apartments located at 1633 S. Kirkman Road in Orlando.

Currently, as your overworked-homicide investigators are aware of, Orlando Junior Henderson is currently in the Broward County Jail on a NO BOND STATUS for KIDNAPPING, SEX BATTERY VICT OVR 12 YOA SPECIAL CONDITIONS. So Orlando Henderson will not be getting out of jail any time soon.

Although we are living in unprecedented times, and the City of Orlando is currently experiencing unspeakable violence which I

believe will continue, ALL homicides need to be given the appropriate investigative time that they need to be solved. That is owed to the victims and their families.

Again, concerning the vicious murder of Robert Bosso, law enforcement official in Broward County has the individual responsible for his death in custody on the charges noted above.

Let's please bring some closure for the family of former UCF grad Robert Bosso, by arresting ORLANDO J HENDERSON II, for his brutal murder!!!

Sincerely,

Robert Bosso, former UCF grad

Orlando Sentinel

September 27, 2015

A former engineer at Lockheed Martin with a masters degree from UCF – just days away from starting a new job in South Florida – was shot and killed in an apparent robbery near Valencia College, police said.

Robert Bosso, 28, was found dead by police shortly before 11 p.m. Saturday (Sept. 26) at the Verona at Valencia Park Apartments at 1633 S. Kirkman Road in Orlando, police spokeswoman Wanda Ford said.

The motive appeared to be a robbery, said police spokeswoman Wanda Ford. Three to five men wearing dark clothing were being described as suspects, Fordsaid.

RE: The Murder of UCF grad Robert Bosso

Dear Chief Mina:

I have some information that was relayed to me concerning the murder of UCF grad Robert Bosso. The individual who gave me the information stated that he passed the name of the alleged shooter on to Crimeline and was interested in reward money.

With that said, I tried questioning this black male individual into giving me more information without revealing the name of the alleged shooter.

Here is what I was able to learn:

1) Four (4) black male individuals were there in the robbery attempt that claimed the life of his 28-year-old son Robert Bosso, a former Lockheed Martin engineer. Their ages are:

a) **29-year-old black male - the allege shooter**

- b) 24-year-old black male accomplice**
- c) 23-year-old black male accomplice**
- d) 17-year-old black male accomplice**

2) As Robert Bosso wrangled the gun away from the head of his girlfriend and forced the masked attacker to the ground, he was pistol whipped over the head. The 29-year-old black male shooter got up and unloaded his .380 caliber into the body of Robert Bosso. I was told that Robert Bosso was shot nearly sixteen (16) times. The shooter allegedly stated that the reason he shot Robert Bosso that many times was that he an adrenaline rush and couldn't control himself.

3) I was told that the 29-year-old black male shooter shot and injured someone else in 2005 and has a criminal record.

4) I was told that the 29-year-old black male shooter has moved out of Orlando with his girlfriend and her 7-year-old child to her hometown in another state. The shooter's girlfriend hometown is listed on her drivers license. The shooter and his girlfriend and her child has moved in with some of her relatives.

Chief Mina, if I receive any more information on this murder case I will pass it on to you. Or you can have someone in the Homicide Division contact me directly through my email or cellphone number at 407.371.7363.

Thank you.

Subject: Information Concerning the Murder of UCF grad Robert Bosso

Dear Chief Mina:

As a follow up to last night's email, here is some additional information concerning the alleged killer of UCF grad Robert Bosso.

- 1) I was told that the 29-year-old black male shooter had a government cellphone (A.K.A. Obama Phone) with him at the time of the murder of Robert Bosso and that the other accomplices had their cellphones also. I was told that the 29-year-old black male shooter ditch, got rid of his government cellphone.
- 2) I was told that the 29-year-old black male shooter does not have any biological children.
- 3) I was told that the 29-year-old black male shooter made the confession of the murder directly (via cellphone) to the individual who gave me this information.

With that said, it is my belief that the 29-year-old black male shooter have to have had some type of intimate relationship over the years with the individual who divulged this information to me. And I say this because for someone to confess to a brutal murder such as this that individual had to have developed trust with the person whom they were confiding in.

Chief Mina, again, this black male individual stated that he gave the name of Robert Bosso's killer to Crimeline/Anonymous Tips.

I have not asked him to reveal the killer's name to me. However, if I were to present him with a photo of the killer then he would likely give up the hometown location of the killer's girlfriend that could possibly lead to an immediate apprehension of the suspect(s).

In closing, I do not want to suggest that the suspect's girlfriend has any knowledge of the murder of Robert Bosso that would lead to her harbouring a criminal. But it is likely that she had to know something in their haste to leave Orlando.

Thank you for your time.

Man attacks woman, attempts to rape her in Fort Lauderdale, police say

Orlando Henderson, 29, arrested Sunday behind closed business

By Amanda Batchelor - Senior Digital Editor
January 11, 2016

FORT LAUDERDALE, Fla. - A man is facing charges after dragging a woman to a secluded area and attempting to rape, police said.

Orlando Henderson, 29, was arrested Sunday on charges of sexual battery and resisting an officer with violence.

According to an arrest report, several witnesses called 911 to report a man beating a woman in the 3100 block of Southwest 13th Street, and said they heard the man telling the woman that he was going to kill her.

A responding police officer found Henderson with his pants just below his genitals and the victim bent over, completely nude, screaming for help.

The officer ordered Henderson to the ground, but he refused and tried to swing at the officer twice, the report said.

The officer claimed that Henderson also removed the officer's hand from his radio three times as he tried to call for backup.

According to the report, Henderson had grabbed the woman and dragged her behind a closed business to try to have sex with her.

The woman said Henderson punched her in the face multiple times each time she tried to scream for help. She said he also covered her mouth and choked her to the point where she nearly lost consciousness.

The victim told detectives that Henderson warned her that if she didn't have sex with him, he would tape her up, rape her and then kill her.

Police said the victim's statements were consistent with her injuries.

Henderson was also found with a roll of tape on his wrist, police said.

RECOMMENDATION ON PERMANENT SPECIALTY FLOORING FOR TICKET LOBBY PROGRAM

5. Using visual aids (copy on file), Mr. Brown stated that we have a history of incorporating art into our design concepts. OIA had one of the first art programs in an airport. Today he is seeking the Board's input on a process for incorporating art into 4 locations that are going to be renovated as part of the North Terminal Ticket Lobby. The specialty flooring or location area is identified as a welcome mat. The works must reflect the criteria set by the Aviation Authority. The areas are (1) west end between quad A1 and A2; (2) east end between quad A3 and A4; (3) west in between quad B2 and B3; and (4) east in between quad B3 and B4.

He stated that the recommended process would include a criteria for art concept; submittal of Statement of Qualifications (SOQ) following the established criteria (preference for work experience in Terrazzo medium); evaluation of concept by City of Orlando/Orange County Public Art Boards; and Board approval. The designs will be evaluated on artistic excellence as evidenced by submitted materials, professional experience, compatibility with the architectural design, and the permanent specialty flooring criteria outlined in the SOQ. Mr. Brown added that he would recommend that Ms. Carolyn Fennel, Senior Director of Public Affairs and Community Relations, serve on the Committee since she has been involved in the art program at OIA along with Ms. Ksenia Merck who is responsible for the project (North Terminal Ticket Lobby).

Mr. Brown then talked about the installation process. The Aviation Authority contractor for the ticket counter project will install the permanent terrazzo flooring in conjunction with the artist's oversight of the concept approved. The successful artist will need to work closely with the airport and its representatives to ensure the new flooring is coordinated with the building including the technical requirements. The material will be of Epoxy Terrazzo thin set specifications.

Mayor Dyer loved the idea and liked the Terrazo concept. It is one way to experience where you are from. He recommended that Ms. Shannon Fitzgerald (City) and Mr. Terry Olsen (County) would be good representatives. He was sure that Mayor Jacobs would agree if she was here. He does not believe that the involvement of 2 public art boards are necessary. Chairman Kruppenbacher asked Mayor Dyer to sheppard the process on behalf of the Board. Mayor Dyer accepted.

Mr. Brown then asked the Board for their input as to concept and themes. Chairman Kruppenbacher asked if a sports theme would be considered suitable since its such a large part of our community and economy. Mr. Brown responded that the one great thing about Central Florida is all the outside activities available that could be considered - sports, fishing, etc. Chairman Kruppenbacher asked that the Committee receive input from student artists.

Mr. Sanchez asked about the incorporation of theme parks. It does not have to be a branded concept. This arena, too, is a large part of Central Florida. Mr. Brown responded that it will be interesting to see how all the elements come together and is represented by the artist.

Following discussion as to concepts, Mayor Dyer recommended that one selection be made. One artist or one team of artist for consistency. Chairman Kruppenbacher requested that it not be abstract.

In response to Vice Chairman Asher's question, Mr. Brown stated that a recommendation will come back to the Board for approval.

By consensus the Board approved the process and moving forward. Mayor Dyer asked if any accommodations have been made for an iconic piece of art for the South Terminal. Mr. Brown responded that, not specifically, but it is staff's hope to continue incorporating art into public spaces (South). Referencing the large sculpted pieces around Lake Eola and the Orlando Police Department, Mayor Dyer stated that it would be encumbent upon us to do something special to the South.

Chairman Kruppenbacher stated that Mr. Brown has the authority to work with the Mayor and the team on this project. He looks forward to a recommendation.

6. Vice Chairman Asher did not have anything on Metroplan. He mentioned the Run for the Angels and the final count of participants and donations collected.

Train station construction at Orlando airport on track

Orlando airport construction director Mike Patterson describes the work being done to build the new train station several miles south of the airport.

By **Jason Ruiter** · Contact Reporter

Orlando Sentinel

JUNE 2, 2016, 4:38 PM

The construction of nearly \$3 billion in new transportation projects south of the Orlando International Airport is moving forward, with the first impact to traffic flow occurring in the middle of next week.

The \$1.3 billion train station and 2,500-space parking garage just a couple miles from the airport are on schedule and within budget, expected to be finished late next year. Jeff Fuqua Boulevard south of the airport will have its southbound lane shifted about three-quarters of a mile starting June 8 to a new parallel road that overpasses three rail lines.

"We'll have cars, we'll have planes – and now trains," said Carolyn Fennell, spokeswoman for the airport.

The new train station will accommodate people-movers from the northern airport terminal. It will also be part of All Aboard Florida's Brightline, the nation's first privately funded intercity train system that will run from Miami to West Palm Beach to Orlando.

All Aboard Florida spokeswoman Ali Soule it's too early to give a completion date for that system.

Still in question is establishing two additional rail lines: Central Florida's SunRail and a light rail between Orange County Convention Center by International Drive to the airport.

"There's still discussion going on at this point. There's been no formal agreement" by the airport's governing board on the light rail, Fennell said.

SunRail, currently operated by the Florida Department of Transportation, is studying a route to the airport's train station. It has not found money to pay for the line.

In total, the airport can accommodate four different trains, but only two are scheduled to run.

The train station's nearby \$1.8 billion south airport terminal will break ground early next year and aims to be done 2019.

7 things to know today, plus when OIA construction may affect traffic

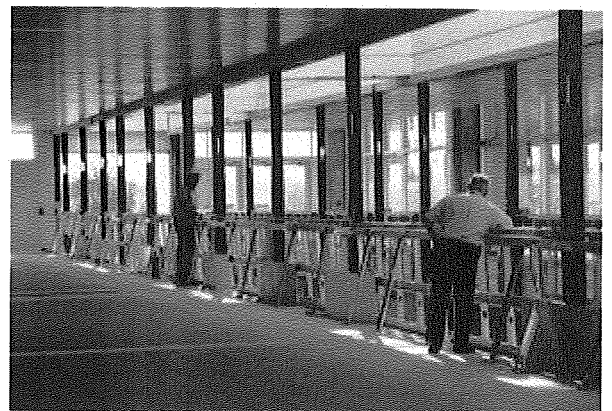

Jun 3, 2016, 7:31am EDT

Happy Friday, Orlando!

Well, we made it through this week and before we head off for the weekend, let's start the day with some news about when drivers may start to feel the effects of the new transit station coming to **Orlando International Airport**.

About \$1.3 billion worth of construction is underway on the airport's new Intermodal Transportation Facility and South APM Complex — which will accommodate four passenger train stations, a new 2,500-space parking garage, expansion of the existing automated people mover and more. And the work is expected to first begin to affect traffic flow in the area on June 8, according to a news release from the **Greater Orlando Aviation Authority** (GOAA).

Plans include shifting the southbound lane of Jeff Fuqua Boulevard to a new "skybridge" overlooking the new transportation complex, the release said.

JIM CARCHIDI

Construction crews work on the entry and exit platforms for the new Automated People Mover at the OIA North Terminal.

And though that might mean some temporary gridlock for commuters heading south from the airport, it's an important piece of the airport's efforts to better accommodate growing traffic. Additional work is set to begin early next year on the planned \$1.8 billion south terminal expansion.

"Responding to passenger demand and supporting the dynamic growth in Central Florida have always been hallmarks of our phased development philosophy," said GOAA Chairman Frank Kruppenbacher said in a prepared statement. "This plan reflects the growth of our global appeal as an international travel gateway for business and leisure."

The new train station will accommodate the new \$3.1 billion Brightline intercity passenger train by Coral Gables-based All Aboard Florida, which has several things in the works to prepare to start construction at the airport, the airport's people mover, an estimated \$175 million-\$225 million extension of Central Florida's SunRail commuter rail and a future light-rail system that would link to the Orange County Convention Center, as previously reported by *Orlando Business Journal*.

Check out these cool facts about the project:

338 acres cleared

2697 tons Reinforcing steel in place

116 tons Structural steel in place

1.27 Million Cubic Yards of dirt moved

31,293 Cubic Yards of concrete placed

1.56 Million square feet of space being built

Construction near OIA prompts traffic changes

Posted: Jun 02 2016 07:38PM EDT

ORLANDO, Fla. (WOFL FOX 35) - If you are leaving Orlando International Airport and plan to use the Jeff Fuqua Blvd. southern access road which connects to State Road 417, you will soon see some changes in traffic patterns.

The \$3.1 billion Capital Improvement Plan (CIP) approved by the Greater Orlando Aviation Authority board is taking shape at OIA. As part of the construction, a new route will take travelers on a sky bridge overlooking the future Intermodal Terminal Facility (ITF) and South Airport Automated People Mover Complex. The new roadway is scheduled to open to traffic on June 8, 2016.

The multi-year plan of major capital projects establishes target years for implementation of projects based on expected annual passengers, as well as establishing options for funding. The program of investment and improvement is linked to GOAA's strategic goals and projects are developed from the Authority's Master Plan process.

The improvement plans include projects to enhance the existing North Terminal Complex, construction of a new South Airport Automated People Mover Complex which will connect to a new \$1.8 billion South Terminal Complex, and construction of the Intermodal Terminal Facility which will connect OIA to a high speed train to Miami and a possible extension of SunRail.

Traffic shift set to begin at Orlando International Airport

Updated: Jun 2, 2016 - 4:31 PM

A new traffic shift is coming to Orlando International Airport.

The plan is designed to get travelers around a multi-billion dollar construction project.

The plan affects the main road out of the airport, heading south to State Road 417.

“One of the reason we're putting traffic on the new southbound lanes is we need to construct the permanent northbound lanes, and that lane goes right where the current southbound traffic is,” said director of construction Mike Patterson.

The traffic shift is set for June 8. Officials said it will impact the southbound commute out of OIA by taking drivers up and over the active multi-billion dollar construction site.

The project includes an automated people mover on one side that will take people from the complex to the main terminal.

The other side includes rail access additions, such as All Aboard Florida, which is a high-speed rail that travels from Orlando to Miami.

Another part of the complex will house rental cars and a parking garage for the new south terminal.

But the biggest emphasis is the impending transition out to Jeff Fuqua Boulevard that engineers have tried to make seamless.

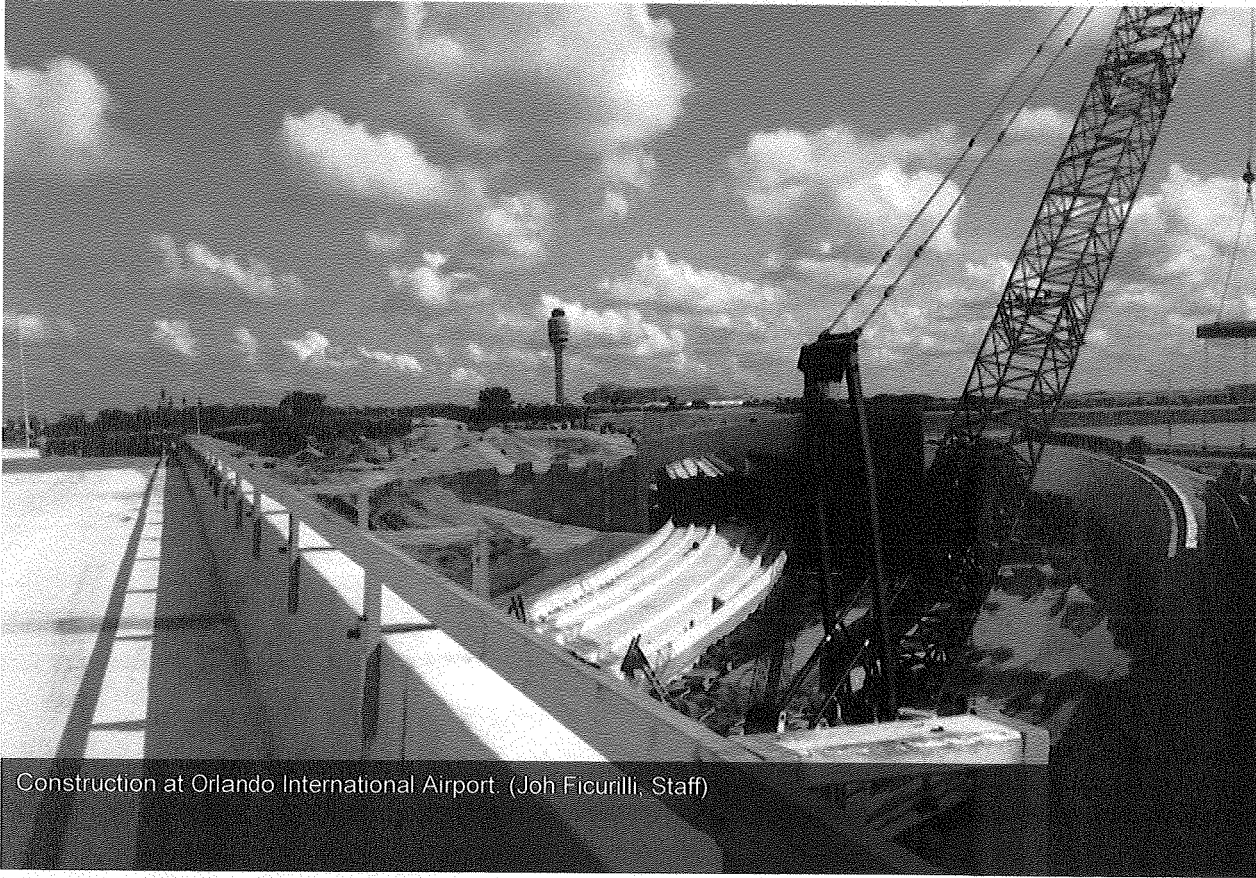

“They're now going to be on a permanent exit road. It will be kind of invisible to them. The signage will be clear; the same signage that's on the current southbound road will be on the, or rather, reopen southbound lanes, and it will be kind of invisible,” said Patterson.

While the southbound bridge opens in six days, the northbound bridge will open in the fall.

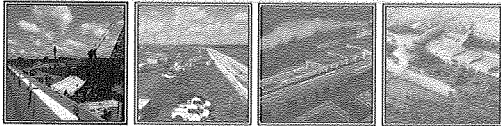

If the project stays on schedule, the first phase is expected to open next summer.

ORLANDO INTERNATIONAL AIRPORT -- If you're traveling to and from the Orlando International Airport, you'll notice some big changes to your route.

- **New southbound route to State Road 417 opens June 8**
- **Part of plans for new South Terminal Complex at Orlando International Airport**

* **New northbound lanes to be completed by the end of the year**

Starting June 8, a new southbound route from the airport to State Road 417 will be in place, taking drivers over a bridge which passes some major construction near the main terminals.

"This bridge was kind of key to getting the traveling public going south and the three rail systems going in from the north so they can interact properly," said Mike Patterson, director of construction for Orlando International Airport.

The airport is not only building a new South Terminal, with a new parking garage, but they are also installing rail lines for their new people movers.

The rail lines serve another purpose as well. Local leaders in Orange County are still hoping to have SunRail head towards the airport.

Airport officials also anticipate All Aboard Florida available in the years to come, with its line traveling to and from Miami.

This part of the project will cost just about \$3 million with a small portion coming from Florida Dept. of Transportation.

Following the grand opening of the southbound lanes, construction will begin on installing new northbound lanes as well. That construction on those new lanes is slated to be complete by the end of this year.

"This is really step one in getting the traveling public both to and from the new future South Terminal Complex," Patterson explained.

Good or bad for summer travels? Florida airports make the list

6:34 p.m. Wednesday, June 1, 2016

For those looking to visit family or have a fun, summer trip, you may want to avoid one South Florida airport.

The Huffington Post released a list, with data from MileCards.com, showing that Fort Lauderdale-Hollywood International airport has one of the worst track records for on-time arrivals. According to HuffPo, that happens at Ft. Lauderdale only 75.1 percent of the time. On the flip side, Southwest Florida International Airport, in Fort Myers, has a success rate of 78.9 percent.

File photo of airport

According to the data, Miami International Airport is one of the worst airports when it comes to time spent waiting to take off and time spent getting you to your gate, with an average of 17.9 minutes of delay and an average time of 8.5 minutes respectively. At Orlando International Airport, it takes an average 7.9 minutes to get to a gate.

Florida has generally ranked well when it comes to its airports, Thrillist gave high marks to Orlando International and Tampa International. Miami International was listed as the fourth-busiest airport in the country. In related news, Southwest and United were recently named among the worst at losing your luggage.

Orlando Int'l Activates Energy Reduction Plan

BY KEN WYSOCKY

FACTS&FIGURES

Project: Energy Reduction Plan

Location: Orlando Int'l Airport

2015 Passenger Volume: Almost 40 million

Project Cost: About \$125,000

Funding: Airport

Consultant: Hanson Professional Services

Primary Goal: Consume 10% less energy by 2018

Main Projects: Upgrading system controls; replacing existing light bulbs with longer-lasting, more energy-efficient LEDs

Key Benefits: Lower operating & maintenance expenses; less greenhouse gas emissions; more eco-friendly operations

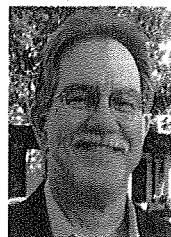

While some airport operators talk about reducing energy consumption, others take action to make it happen. Orlando International Airport (MCO) recently committed to the goal of using 10% less energy in its facilities by 2018, a move that will significantly reduce operating costs and may boost the airport's reputation from "eco-friendly" to "eco-friendlier."

MCO is following a multi-phase strategy developed by Hanson Professional Services to reduce its largest utility bill: \$14+ million per year for electricity. By implementing the first phase of the recommendations, the airport already

has reduced energy expenses by roughly 6%—about \$1.2 million—since 2012 and decreased greenhouse-gas production by 9%, reports Jeff Daniels, assistant director of maintenance operations at MCO.

An array of measures, such as replacing aging equipment and installing better controls for air conditioning and lighting systems, produced most of the cost savings. In addition, the airport replaced thousands of fluorescent and incandescent light bulbs with more energy-efficient and longer-lasting LED bulbs, Daniels says, citing another example.

Notably, the airport has managed to reduce its energy consumption despite increasing passenger traffic. "We experience approximately an eight percent passenger increase every year and are adding square

way miles-per-gallon expresses fuel use by vehicles. Using EUI allows officials to compare the energy consumed by different types of systems—steam vs. water-cooled systems, for example—on an apples-to-apples basis, says Daniels.

“EUI is the only realistic way to accurately measure comparisons,” he asserts. “Our total EUI is down by about 4.5 percent since 2012. Typically, I’d guess it would have increased more than 10 percent during that time period.”

Developing a Plan

Social consciousness also provided significant impetus for MCO’s energy initiatives. “We’re a big part of the community here,” Daniels explains. “So we need to be sure we’re doing our share in terms of energy conservation. Too often airports are seen as big energy wasters and producers of excessive greenhouse gases.”

Last April, airport officials consequently awarded Hanson a \$125,000 contract to develop a master plan for energy conservation.

“On my end of the business, our responsibility always is to find ways to reduce energy usage,” Daniels comments. “We have a responsibility to our community and to the world. Many times, that results in savings that can be passed along to our customers. That’s not the primary consideration here, but it can work out that way...anything that helps airlines pay lower fees is great.”

To develop a comprehensive plan, Hanson is reviewing the airport’s operations in phases. During phase one, the engineering and allied services firm performed energy audits in MCO’s ancillary airport buildings. Using those results, personnel ranked various energy-conservation measures in a logical sequence to deliver the most cost-effective results, explains Nate Boyd, a mechanical engineer and energy specialist at Hanson.

footage all the time,” Daniels explains. “So our challenge is to control the growth of energy usage even as we’re growing in terms of passenger levels and facilities.

“There are a lot of human candles running through here every year—about 39.5 million passengers last year alone,” he continues. “That means there are a lot of people using moving sidewalks, elevators, escalators, restrooms and trains. Typically, as you increase usage of those things, the associated energy load increases, too. We’ve not only been able to control energy use, but even reduce it during a high-growth period.”

MCO is using the energy utilization index (EUI) to measure progress toward its 10% reduction goal. EUI expresses energy used per square foot in facilities, similar to the

"Our overall goal is to identify current energy use in each building and asset at the airport, identify realistic savings targets and determine a methodology, through energy-conservation measures, to achieve those goals," says Boyd.

For example, the payback on upgrading building automation systems might come sooner than the payback for replacing heating, venting and air conditioning (HVAC) equipment. But if the HVAC equipment is old, it may make more sense to replace it first and *then* install a new control system.

"We call it a rack-and-stack method, where we analyze a number of different things to rank those projects by using three primary criteria: cost, anticipated savings and return on investment," Boyd says. "Sometimes indoor air quality also is a ranking factor."

Small Changes, Big Results

After the phase one review, Hanson proposed 38 energy conservation measures; and the airport elected to implement 19 of them. The result: an estimated savings of \$70,000 a year, with a payback period of just less than five years, Boyd reports. Most of the changes involved optimizing the operation of existing HVAC systems in ancillary buildings and swapping out existing light bulbs with LED light bulbs.

"For example, we made programming changes to the systems that control things like the speed output of fans or the damper positions within HVAC equipment," Boyd says. "There's a lot of energy to be saved by reducing the speed of fans or pumps if water or air flow isn't needed...a lot of times the original programming takes a very conservative approach that sends more air and water into systems than needed—sort of a just-to-be-sure philosophy."

It may seem like a stretch that a small change in fan speeds could have a significant impact. But if the airflow of just one fan is cut in half, it uses just 1/8 of the energy it did before, points out Boyd. "And we're easily talking hundreds of fans and pumps in an airport of this size, so little changes throughout the system add up to significant savings," he emphasizes. "If you take these hundreds of fans and pumps all over the airport and dynamically control their air flow, you're talking about

potentially saving hundreds of thousands of dollars."

Better programming capability saves money because MCO personnel can now monitor conditions throughout the airport more accurately and make adjustments faster. For example, the new controls send an alarm if an air-handling unit goes out of calibration. This allows employees to adjust it immediately, as opposed to waiting (possibly for hours) for someone to complain about a room being too hot or too cold.

The airport also installed occupancy sensors that automatically reduce heat or air conditioning and turn off lights when rooms are unoccupied. "If there's plenty of sunlight in a room, for example, it will automatically turn off any lights," explains Daniels. "And if a lot of people leave, say, a baggage claim area, the system senses that and turns off lights and adjusts the air conditioning accordingly."

Next Step: Airside Terminals

The second phase of Hanson's plan included energy audits in three of the airport's four airside terminals. (The fourth terminal was not included because it's undergoing renovations.) The company also worked with the Orlando Utility Commission to compile three-, five- and 10-year forecasts of items such as utility tariffs, rebates and incentive programs, pending legislation and infrastructure improvements. The team also gained insight about potential plans and timelines for upgrading transmission lines or substations and other projects that would affect the airport. In short, Hanson investigated anything that might affect the airport's future utility costs, Boyd says.

MCO received a review of Hanson's second phase of audits last fall and is implementing the bulk of its recommendations this year. Projects largely focus on upgrading controls for air conditioning systems in the three terminals. In effect, the new controls allow the complex system of pumps and valves that distribute chilled water to the terminals to operate more efficiently, Boyd explains.

"Now, if the valves close off, then a set point in the chilled water system can slowly ratchet down and slow the pumps down, too," he elaborates. "Those valves are set

to deliver a designed flow rate (of chilled water) to the farthest coil in the loop to ensure that, in any circumstance, the necessary amount of water required by the farthest coil is always available.

"Now, that set point responds to the position feedback from the valves, where before it remained at a set differential pressure set point," he adds. "It now effectively becomes a self-learning system that delivers what's needed, as opposed to possibly over-compensating for a worst-case scenario."

Although it's too early to definitively quantify results from changes made during phase two, Boyd expects cost savings to range from tens of thousands of dollars to more than \$100,000 per year.

Beyond acting on Hanson's recommendations, the airport has also spent about \$4 million over the last five years to replace four aging centrifugal chillers with high-efficiency units, plus three older cooling towers. Three remaining cooling towers also are scheduled for replacement.

"They were replaced more because of their age than for energy savings," notes Daniels. "We're also building a new centrifugal chiller plant to accommodate an expansion of one of our airside terminals. It features four magnetic-bearing (vs. oil-bearing) chillers and will be one of most efficient chiller plants in the Southeast."

Looking Ahead

Currently, the airport is considering a third phase, in which Hanson would audit facilities not addressed in previous efforts. Boyd says that the idea is to continuously update the energy roadmap every one to three years, depending on how long it takes to execute measures the airport decides to implement.

For other airports interested in reducing energy usage, Boyd suggests starting with "low-hanging fruit." Upgrading controls for air conditioning and heating systems provides immediate savings for the least amount of investment, he notes. "The development of optimized programming is continuously evolving," he observes. "The sophistication of programming keeps getting better and better, which allows us to fine-tune systems better."

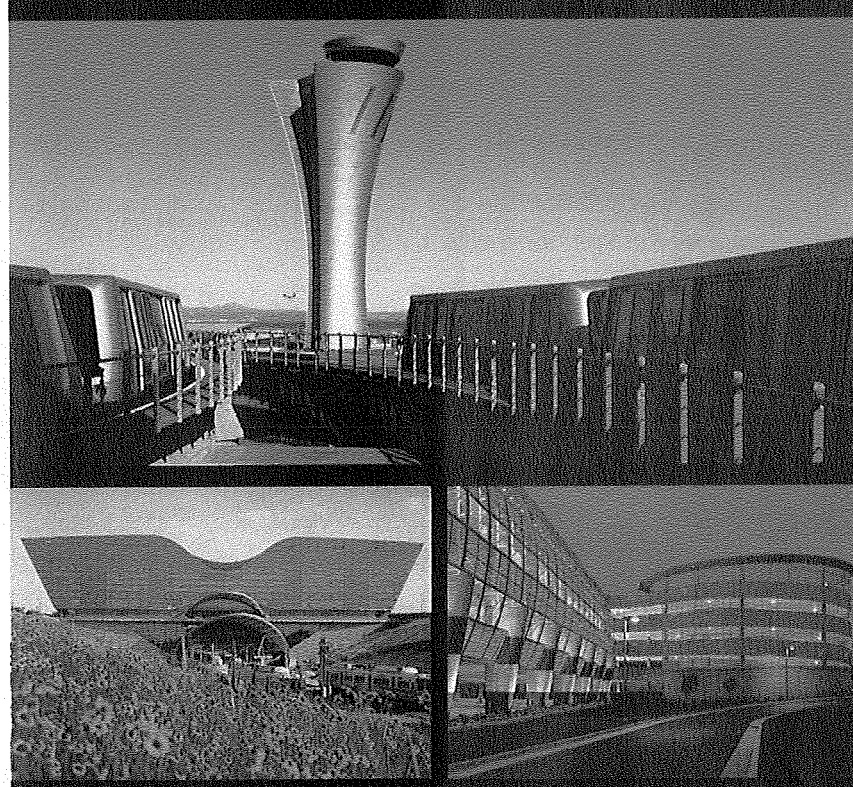

Daniels identifies hiring a consultant to perform an energy audit as a critical first step. In addition to identifying high-priority measures, an audit provides building managers with an action plan and helps airport officials develop a capital improvement plan for funding purposes, he explains.

"You've got to have a plan," Daniel stresses. "Like the old saying goes: People don't plan to fail, they fail to plan." 

The airport is working to use 10% less energy by 2018.

Report critical of TSA lines, customer service at OIA

GOAA chairman: "It's unacceptable"

By Erik von Ancken - Anchor/Reporter

Posted: 5:43 PM, May 31, 2016 Updated: 6:41 PM, May 31, 2016

ORLANDO, Fla. - The latest TSA Services Review revealed wait times as high as 40 minutes at Orlando International Airport security checkpoints during some peak times over the past few months.

In April, 35 percent of passengers surveyed about their wait times were satisfied, down from 47 percent in September 2015. Customer dissatisfaction rose from 22 percent in September to 33 percent in April.

"It was something unacceptable from a customer service standpoint," said Greater Orlando Aviation Authority board chairman Frank Kruppenbacher.

News 6 exclusively obtained the review, which was presented by Orlando International Airport Director Phil Brown at this month's Greater Orlando Aviation Authority board meeting.

The independent quarterly review focuses on Transportation Security Administration wait times and customer satisfaction.

"I would expect lines when you are looking to protect the security of people," said Kruppenbacher.

"You can't rush security. But what you can do is have a customer service attitude. I hear stories of what I would call less-than-acceptable customer service, about how they're spoken to, what they're told, what they're not told."

Kruppenbacher said if the TSA does not improve wait times and satisfaction, he will consider privatizing airport security.

"Our job as a board is to protect the customer service experience. We're a \$32 billion economic engine for Central Florida," said Kruppenbacher.

TSA Federal Security Director Jerry Henderson, at OIA, said the airport is fully staffed under the levels allowed by Congress.

"I can tell you, anytime people have to wait longer than 15 minutes you're going to see that [customer satisfaction] go down," said Henderson.

"Part of it, too, is people don't like going through the security process. But it's what we have to do. If you look around the world, there have been 3 major attacks in less than 6 months."

Henderson said during peak times, all lanes are open. He's added explosives-sniffing dogs to pre-clear some passengers and move them along. But he said security is always more important than satisfaction.

"First and foremost, we're concerned about security and making sure we get people through safely, and we do worry about customer service," said Henderson. "And we can do both. We try very hard to do that. I feel like the worst form of customer service would be to let a plane full of people get blown out of the sky coming out of this airport. That's what I really worry about."

OIA public affairs director Carolyn Fennell said the airport has hired 27 employees to help passengers prepare for security checkpoints and guide them through the cues so TSA staffers can

focus on screening.

In an email, Fennell listed other "initiatives for efficient, customer-focused, passenger security screening":

- GOAA is actively managing the queues in front of both checkpoints
- GOAA has reconfigured the areas in front of the checkpoints to better organize entry to screening checkpoints
- GOAA personnel, including contract Ambassadors, are active at the checkpoints performing non-security functions (i.e. assisting passengers with divesting of metal objects, water, weapons and providing information about identification and documents needed for expedited screening along with moving of divesting bins)
- GOAA added contract personnel and canine teams in the baggage search rooms to assist the Transportation Security Administration (TSA) during peak periods
- GOAA has started the process to introduce privately staffed and operated employee-only security checkpoint lanes to facilitate more passenger throughput for regular security checkpoint operations, freeing up TSA personnel for more direct expedited customer service
- GOAA meets with TSA officials on a daily basis to review and anticipate peak travel times and assign personnel accordingly
- GOAA has invested in software to help analyze checkpoint wait times to better anticipate and respond to fluctuations in traffic patterns
- GOAA continuously monitors various social media platforms to identify any positive or negative trends for real-time public response to checkpoint activities
- GOAA has collaborated with TSA to redesign checkpoint signage to better inform travelers of steps in the screening process
- GOAA has initiated customer-friendly terminal entertainment to help reduce stress for travelers prior to entering the security checkpoints

Still, Henderson said, especially over the summer, there will be long lines at times.

"There are times we will exceed the capacity of this airport to get through security," said Henderson. "Even with all lanes open, and even with K9s, we're still going to have some waits just because you can't get people through the process. We're fully staffed during those times."

Henderson suggested applying for the TSA Pre-Check program:

Pre-Check costs \$85 and is good for 5 years. You'll need to bring your passport to a TSA Pre-Check office (one is located on the A-side of OIA across from Suntrust Bank) and sit with a screener to answer several questions and give personal information, including fingerprints. Appointments made online get priority over walk-ins but at OIA the first available appointment wasn't until July 15.

Those who have been approved for Pre-Check will still be screened but Henderson said the wait time is never more than 5 minutes. Parents can take children 12 and under through Pre-Check.

ORLANDO INTERNATIONAL AIRPORT PREPARES FOR HIGH PASSENGER TRAFFIC THIS SUMMER

Officials at Orlando International Airport say they are ready to welcome millions of passengers traveling through this summer. That's as the airport experiences double-digit growth and expansion. Officials have reorganized the security checkpoint cues and hired 27 personnel to pre-screen travelers to keep security wait times short and customer service upbeat. They have also added canines to sniff out luggage and mobile passport kiosks for international travelers.

"We've added stanchions in areas. We've added bins for water or liquid bottles to the front of the line. Those are just little things. But all of that adds up to a reduction in slowing down the process," said spokeswoman Carolyn Fennell.

She calls these additions critical with passenger traffic growing every year.

"We have teams that are coming through. We have families that are coming here. We have conventioners that are coming through," said Fennell. "We all have to work together to try to make this a seamless and efficient and memorable experience."

More than 40 million passengers traveled through Orlando International Airport last year in a main terminal area built to accommodate 25 million.

Fennell said many of the additions have been made through working with the Transportation Security Administration.

Orlando airport reports longer security lines as TSA weathers national scrutiny

Travelers are waiting longer in security lines at Orlando International Airport as the TSA is coming under scrutiny nationwide for delaying fliers.

As the busy summer travel season approaches, Congress shifted \$34 million to the agency this month and the administration's head, Peter Neffenger, testified this week in a U.S. House committee hearing, saying the TSA will add roughly 800 new screeners by mid-June. None of the new workers will be at the Orlando airport.

At Orlando International, passengers stood in line an average of 11 minutes last month; that's up from seven minutes in September. But TSA also recorded several wait times as high as 50 minutes in that time period. Over Memorial Day weekend, traffic is expected to increase by 12 percent.

"All in all, wait times are very good," said Jerry Henderson, federal security director for TSA in Orlando.

Looking to shorten lines, the Orlando airport studied for two years whether to replace TSA with privately hired guards. It decided in April 2015 to keep TSA only if it met certain benchmarks. According to the airport's latest review, TSA failed by at least one of the airport's criteria: moving passengers through security in an average of six minutes during busy travel times.

But the airport has decided to keep TSA screeners for now.

"Things have changed since then," said Carolyn Fennell, spokeswoman for Orlando airport. She attributed the extenuating circumstances to a reduction in TSA personnel and "the sheer growth of traffic" at the airport. The airport saw 38 million passengers last year, up from 35 million in 2014.

About three in four passengers were satisfied with their security checkpoint experience in April at the airport, according to a report by Phoenix Marketing International, a market research firm.

William Bushby, from the southern coast of England, has more complaints about the customs and immigration line on his thrice-yearly trips to Orlando for vacation.

"We dread the immigration," Bushby said. TSA lines are, "on average, 10 to 15 minutes," he said.

U.S. Rep. John Mica, R-Winter Park, has long wanted to privatize screening at airports while shifting TSA's role to intelligence-gathering. "We had whistleblowers tell us the division of intelligence and analysis at TSA is in turmoil ... That should send shivers up the spine of everybody in Congress."

The findings of an internal investigation released last year revealed that covert Homeland Security agents were able to get weapons through TSA screening 67 out of 70 times at the nation's busiest airports, a 95 percent failure rate.

"They don't need more employees," Mica said. "They need smarter screening." Mica serves on several transportation House subcommittees.

"After 15 years, TSA will never get it right. They cannot recruit. They cannot train. And they cannot retain," Mica said.

Ahmed Abdelghany, who wrote a book on airline management operations titled "Modeling Applications in the Airline Industry," said the discussion to privatize screening is premature.

"We should study the system first and see if the government can do it efficiently or not. In this kind of business, it has to be dealt with carefully because of the nature of the job," he said.

Travelers at Orlando can only expect it to get busier, with more than 40 million passengers forecast for this year.

Airport parking on Tuesdays, Wednesdays and Thursdays is filling up more often, Fennell said. On a Wednesday in May, drivers were directed to a parking lot two miles south of the airport and were then shuttled back.

Passengers should be "in the terminal" -- not the parking lot -- two hours before departure to make their flight, Fennell said.

TSA suggests passengers arrive two hours before domestic flights and three hours before international flights, which was revised upward earlier this year from slightly shorter suggestions, said Sari Koshetz, a TSA spokeswoman.

Orlando International Airport, TSA join forces to smooth out Memorial Day travel

May 27, 2016, 2:31pm EDT

Travel to **Orlando International Airport** may be a bit smoother this Memorial Day weekend.

The airport has beefed up its resources with the Transportation Security Administration (TSA) to help deal with an increase in traffic, as more than 600,000 passengers are projected to come through Orlando International Airport this weekend.

Improving the travel experience to Orlando is a major piece of the overall tourist experience. Vacations tends to start the moment travelers hop on or off a plane, and any bad experiences could cause tourists to rethink returning to Orlando.

ANDREW HARRER/BLOOMBERG

Orlando International Airport and TSA have joined forces to help make the travel experience on Memorial Day weekend a bit smoother for business and leisure travelers.

For example, the airport "hired 27 new customer service ambassadors to assist passengers approaching the security checkpoint areas with the divesting process, increasing speed and efficiency for TSA agents," said an airport release. That includes informing and reminding travelers of the procedures needed to go through security checkpoints, as well as what is and isn't allowed onto aircraft.

In addition, an increased usage of canines for the weekend will help speed-up the security check process, as canines are highly trained to find any suspicious items. Also, the TSA has shifted part-time employees to full-time for the weekend, which will help eliminate any staffing issues.

This is on top of the existing programs that help improve security checkpoint efficiency, such as the TSA Pre-Check Program, which allows travelers who have gone through a previous enrollment program to "leave on shoes and jackets during the screening process and go through a specially dedicated lane at the checkpoint. The program is \$85 for five years and requires a complete background check," said the airport.

Orlando airport working with TSA to handle busy travel weekend

UPDATED 8:42 PM EDT May 27, 2016

ORLANDO, Fla. -

Officials at Orlando International Airport (MCO) are expecting a 12 percent increase in travelers this Memorial Day weekend compared with last year. More than 600,000 people will travel in and out of MCO between Friday and Tuesday, airport officials said.

To better accommodate the increase, the airport is working with the Transportation Security Administration in several areas to help minimize wait times for travelers at security checkpoints.

>>Download the WESH 2 News app for [iOS](#) and [Android](#)

Officials said MCO has hired 27 new customer service ambassadors to assist passengers approaching the checkpoint areas. They'll make travelers aware of what to remove, what is prohibited and identify what documentation and identification to have ready for screening.

- MCO has encouraged and the TSA has increased the usage of canines to assist at screening checkpoints.
- The TSA has moved a number of part-time employees to full-time status to help ease staffing issues.
- MCO is also helping to spread the word about TSA programs and procedures:

The One + One program: One carry on is allowed per passenger along with One personal item. Having fewer bags to check at the checkpoint helps increase the number of passengers that can be screened at the checkpoint. Be advised however, this may require more checked baggage which can be an added cost depending upon your air carrier.

The 3-1-1 program: Only Three ounce containers of liquids, gels or creams are allowed in carry-on baggage to be enclosed in One quart sized zip lock plastic bag. And only One bag per passenger.

TSA Pre-Check Program: For future travel, enrolling in the Pre-Check program allows travelers to leave on shoes and jackets during the screening process and go through a specially dedicated lane at the checkpoint. The program is \$85 for five years and requires a complete background check.

Other tips to assist with speed and efficiency:

- Passengers are encouraged to arrive inside the airport terminal at least two hours prior to their departure time for domestic and three hours prior for international travel.
- Remember to allow extra time for parking. During this busy period, airport parking garages can reach capacity.
- Travelers are encouraged to practice patience, civility and courtesy towards their fellow travelers, airport and airline employees.

○ Security checkpoint lines moving smoothly at OIA despite glut of holiday travelers

Updated: May 27, 2016 - 4:18 PM

Airports around the country are experiencing a glut of holiday travelers and delays at under-staffed TSA checkpoints are only getting worse.

At Orlando International Airport, though, things were going smoothly Friday morning as fliers lined up to head out of town.

Airport officials said 27 new service ambassadors have been hired, the use of K-9s has been increased increased at security checkpoints and TSA made a number of part-time employees full-time employees.

OIA officials said they anticipate about 62,000 travelers will come through the airport Friday. They anticipate more than 600,000 will come through OIA between Friday and Tuesday, which would be a 12 percent increase from last year.

"Having people in pre-check, we know a lot more about them (and) we can put them in the lower risk category, which speeds not only them through the process, but everyone else at the airport," said TSA's federal security director Jerry Henderson.

Officials said they went from a daily average of 3,000 pre-check enrollees to 16,000.

Traveler Walt Stern was impressed with how organized and quickly he was able to get through security at the airport.

"It's actually going rather quickly, so far," he said. "We left from Seattle and we had a much longer wait there, at Seattle, and here we're going right through."

The TSA has experienced backlash lately over long waits at security checkpoints across the country. Officials urged travelers to arrive to the airport two hours before their flight and prepare for long lines.

TSA officials blame the delays on a surge in passengers, increased security measures and a lack of adequate staffing.

Long lines expected for OIA travelers on Memorial Day

This Memorial Day weekend, Orlando International Airport is expected to be one of the busiest airports in the nation with more than 600,000 travelers.

Air travel during the summer months is expected to draw record-breaking crowds, with 220 million expected to fly.

Officials say the security line problem with the Transportation Security Administration won't ease until at least mid-June.

Orlando International Airport expects more than 118,000 passengers Friday alone, with growing numbers on Saturday and Sunday. Holiday travelers are expected through the end of the month.

Homeland Security Secretary Jeh Johnson talked about the increased volume at airports on "CBS This Morning."

"We've seen record numbers of air travelers and that has led to longer than expected wait times at some of the nation's busiest airports, at certain times of the day," Johnson said.

Orlando International Airport has employed ambassador staff members to help passengers check bags for prohibited items and liquids before entering security.

Several people waiting at the airport tell News 6 they showed up early after hearing the news about missed flights and security line nightmares at airports across the country.

"We were just glad that we were getting to the airport early," said Latasha Griffin, who was traveling from Indianapolis.

Orlando Airport ensures expedited travel during summer

May 31, 2016 Africa, America, Aviation News

With double-digit growth in the past year and as the connector for the most visited destination in the country, the Greater Orlando Aviation Authority (GOAA) has taken an industry leading role in ensuring efficient and quicker access through the security screening process at Orlando International Airport (MCO).

For the five-day Memorial Day holiday travel period, the unofficial start of the summer travel season, more than 600 thousand passengers will be arriving and departing from MCO. This represents a 12% increase over last year's holiday. The busiest Memorial Day travel day is expected to be Sunday, May 29th with more than 130 thousand passengers.

“Security is a top priority at Orlando International Airport,” says Frank Kruppenbacher, Chairman of the Greater Orlando Aviation Authority.

“However it is also important that our passengers receive excellent customer service. To make this happen, the Authority has engaged in a number of proactive steps to improve the process.”

GOAA Initiatives for Efficient, Customer-Focused, Passenger Security Screening:

- GOAA is actively managing the queues in front of both checkpoints
- GOAA has reconfigured the areas in front of the checkpoints to better organize entry to screening checkpoints
- GOAA personnel, including contract Ambassadors, are active at the checkpoints performing non-security functions (i.e. assisting passengers with divesting of metal objects, water, weapons and providing information about identification and documents needed for expedited screening along with moving of divesting bins)
- GOAA added contract personnel and canine teams in the baggage search rooms to assist the Transportation Security Administration (TSA) during peak periods
- GOAA has started the process to introduce privately staffed and operated employee-only security checkpoint lanes to facilitate more passenger throughput for regular security checkpoint operations, freeing up TSA personnel for more direct expedited customer service
- GOAA meets with TSA officials on a daily basis to review and anticipate peak travel times and assign personnel accordingly
- GOAA has invested in software to help analyze checkpoint wait times to better anticipate and respond to fluctuations in traffic patterns
- GOAA continuously monitors various social media platforms to identify any positive or negative trends for real-time public response to checkpoint activities
- GOAA has collaborated with TSA to redesign checkpoint signage to better inform travelers of steps in the screening process
- GOAA has initiated customer-friendly terminal entertainment to help reduce stress for travelers prior to entering the security checkpoints

“We are optimistic that our collective efforts to collaborate with the TSA will result in a more positive travel experience for our customers,” says Phil Brown, Executive Director of the Greater Orlando Aviation Authority.

600,000 travelers at Orlando airport this weekend

ORLANDO, Fla. - More than 600,000 travelers are expected to pass through Orlando International Airport this Memorial Day weekend.

Airport officials said the number of travelers at the airport from Friday to Tuesday will mark a 12 percent increase over last year.

Airport officials are taking some steps to try to make travel go smoothly at the airport.

Some 27 new customer service representatives have been hired to help travelers right before they go through the security-screening process.

Airport officials also are encouraging Transportation Security Administration workers to use dogs at the screening checkpoints, which can speed up the screening process.

Airport officials also recommend that travelers on domestic flights get to the airport two hours ahead of their departure, and they say international travelers should arrive three hours ahead.

TSA confiscates record 74 firearms from fliers' carry-on bags

Updated: May 31, 2016 - 8:12 AM

During the past week, the Transportation Security Administration said it confiscated 74 firearms, 65 of which were loaded, from carry-on bags at airports across the country.

Eighteen of the guns had a round in the chamber, the TSA said.

Two of the loaded guns were pulled from bags at Orlando International Airport, a TSA report showed.

The number of firearms found in bags was the most ever confiscated in a single week, officials said.

Fliers are allowed to bring firearms on airplanes, but they must be declared, unloaded, locked in a hard-sided container and can only be packed in checked luggage, according to TSA regulations.

Even toy or non-functioning replica guns are banned from carry-on luggage, but the 74 found in the last week were all real, the TSA said.

The record breaking number of guns found at U.S. airports came during a busy holiday weekend.

Over the weekend at OIA alone, more than 600,000 passengers were expected to pass through the doors.

The TSA weapons report also said guns were found at airports in Jacksonville and Tampa.

Along with guns, TSA also confiscated numerous items in the past week, including ammunition and knives.

The previous record for firearms confiscated from carry-on bags was 73 and was set last month, the TSA said.

Airports go slow on Delta's plans to expand VIP security lanes

By Jeffrey Dastin

NEW YORK As travelers face long waits for U.S. airport security checks, Delta Air Lines Inc wants to expand limited access lanes to allow its top fliers – and anyone who pays a fee – to jump to the front of the line.

But some airport managers are balking at the idea, saying they don't have the room or don't want to do anything that may compound delays for regular fliers. Houston's two main airports plan to drop the program next year.

Eleven other airports have the expedited lanes operated by CLEAR, a private company. For \$179 a year, CLEAR checks users' identities and links them to iris scans and fingerprints.

At the airports, CLEAR employees verify customers' identities and escort them to the U.S. Transportation Security Administration (TSA) screening area – bypassing other travelers.

Delta, which bought a 5 percent stake in CLEAR in April, wants the service to expand into its U.S. hubs. Delta also plans to discount CLEAR for frequent fliers and make it free for customers who spend \$15,000 and accrue 125,000 miles in a year.

The No. 2 U.S. airline in passenger traffic said it wants to increase the use of CLEAR because "customers tell us their time is valuable."

But representatives of several airports told Reuters they had concerns about adding or expanding the service.

An official with Houston's Bush and Hobby airports said CLEAR lanes were little used - frustrating other travelers waiting in line.

'LIKE PLATINUM'

At a time when travelers scour websites for bargain airfares, Delta is trying to stand out as a high-end brand with unique services and infrequent flight cancellations. Chief Executive Ed Bastian said he believes the strategy will allow the airline to command higher prices.

"Our product is not a commodity," Bastian told analysts on an April conference call.

CLEAR has succeeded in some places. At California's San Jose International Airport - where 100 to 300 people use CLEAR lanes each day, compared to 17,000 or more in the regular lines - it's a hit with technology executives, said the airport's Deputy Director of Airport Operations Bob Lockhart.

In Orlando, where CLEAR first opened, the program has its own entry into security.

"There was a joke in Orlando that a CLEAR card was flashed like Platinum American Express," said Carolyn Fennell, spokeswoman for the Greater Orlando Aviation Authority.

But Charlie Leocha, chairman of consumer advocacy group Travelers United, said it was "a shame that regular travelers get to be treated as second-class citizens."

Long lines have been a frustration to frequent travelers like Matt Adams, 33, who flew through San Francisco International Airport earlier this week. Some lanes "are not really managed effectively, while others are backed up," said the software analyst departing San Francisco for New York.

David Cohen, CLEAR's Chief Administrative Officer, bristled at the notion that the service was elitist. Anybody can buy it, and CLEAR offers promotional rates for first-time users, he said.

"The CLEAR lane from our perspective is not unlike that toll road that anyone has an opportunity to use," Cohen said.

JAMMED AIRPORTS

Acute security delays at airports this spring have been blamed on a good economy and bad planning.

It began when the TSA opened applications for its own expedited security program, PreCheck, in 2013. For \$85 every five years, pre-screened travelers keep their shoes on and laptops stowed, moving through security checks three times as fast.

The TSA aimed for 25 million people to sign up for pre-vetting and cut agents accordingly. As it turned out, about 10 million travelers have enrolled. On top of that, screening lapses prompted the agency to reduce its practice of pulling fliers from long security lines into under-used PreCheck lanes. As a result, the TSA has not realized the staffing efficiency it expected.

In addition, travel has surged as the economy recovered. This year, the TSA projects it will screen 15 percent more people than in 2013, with 12 percent fewer agents. Amid the outcry over the ensuing bottlenecks, the TSA replaced Kelly Hoggan, head of its Security Operations Office, and it won funding to hire 768 more agents. The TSA is hoping to contract more vendors to enroll people in PreCheck - an opportunity CLEAR is interested in, Cohen said.

Airlines also are responding. Delta, American Airlines Group Inc and United Continental Holdings Inc are each adding \$4 million to what they typically spend on workers to help TSA agents with non-screening tasks, such as restocking bins.

Any new CLEAR lanes must be approved by airport managers, airlines that share a terminal and the TSA. Several managers said they weren't interested - at least for now.

"We just don't have room," said Peter Higgins, director of airport operations at Delta's Salt Lake City hub.

But, a spokeswoman added later, the airport is looking at its options.

CLEAR plans to expand in coming months, Cohen said.

It has approached Los Angeles, a focus city for Delta, according to a source familiar with the matter. But airport managers there have yet to be convinced that demand for the service merits the space, the source said.

Los Angeles World Airports declined to comment.

Managers of Delta's Seattle hub hope to have a contract with CLEAR soon, according to a spokesman. At its Minneapolis hub, talks are ongoing.

"We're not quite ready yet to sign on the dotted line," said Patrick Hogan, a spokesman for the airports commission in Minneapolis. "We don't want to add a CLEAR line that then squeezes out someone else."

ORLANDO INTERNATIONAL BREAKS THROUGH THE 40 MILLION PASSENGER MARK WITH APRIL TRAFFIC NUMBERS

ORLANDO, FL. – For the first time in Orlando International Airport (MCO) history, more than 40 million passengers were reported during a 12-month period at the airport.

On a rolling 12-month basis, in April, MCO registered nearly 40.2 million total passengers.

“Reaching the 40 million passengers mark is quite an accomplishment and evidence of our need to move forward with the capacity expansion and customer service plans underway at Orlando International Airport,” says Frank Kruppenbacher, Chairman of the Greater Orlando Aviation Authority. “What makes this number even more remarkable is, the current facility was designed to accommodate 24 million annual passengers.”

“The passenger growth reported for April is an indicator of predicted strong Summer traffic,” says Phil Brown, Executive Director of the Greater Orlando Aviation Authority. “We’re expecting an increase of almost 8 percent in airline seat capacity into the market when compared to last year.”

April Statistical Data:

- Domestic passenger traffic climbed 7.65 percent with 3,155,587 total travelers
- International passenger numbers increased 11.85 percent with 481,654 travelers
- Overall traffic was up nearly 8.2 percent with a total of 3,637,241 passengers for the month
- Year-to-date overall traffic is strong, up 10.64 percent with 14,401,897 passengers
- On a rolling 12-month basis Orlando International Airport hit 40,194,066 travelers with the addition of April passenger volume, reflecting 9.6 percent in growth

Dear Mr Dyer,

It is with deep shock that we received the horrifying news of the assassination of more than 49 innocent people in a nightclub in your city on Saturday night. We were informed that many people are badly injured and fighting for their lives at this very moment.

Words are simply not enough to express our condolences and deepest feelings of sympathy for the families, friends and colleagues of all these victims. Our hearts and thoughts also go out to the people of Orlando for whom this is a black page in the history of your city. This carnage is not only an incredible blow to the LGBTI community in Orlando but also to the international LGBTI community.

On behalf of the city government and the people of Amsterdam, we stand united in your grief, unbelief and anger and we wish you and your fellow men strength, wisdom and support today and in the future in coping with this tragedy.

With feelings of deepest sympathy, I remain yours sincerely,

Eberhard van der Laan,

The Honorable Buddy Dyer

Mayor of Orlando, Florida (USA)

With great sadness we express our sympathy to the families and friends of the victims and the entire population of Orlando before the tragedy which took place at the weekend.

We, Brazilians mayors, reiterate the importance of respect for diversity and the struggle for progress in equal rights for all, regardless of gender, color, religion and sexual orientation.

These principles dialogue with the Sustainable Development Goals (SDGs), of UN, in particular the ODS 16 - Peace, justice and effective institutions.

We reject all forms used to express hateful attitudes against any human being. Increasingly we need to strengthen the culture of peace, the affirmation of diversity and tolerance as essential elements of the democratic society.

We have also reaffirmed the commitment to continue struggling to build fairer, more solidary and human cities.

A message of solidarity was also sent to the President of the USCM, the mayor of Baltimore, Stephanie Rawlings-Blake.

Buddy,

I appreciated what I saw of you over the past two days.
Job well done. Especially the "...don't feel like I have a job" piece.

Here is a tune I would be glad to lead in a sing along, anytime, anywhere.
Be sure to check out the Chorus. You know the tune.

I might update the lyrics as well, making a reference to Pulse, although they work pretty well for current situation as is.

I also wrote the OrlandoFabric piece yesterday.
Never had a worse funk within me.
Surely you can relate.

Carl Langford was Mayor here in Orlando all throughout the 1970's, which was a period of great change. Orlando was historically a truly Southern US town. Division Street divided white from black, as had the signs on the public restrooms. Back then, intolerance regarding non-traditional lifestyles was the norm.

My friend Lyn Thompson was Mayor Langford's assistant. One weekday morning in 1975 or so, at about 11:30, he received a phone call. His side of that call went something like:

"Yes, this is Lyn. Yes, I work with the Mayor. He is here.

OK. What? Are you serious? Really?

OK, give me a few hours and I will see what I can do."

He sat back and thought about what he had heard. At the time the Orlando Police and the Orange County Sheriffs were giving the gay community commercial establishments a very rough time. The word harassment is probably descriptive. Such treatment was pretty typical in the South and elsewhere.

After a few minutes my friend went into Langford's office, and it went something like this:

"Carl, we don't have any plans for lunch. I'm thinking Miner's BBQ up in Fair Villa."

Mayor – "Great. You drive."

They went west on Central and north on US 441, the Orange Blossom Trail. As they approached the Parliament House, the most-prominent gay lifestyle hotel in the region, Lyn slowed down in the left lane and pointed to the marquee in front of the hotel.

It simply read: "Welcome Mayor Langford." Head swivel. Shock. Incredulity.

Mayor – "OK, I guess we are going to need to call off the dogs."

At the restaurant Thompson went to the pay phone, made a few calls, then called the hotel. On the way back to the office, the marquee message was completely different.

Ever since then, Orlando has been relatively gay-tolerant, increasingly diverse and vibrant.

Today our entire community is reeling from the unbelievable hate crime that occurred yesterday.

We all hope the families and friends of the victims and the injured can, in due time, find comfort and grace in their profound loss and their suffering.

And I believe we all know that this heinous crime will serve to strengthen both our resolve for tolerance and the fabric of this wonderfully diverse region, the Orlando we have come to love.

Hi, here is a prayer for Orlando and the people of Florida

God bless you all, Robert

Orlando

Orlando, Orlando, we are calling your name
Our prayer is that you Hold on to your hope, and give God your pain

So many people have come to your town,
And you've made so many more smile, and took away the frown

Abundant life in the sunshine state,
It's fun just watching the kids get excited as they get close to the Disney entrance gate

The place where Columbus landed and found the new land,
Fun for all and even for people who are called grand,

So it's ok to hug a neck and to shed a tear,
And by no means should you ever again live in fear

There are 49 other states who have your back,
So please know this each time you see oranges in the grocery produce rack

Good will ultimately overcome,
We are lifting you all up in prayer to the Holy One

One day at a time while you stand united in purpose and cause,
So remember we are with you each time you pause

Orlando, Orlando we are calling your name

Php 1:3 I thank my God in all my remembrance of you, **4** always in every prayer of mine for you all making my prayer with joy,

Statement of Madison Mayor Paul Soglin on Orlando Shootings

We ask if the weapons were obtained legally or illegally. We ask if it was an act of terrorism or of hatred, or of both. These distinctions do not matter.

Once again, innocent and good people who loved and were loved by family and friends, are dead - the victims of the obscene firepower available in this country sponsored by the National Rifle Association (NRA).

We need to stand up to the NRA and the peddlers of death.

There is a range of reasonable steps that can be taken without infringing on the provision of the Second Amendment, which ensures the establishment of a well-regulated militia: weapons registration, owner registration, background checks, waiting periods, and control on weapons sales. Limitations on firepower are reasonable, sensible actions.

Here in Madison we feel compassion and pain for those who perished; who deserved to live their lives in happiness and love. Our hearts go out to their families and loved ones and to the people of Orlando. I have conveyed our sympathies to Orlando Mayor Buddy Dyer.

Good evening,

Many of you have reached out to me regarding whether the Audubon Park Great American Main Street Award Reception will still take place after the tragedy that occurred in our City this past Sunday morning.

After conversing with the Mayor's office, we have decided to move forward with the reception on Thursday, June 16, 2016 at East End Market.

Now, more than ever, the Mayor believes it is so important that we celebrate the diversity and inclusiveness of our community. This reception will not only recognize the great accomplishments of APGD, but will celebrate the undeniable strength, passion and perseverance of all who call the City of Orlando home. Though our community experienced a senseless act of violence that has affected our entire City, we will not be defined by hate, and we will prevail stronger and more united than ever, as one Orlando.

If you have not already RSVP'ed, please do not hesitate to do so now. We are excited to celebrate this evening with each and every one of you. I have attached the invitation, which has more details.

If you are not familiar with the space, please note that the reception will be held on the second floor of East End Market. If you use the stairs, enter the double doors to your immediate right, where you will be greeted outside of the event space. If you use the elevator inside of the Market, the event space will be to your left once you exit the elevator.

Please let me know if you have any questions or concerns. I look forward to meeting you all and celebrating your outstanding accomplishments.

Best Regards,

PROCLAMATION OF INSURRECTION

19-227 of Idaho Code. Proclamation of Insurrection. 19-228 of Idaho Code. Disobedience of Proclamation. 19-226 of Idaho Code. Command of Armed Force. 19-219 of Idaho Code. Prevention of Public Offenses. 19-214 of Idaho Code. Prevention of Public Offenses. 19-207 of Idaho Code. Prevention of Public Offenses. 19-211 of Idaho Code. Legal Jeopardy in cases of self-defense and defense of other threatened parties. 19-202 of Idaho Code. Resistance by threatened party. 19-201 of Idaho Code. Lawful Resistance. 19-206 of Idaho Code. This is relevant because I want to press charges on Local News 8 of Idaho Falls, ID for violations of Idaho Code 18-1701. Conspiracy, Idaho Code 18-4801 and 18-4802. Libel, 18-2001. Criminal Solicitation, 18-7902. Malicious Harassment, Idaho Code 18-3313. False reports of explosive in public place a felony. If Local News 8 is not responsible for violation of Idaho Code 18-3313, false reports of explosives in public place a felony, I wish to press charges on whoever is responsible.

For each Idaho Code in the previous paragraph, there would have had to be at least 2 persons or more involved for each crime. An editor and a cameraman, and those doing the reporting, etc. makes it more than 1 person. I did not have small explosives in my car. I was not charged for small explosives by the Police or the FBI. There could be a crazed gunman that got information from my license plate that knows who I am now. I have gotten threats. This is the second time false stories occurred by Local News 8. In 2012, Local News 8 said I banged on the window and threatened someone, and that was false and made it difficult to live.

I must do Proclamation of Insurrection because the Attorney General of Idaho has said at least twice to me that they will not pursue charges against Local News 8 for their crimes. I went to the local Pocatello, ID, Police Department and they said they could not assist me because I needed to get help from the Idaho Falls, ID Police Department since Local News 8 headquarters was in Idaho Falls, ID although there was a smaller branch in Pocatello, ID. The Police Department in Idaho Falls, ID told me that they would not help me press charges so I got the fax number and faxed them a detailed report twice of the violations and why they were violations. I specifically stated "I wish to press charges on Local News 8". The Idaho Falls and Pocatello Departments, the Attorney General of Idaho, the County Commissioner of Bonneville County, ID, and Governor Otter of Idaho all either received a detailed report, told me over the phone that I am not able to press charges, or said they can't help me. I have sent a detailed report to an Attorney General in Washington D.C. and to the Administration at the Whitehouse. I sent an email on Memorial Day also, to the Department of Justice asking for charges to be pressed against those responsible for dismissing a Notice of Genocide, a violation of 18 U.S. Code § 1091. I also stated that 5 U.S.C. § 552a(g)(4) states in no case should I receive less than \$1,000 for medical record occurrences. I told the Department of Justice this on Memorial Day 2016. 42 U.S. Code § 2000a. Prohibition against discrimination, was ignored for case # 15-cv-00132 of the U.S. District Court of Montana, case # 15-cv-

11444 of the U.S. District Court of Northern Illinois, and case #16-c-357 of the United States Court of Federal Claims.

Also, 5 U.S. Code § 552a (g)(4) was disregarded and medical records were left public without me receiving any money. They did a partial removal of records after case # 16-c-357 of the U.S. Court of Federal Claims, but I did not get “compassion and mercy” or “justice and charity”, which is what I asked for. I had stated that a relative who was African American died even after the Notice of Genocide was dismissed but there was nothing but a cold hearted response. The fee for filing has now gone up to \$500. When it was \$350 in 2013 I paid it entirely and sought money from Bonneville County, ID because the judge in that case held me on a \$75,000 bail when no one was physically harmed and I told him that it was National Security that I be released to obtain information on Al-Queda. The accusations in that county case were lies, by the way, and I faced 20 years. According to the news, a Pocatello, ID man in late May or early June of 2016 got in a dispute with his roommate and shot him with a gun and got a bail bond set at \$7,500, ten times less than the “knife scare” that I didn’t do. In that U.S. District Court case of Idaho # 13-cv-0004, although the docket fee was paid, there was never even a requirement set for Bonneville County, ID to be served and it got judged 5 months later by the U.S. District Judge. I really had an appointment to try to get information on Al-Queda type activity. I remembered the persecution I felt daily and have knowledge too of possible illegal conspiracy circles that go as far as Iraq. I think I was asking for \$500,000 or \$750,000 in that case. Furthermore, there was a case in Alamosa County, CO # 15 C 106 that I input a motion stating that it was time sensitive. In it I explained forms of vandalism and threats. It was not ruled upon within 30 days. In it I wanted to move up to the U.S. Courts and to obtain \$38,400,000 in order to counter things that happen to me. That case closed in November 2015 without anyone that I know of taking much notice or care about what I wrote. In case # 12-cv-635 of the U.S. District Court of Idaho, there was missed response deadlines for the Habeus Corpus proceedings and the Habeus Corpus didn’t get responded to until over 120 days later. I thought Habeus Corpus was supposed to be just an 11 day response time frame. In case # 09—cv-561 of the U.S. District Court of Idaho I asked for \$30,000,000 and it was not responded to until after the response deadline. May mail in 2016 went delayed from Thursday to Sunday, still in route supposedly in the hands of a very slow mailman and when the false bomb alarm in Blackfoot, ID occurred I told the FBI guy about it.

Genocide is committed because there is knowledge of the wrongs conspired to be done, but there is complete acceptance and cooperation of it. In case #09-561 of the U.S. District of Idaho, I stated in one of the very first submissions that I had imminent danger because of lack of health care. The agenda of my enemies are to watch me suffer for as long as possible or to kill me. I am a unique individual and I am a substantial part of something. The lack of alert and the amount of neglect shows proof of the support of terrorism. Terrorism is headed by radical Islamics. I am Christian.

I am African American, Christian, was a home birth of Pennsylvania, and attended a private school elementary as the only African American in my class.

I have countless enemies that wish harm upon me and others want me jailed. I asked for an injunction to not be jailed unnecessarily, equivalent to Diplomatic Immunity.

Because there is a law 19-202A of the Idaho Code, law 19-201 of the Idaho Code, 19-202 of the Idaho Code, I, Kenneth Caldwell ask the judge in Blackfoot, ID to drop the pending charge against me and allow me to have back all of my possessions being held, even if I have to wait until July 1st, 2016.

Because there is a law 19-211 of the Idaho Code, I ask that the magistrate enter into an undertaking of at least \$4,000 to be given to me by the actions of the news companies for each time a person committed a crime. This would include a count of 2 for each crime since there had to be at least 2 people to make the operation of newspapers or television, or website stories. \$8,000 for false reports of explosive in public place a felony, \$8,000 for libel, \$8,000 for Conspiracy, and \$8,000 for Malicious Harassment directed to me, Kenneth Caldwell, to keep the peace towards the people and the informer because of the actions of Local News 8. There is also tricks used that I didn't want to mention but now will because I found out another media outlet lied without the word allegedly being used. It was also said that I had narcotics. That is a lie. I have never been to the state penitentiary. I did not have a misdemeanor warrant in Idaho. There were no narcotics and I would have been charged if there was. Those companies own eastidahonews.com and am-news.com. Eastidahonews.com and am-news.com lied. \$8,000 for Libel for the actions of EastIdahoNews.com, \$8,000 for false reports of explosive in public place a felony for the actions of EastIdahoNews.com, and \$8,000 for Libel for the actions of am-news.com. The total amount I ask for the magistrate to enter into an undertaking to be given to me is a minimum of \$56,000 regarding the actions of the news companies, under pretenses of 19-211 of the Idaho Code.

18-7802 of the Idaho Code. Racketeering Act, and 18-1906 of the Idaho Code. Corporations, might be relevant. 10 U.S. Code § 331. Federal aid for State Governments is relevant. 10 U.S. Code § 332. Use of militia and armed forces to enforce Federal Authority is relevant. 10 U.S. Code § 333. Interference with Federal and State Law, is relevant because **there is an unlawful combination, conspiracy, or insurrection that needs to be suppressed because it-** (1) so hinders the execution of the laws of that State, and of the United States within the State, that any part or class of its people is deprived of a right, privilege, immunity, or protection named in the Constitution and secured by law, and the constituted authorities of that State are unable, fail, or refuse to protect that right, privilege, or immunity, or to give that protection; or (2) **opposes or obstructs the execution of the laws of the United States** or impedes the course of justice under those laws. 42 U.S. Code § 1986. Action for neglect to prevent. This is relevant. I might be killed for mentioning 42 U.S. Code § 1986.

As a Leader in this Proclamation of Insurrection, I command a force to secure the amount of \$38,480,000.00 to be given to me from the Treasury of the United States, to seal all of my medical records, and to obtain the documents necessary for asylum or documentation for Immunity from being jailed (when no one is physically harmed).

I, Kenneth Caldwell, declare under oath that I did not intentionally lie within this documentation.
